SHERIFF'S PREFACE

The Sheriff's Mission involves a special trust given to us by the public to uphold and enforce the law while protecting and defending everyone's Constitutional rights. As public servants, we have many interactions with the public and the community we serve. Often, these contacts are during times of crisis and distress and can unfold rapidly and in unforeseen ways. This manual cannot predict every aspect of a deputy's duties, nor can it anticipate all the potential situations that Sheriff's Office employees might encounter. This manual does establish a framework of rules and expected performance for all staff in order for us to carry out our Mission: Conserving the Peace in Columbia County.

State law sets forth the duties of the Sheriff in conserving the peace. Those duties include:

- (1) Arrest and commit to prison all persons who break the peace, or attempt to break it, and all persons guilty of public offenses.
- (2) Defend the county against those who, by riot or otherwise, endanger the public peace or safety.
- (3) Execute the process and orders of the courts of justice or of judicial officers, when delivered to the sheriff for that purpose, according to law.
- (4) Execute all warrants delivered to the sheriff for that purpose by other public officers, according to law.
- (5) Attend, upon call, the Supreme Court, Court of Appeals, Oregon Tax Court, circuit court, justice court or county court held within the county, and to obey its lawful orders or directions
- (6) Oversee Search and Rescue within the county
- (7) Manage the County Jail

Each employee is equally important and plays an essential role in our efforts and in the measurement of the results of those efforts. Our mission involves a partnership with the community and with the stakeholders with whom we share vital functions. As partners with the community, all employees will work cooperatively with the community and our stakeholders to see that our mission is carried out as efficiently, effectively and restoratively as possible.

Together, we work to identify and prioritize problems and their solutions. In interacting with one another and with the public, we will be professional and consider how our conduct may impact others.

This manual supersedes all previous policy manuals issued by this office. All employees are required to familiarize themselves with the policies and directives within this manual, and, when necessary, seek guidance and clarification from a supervisor. If there is a question on the interpretation of this manual, that interpretation rests with the sheriff. I encourage all staff to look for ways to improve this manual, and to submit recommendations for constructive changes to improve efficiency and effectiveness of our service through the chain of command. This manual

CRIMINAL JUSTICE CODE OF ETHICS

As a criminal justice officer, my fundamental duty is to serve humankind; to safeguard lives and property; to protect all persons against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all people to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. Without compromise and with relentlessness, I will uphold the laws affecting the duties of my profession courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence, and never accepting gratuities.

I recognize my position as a symbol of public faith, and I accept it, as a public trust to be held so long as I am true to the ethics of The Criminal Justice System. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession.

Emergency Operations Plan

202.1 PURPOSE AND SCOPE

The County has prepared an Emergency Operations Plan Manual for use by all employees in the event of a major disaster or other emergency event. The manual provides for a strategic response by all employees and assigns specific responsibilities in the event the plan is activated (ORS 401.305). The Emergency Operations Plan Manual is available on the CCSO computer network S drive, at: S:\05 CURRENT POLICIES\Emergency Plans\COLUMBIA EOP.pdf. Sheriff's Office-related plans are specifically addressed in the Emergency Support Function (ESF) Annexes #ESF9 and #ESF13

All employees shall receive annual refresher training on the details of the Columbia Emergency Operations Plan.

202.2 ACTIVATING THE EMERGENCY PLAN

The Emergency Operations Plan can be activated in a number of ways. For this office, the Sheriff or the highest ranking official on duty may activate the Emergency Operations Plan in response to a major emergency.

202.2.1 RECALL OF PERSONNEL

In the event that the Emergency Operations Plan is activated, all employees of the Columbia County Sheriff's Office are subject to immediate recall. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Sheriff or the authorized designee.

Failure to promptly respond to an order to report for duty may result in discipline.

202.3 BUILDING EVACUATION PLAN

In the event of a disaster or emergency which requires evacuation of the sheriff's building, all employees shall follow implemented evacuation plans and posted exit routes (OAR 437-002-0041). The posted exit routes shall include any special directions for physically impaired employees.

202.4 UPDATING OF MANUALS

The Sheriff or the authorized designee should review the Emergency Operations Plan Manual at least once every two years to ensure that the manual conforms to any revisions made by the National Incident Management System (NIMS), and appropriately address any needed revisions.

Electronic Mail

203.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the office's electronic mail (email) system by employees of this office. Email is a communication tool available to office employees to enhance the efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law, such as the Oregon Public Records Law set forth in Oregon Revised Statutes 192.311 et seq. Messages transmitted over the email system must only be those that involve County business activities or contain information essential to County employees for the accomplishment of business-related tasks, and/or communication directly related to County business, administration, or practices.

203.2 EMAIL RIGHT OF PRIVACY

All email messages, including any attachments, that are transmitted over office networks are considered office records and therefore office property. The Office reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any office system. Likewise, employees are prohibited from receiving, sending or storing email messages in personal files. The Office reserves the right to access any personal folders to assure compliance with this policy.

The email system is not a confidential system and therefore is not appropriate for confidential communications. If a communication must be confidential, an alternative method to communicate the message should be used. Employees using the office email system shall have no expectation of privacy concerning communications transmitted over the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Office.

203.3 PROHIBITED USE OF EMAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing, or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire office are only to be used for official business related items that are of particular interest to all users. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password by others.

203.4 EMAIL RECORD MANAGEMENT

Email may, depending upon the individual content, be a public record under the Oregon Public Records Law and must be managed in accordance with the established records retention schedule and in compliance with state law.

Columbia County Sheriff's Office

The Custodian of Records shall ensure that email messages are retained and recoverable as outlined in the Records Maintenance and Release Policy.

Training

204.1 PURPOSE AND SCOPE

It is the policy of this office to administer a training program that will provide for the professional growth and continued development of its personnel. By doing so, the Office will ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the community.

204.2 PHILOSOPHY

The Office seeks to provide ongoing training and encourages all personnel to participate in advanced training and formal education on a continual basis. Training is provided within the confines of funding, requirements of a given assignment, staffing levels and legal mandates. Whenever possible, the Office will use courses certified by the Oregon Department of Public Safety Standards and Training (DPSST).

204.3 OBJECTIVES

The objectives of the Training Program are to:

- (a) Enhance the level of law enforcement service to the public.
- (b) Increase the technical expertise and overall effectiveness of our personnel.
- (c) Provide for continued professional development of office personnel.
- (d) Enhance the safety of deputies and the community.

204.4 TRAINING PROCEDURES

- (a) All employees assigned to attend training shall attend unless previously excused by their immediate supervisor. Excused absences from mandatory training should be limited to:
 1. Court appearances.
 2. First choice vacation.
 3. Sick leave.
 4. Physical limitations preventing the employee's participation.
 5. Emergency situations.
- (b) When an employee is unable to attend mandatory training, that employee shall:
 1. Notify his/her supervisor as soon as possible, but no later than at least one hour prior to the start of training.
 2. Document his/her absence in a memorandum to his/her supervisor.

Columbia County Sheriff's Office

Training

3. Make arrangements through his/her supervisor and the Training Coordinator to attend an alternate date.

204.5 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) are contained in a Web-accessed system that provides training on the Columbia County Sheriff's Office policy manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Shift Supervisor.

Personnel assigned to participate in DTBs shall only use login credentials assigned to them by the Shift Supervisor. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of this agency.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. Personnel may be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any internet active computer, employees shall only take DTBs as part of their on-duty assignment unless directed otherwise by a supervisor.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy and complete DTBs on an annual basis.

Administrative Communications

205.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members with the protocols and forms to be used for internal administrative communications. Administrative communications of this office are governed by the following policies.

205.2 PERSONNEL CHANGES

Personnel changes may be issued periodically by the Sheriff to announce and document all promotions, transfers, hiring of new personnel, separations, personnel and group commendations, or other changes in status.

205.3 CORRESPONDENCE

In order to ensure that the letterhead and name of the Office are not misused, all external correspondence shall be on office letterhead. All office letterhead shall bear the signature element of the Sheriff. Personnel should use office letterhead only for official business

205.4 SURVEYS

All surveys made in the name of the Office shall be authorized by the Sheriff or a Division Commander.

205.5 INFORMATIONAL MEMOS

The Sheriff may issue memoranda to office personnel from time to time for the purpose of disseminating information to the members.

Staffing Levels

206.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper staffing is available for all shifts. The Office intends to balance the employee's needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the office's need to meet operational requirements.

206.2 MINIMUM STAFFING LEVELS

Minimum staffing levels vary based on staffing availability. Scheduling should result in the deployment of at least one regular deputy on duty per scheduled shift. Lieutenants will ensure that at least one field supervisor is either deployed or is on call during each watch. Field Supervisors will be defined as any sworn Deputy of the rank of Corporal, Sergeant or higher and also includes Deputies appointed as Person in Charge (see 206.2.1 below).

206.2.1 SUPERVISION DEPLOYMENTS

In order to accommodate training and other unforeseen circumstances, a deputy may be used as a field supervisor in place of a field Corporal or sergeant.

With prior authorization from the Enforcement Division Lieutenant, a deputy may act as the Shift Supervisor for a limited period of time.

Concealed Handgun License

207.1 PURPOSE AND SCOPE

The Sheriff of a county shall issue Oregon concealed handgun licenses to qualified applicants upon receipt of the appropriate fees and after compliance with the procedures set out in ORS 166.291 through ORS 166.295. Police Offices should refer inquiries related to concealed handgun licenses to the Sheriff's Office.

207.1.1 LICENSING PROCEDURE

All concealed handgun license applicants shall be accepted and processed by the Records Unit. Upon receipt of an application:

- (a) The completed Application to Carry a Concealed Handgun will be reviewed by the Support Services Manager or his/her designee. If not complete, it should be immediately returned to the applicant for completion.
- (b) The Records Unit will process the application in a timely manner and complete all the procedures as required by law.
- (c) When the Records Unit investigation warrants a denial, the records unit shall forward the completed background review to the Sheriff for review. Any disqualifying information should be highlighted for the Sheriff's review.

207.2 QUALIFIED APPLICANTS

To qualify for an Oregon concealed handgun license, an applicant must meet the criteria set forth in ORS 166.291 et seq.

207.3 APPLICATION PROCESS

Applicants for Oregon concealed handgun licenses must complete a written application, must submit to fingerprinting and photographing by the Sheriff, and the Sheriff shall conduct any investigation necessary to ensure that applicants meet the qualifications.

Immediately upon acceptance of an application for a concealed handgun license, the Sheriff shall enter the applicant's name into the Law Enforcement Data System (ORS 166.291).

207.3.1 WRITTEN APPLICATION

The Sheriff will provide, and the applicant must complete, a uniform application for a concealed handgun license (ORS 166.291).

207.3.2 FINGERPRINTING, PHOTOGRAPHING AND INVESTIGATION

The applicant must submit to fingerprinting and photographing by the Sheriff. The Sheriff shall fingerprint and photograph the applicant and shall conduct any investigation necessary to corroborate the qualification requirements. If a nationwide criminal check is necessary, the Sheriff shall request the Department of State Police to conduct the check, including fingerprint identification, through the Federal Bureau of Investigations (ORS 166.291).

Columbia County Sheriff's Office

Concealed Handgun License

207.3.3 OUT OF COUNTY APPLICATION PROCESSING

The Sheriff's Office will accept and process Concealed Handgun License applications from individuals whose primary residence is not within Columbia County when either of the following exceptions are applicable to the individual making such an application:

- The applicant owns property or has a business license within any political subdivision of the county; or,
- The applicant lives in the State of Washington and presents evidence that travel into Oregon from Washington will include passing through Columbia County

Out-of-State applicants for any license requiring a background check will be assessed a fee for conducting the background check when all information cannot be obtained through routine, Oregon Law Enforcement Data System queries.

207.4 DENIAL OF CONCEALED HANDGUN APPLICATIONS

If the application for the concealed handgun license is denied, the Sheriff shall set forth in writing the reasons for the denial. The denial shall be sent to the applicant by certified mail, restricted delivery, within 45 days after the application was made. If no decision is issued within 45 days, the person may seek review through the procedures set out in ORS 166.293(5).

A Sheriff may deny a concealed handgun license if the Sheriff has reasonable grounds to believe that the applicant has been or is reasonably likely to be a danger to self or others, or to the community at large, as a result of the applicant's mental or psychological state, as demonstrated by past pattern of behavior or participation in incidents involving unlawful violence or threats of unlawful violence (ORS 166.293).

207.5 ISSUED CONCEALED HANDGUN LICENSES

If the application for the license is approved, the Sheriff shall issue and mail or otherwise deliver to the applicant at the address shown on the application, within 45 days of the application, a wallet sized license bearing the photograph of the licensee. The license must be signed by the licensee and carried whenever the licensee carries a concealed handgun. Failure of a person who carries a concealed handgun also to carry a concealed handgun license is prima facie evidence that the person does not have such a license (ORS 166.292).

The Sheriff shall keep a record of all the licenses that are issued or renewed.

Unless revoked, an Oregon concealed handgun license is valid for a period of four years from the date on which it is issued.

207.5.1 LICENSE RESTRICTIONS

When a Sheriff issues a concealed handgun license, the Sheriff shall provide the licensee with a list of those places where carrying concealed handguns is prohibited or restricted by state or federal law (ORS 166.292).

Columbia County Sheriff's Office

207.5.2 CHANGE OF LICENSEE'S ADDRESS

If a licensee changes residence, the licensee shall report the change of address and the Sheriff shall issue a new license as a duplicate for a change of address. The license shall expire upon the same date as would the original (ORS 166.295).

207.5.3 REVOCATION OF LICENSES

Any act or condition that would prevent the issuance of a license under ORS 166.291 as set out above, is cause for revoking a concealed handgun license.

A Sheriff may revoke a license by serving upon the licensee a notice of revocation. The notice must contain the grounds for the revocation and must be served either personally or by certified mail, restricted delivery. The notice and return of service shall be included in the file of the licensee. The revocation is effective upon the licensee's receipt of the notice.

Any peace officer or corrections officer may seize a concealed handgun license and return it to the issuing Sheriff when the license is held by a person who has been arrested or cited for a crime that can, or would otherwise disqualify the person from being issued a concealed handgun license. The seizing officer or deputy should issue a receipt to the license holder for the CHL. The issuing Sheriff shall hold the license for 30 days. If, after 30 days, the person is not charged with a crime the Sheriff shall return the license (upon request) unless it is revoked.

A person whose license is revoked may seek review by following the procedure set forth in ORS 166.293.

207.5.4 LICENSE RENEWAL

A concealed handgun license is renewable by repeating the application process, except for the requirement to submit fingerprints and provide character references. An otherwise expired concealed handgun license continues to be valid for up to 45 days after the licensee applies for renewal if: the licensee applies for renewal before the original license expires; the licensee has proof of the application for renewal; and the application for renewal has not been denied (ORS 166.295).

207.6 ANNUAL REPORT OF LICENSE REVOCATIONS

The Sheriff shall submit an annual report to the Department of State Police containing the number of concealed handgun licenses revoked during the reporting period and the reasons for the revocations (ORS 166.297).

Retiree Concealed Firearms

208.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the issuance, denial, suspension or revocation of Columbia County Sheriff's Office identification cards under the Law Enforcement Officers' Safety Act (LEOSA) (18 USC § 926C).

This policy outlines the process and conditions associated with the issuance, revocation, and denial of a concealed weapon (CCW) endorsement for retired deputies of this department who live within the State of Oregon. Retirees living outside of Oregon must comply with procedures in their state of residence to maintain a concealed weapon endorsement with their retiree identification.

Oregon law authorizes honorably retired peace officers from Oregon or other states to carry a concealed weapon in Oregon. This provision does not authorize Oregon retired peace officers to carry concealed weapons in other states (ORS 166.260).

A "CCW Approved" endorsement is not required for an honorably retired deputy to carry a concealed weapon in Oregon. The endorsement is, however, required for retired deputies who wish to carry concealed weapons in other states in accordance with the provisions of 18 USC § 926C and the Firearms and Qualification Policy.

208.2 QUALIFIED RETIREES

It is the policy of the Columbia County Sheriff's Office to provide identification cards to qualified former or retired deputies as provided in this policy.

Any full time sworn deputy of this department who was authorized to, and did, carry a firearm during the course and scope of their employment and has retired honorably from this department shall be issued an identification card. However, in order to be authorized to carry a concealed firearm outside of Oregon, Oregon residents who are retirees of this Department must also carry an Oregon firearms qualification card, which has been standardized through the Oregon Department of Public Safety Standards and Training (DPSST).

- (a) For the purpose of this policy, "Honorably retired" includes all peace officers who have qualified for, and accepted, a service or disability retirement; however, shall not include any deputy who retires in lieu of termination.
- (b) The Sheriff shall grant retiree identification cards to those deputies who retire honorably during the current sheriff's term of office. Employees who retired under a previous sheriff but did not receive a retiree identification card from the sheriff at the time of their retirement cannot expect the current sheriff to provide a retiree identification card.
- (c) Retired law enforcement deputies from this Department who reside in Oregon and wish to carry concealed firearms outside of Oregon must also pass annually the DPSST authorized Basic Police Qualifications Course (PQC) to be issued the Oregon firearms qualification card. The Sheriff will issue the Oregon firearms qualification card

to any honorably retired member of this department who presents proof of qualification under this policy.

- (d) Retired law enforcement deputies from this Department who reside outside of the state of Oregon must qualify under the laws and rules of the state in which they reside to carry a concealed firearm in other states.

208.3 LEOSA

The Sheriff may issue an identification card for LEOSA purposes to any qualified former deputy of this office who (18 USC § 926C(c)):

- (a) Separated from service in good standing from this office as a deputy.
- (b) Before such separation, had regular employment as a law enforcement officer for an aggregate of 10 years or more or, if employed as a law enforcement officer for less than 10 years, separated from service after completing any applicable probationary period due to a service-connected disability as determined by this office.
- (c) Has not been disqualified for reasons related to mental health.
- (d) Has not entered into an agreement with this office where the deputy acknowledges that he/she is not qualified to receive a firearm qualification certificate for reasons related to mental health.
- (e) Is not prohibited by federal law from receiving or possessing a firearm.

208.3.1 AUTHORIZATION

Any qualified former law enforcement officer, including a former deputy of this office, may carry a concealed firearm under 18 USC § 926C when:

- (a) In possession of photographic identification that identifies him/her as having been employed as a law enforcement officer, and one of the following:
 1. An indication from the person's former law enforcement agency that he/she has, within the past year, been tested or otherwise found by the law enforcement agency to meet agency-established active duty standards for qualification in firearms training to carry a firearm of the same type as the concealed firearm.
 2. A certification, issued by either the state in which the person resides or by a certified firearms instructor who is qualified to conduct a firearms qualification test for active duty law enforcement officers within that state, indicating that the person has, within the past year, been tested or otherwise found to meet the standards established by the state or, if not applicable, the standards of any agency in that state.
- (b) Not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.
- (c) Not prohibited by federal law from receiving a firearm.
- (d) Not in a location prohibited by Oregon law or by a private person or entity on his/her property if such prohibition is permitted by Oregon law.

208.4 FORMER DEPUTY RESPONSIBILITIES

A former deputy with a card issued under this policy shall immediately notify the Shift Supervisor of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Employee Convictions Policy.

208.4.1 RESPONSIBILITIES UNDER LEOSA

In order to obtain or retain a LEOSA identification card, the former deputy shall:

- (a) Sign a waiver of liability of the Office for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of the Office.
- (b) Remain subject to all applicable office policies and federal, state and local laws.
- (c) Demonstrate good judgment and character commensurate with carrying a loaded and concealed firearm.
- (d) Successfully pass an annual criminal history background check indicating that he/she is not prohibited by law from receiving or possessing a firearm.

208.5 DENIAL, SUSPENSION OR REVOCATION

A LEOSA identification card may be denied or revoked upon a showing of good cause as determined by the Office. In the event that an identification card is denied, suspended or revoked, the former deputy may request a review by the Sheriff. The decision of the Sheriff is final.

208.6 MAINTAINING A FIREARMS QUALIFICATION CARD

In order to maintain a firearms qualification, the retired officer shall:

- (a) Qualify annually with the authorized firearm at any course authorized under state law to provide firearms qualifications to Oregon retirees for firearms qualification card purposes -- at the retired deputy's expense
- (b) Remain subject to all rules and policies of the state, as well as all federal laws.
- (c) Only be authorized to carry a concealed firearm with which the retired member has qualified within the past year.
- (d) A qualified retired law enforcement officer must carry a photo id issued by the agency from which the officer retired from service as a law enforcement officer AND a certification issued by the State in which the retired member currently resides that indicates that said member has been tested or otherwise found by the State to meet the standards established by the State for training and qualification for active law enforcement officers to carry a firearm of the same type as the concealed firearm within the past 12 months

- (b) Retiree's rank at time of retirement
- (c) Date of retirement
- (d) The Department name

2. The Firearms Qualification Card shall comply with the standardized format developed through Oregon DPSST

208.8 REQUIREMENT FOR ANNUAL CERTIFICATION

Any retired law enforcement member from this department must renew his/her qualification to carry a concealed firearm annually in order to be qualified to carry a concealed firearm outside of Oregon. All retirees must conform with the rules, laws and regulations of the state wherein he/she resides.

208.9 FIREARM QUALIFICATIONS

The Rangemaster may provide former deputies from this office an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this office is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the deputy or another person.

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Imminent - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

Totality of the circumstances - All facts and circumstances known to the deputy at the time, taken as a whole, including the conduct of the deputy and the subject leading up to the use of force.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Deputies are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Deputies must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting deputies with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Use of Force

It is the policy of this agency that all use of force policies as described herein and elsewhere in this manual shall fully comply with all applicable federal, state and local laws. Any member of this agency that becomes aware of a conflict or a potential conflict between our use of force policies and any federal, state or local law shall notify a supervisor as soon as is practicable.

300.2.1 DUTY TO INTERCEDE AND REPORT

Any deputy present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force (2020 Oregon Laws, c.5, § 2).

Any deputy who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances shall report these observations to a supervisor as soon as feasible (2020 Oregon Laws, c.5, § 2).

300.2.2 STATE REPORTING REQUIREMENTS

A report of another member using excessive force must be made to a supervisor no later than 72 hours after the misconduct was witnessed (2020 Oregon Laws, c.5, § 2).

300.2.3 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each deputy should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.3 USE OF FORCE

Deputies shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the deputy at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation a deputy might encounter, deputies are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which deputies reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by this office. Deputies may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Use of Force

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires a deputy to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE - JUSTIFICATION

A deputy is justified in using force upon another person only when and to the extent that the deputy reasonably believes it necessary (2020 Oregon Laws c. 3, § 7):

- (a) To make an arrest or to prevent the escape from custody of an arrested person unless the deputy knows that the arrest is unlawful; or
- (b) For self-defense or to defend a third person from what the deputy reasonably believes to be the use or imminent use of force while making or attempting to make an arrest or while preventing or attempting to prevent an escape.

300.3.2 TERMINATION OF USE OF FORCE

The use of force against individuals who fail to comply with lawful commands shall terminate when it is objectively reasonable to believe that the individual against whom the force is being used is fully under the control of the Deputies who are applying force.

300.3.3 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether a deputy has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to deputies or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the deputy at the time.
- (c) Deputy/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of deputies available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with deputy commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the deputy.
- (l) Potential for injury to deputies, suspects, and others.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Use of Force

- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the deputy.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the deputy or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) Any other exigent circumstances.

300.3.4 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Deputies may only apply those pain compliance techniques for which they have successfully completed office-approved training. Deputies utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the deputy.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the deputy determines that compliance has been achieved.

300.3.5 CAROTID CONTROL HOLD

A carotid control hold is a technique designed to control an individual by temporarily restricting blood flow through the application of pressure to the side of the neck and, unlike a chokehold, does not restrict the airway. The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is limited to those circumstances where deadly force is authorized and is subject to the following:

- (a) At all times during the application of the carotid control hold, the response of the individual should be monitored. The carotid control hold should be discontinued when circumstances indicate that the application no longer reasonably appears necessary.
- (b) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until such examination occurs.
- (c) The deputy shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the individual lost consciousness as a result.
- (d) Any deputy attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Use of Force

- (e) The use or attempted use of the carotid control hold shall be thoroughly documented by the deputy in any related reports

300.3.6 "CHOKE HOLD"

A "Choke Hold" differs from the Carotid Control Hold defined above. The Carotid Control Hold incapacitates a person by restricting blood flow by applying pressure to the side of the neck. The "Choke Hold" is a physical maneuver or technique that restricts an individual's ability to breathe for the purpose of incapacitation. The use of a "Choke Hold" is prohibited by this agency, except in situations where the use of deadly force is allowed by law and by policies contained herein and elsewhere in this manual.

300.3.7 THREATS

A deputy will not threaten to use force that is not justified.

300.3.8 VERBAL WARNINGS

Whenever feasible, Deputies will issue verbal warnings or commands both prior to and during the application of force, physical force or deadly physical force.

300.3.9 USE OF FORCE TO SEIZE EVIDENCE

In general, deputies may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, deputies are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, deputies should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Deputies are encouraged to use techniques and methods taught by the Columbia County Sheriff's Office for this specific purpose.

300.3.10 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, deputies shall use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion) (2020 Oregon Laws c. 3, § 7; 2020 Oregon Laws c. 3, § 8).

300.3.11 VERBAL WARNING PRIOR TO USE OF FORCE

Prior to using physical force, if reasonable to do so, deputies shall give a verbal warning that physical force may be used and provide a reasonable opportunity to comply (2020 Oregon Laws c. 3, § 7; 2020 Oregon Laws c. 3, § 8).

300.3.12 RESPIRATORY RESTRAINTS

The use of a respiratory restraint, also known as a chokehold, is limited to circumstances where deadly force is authorized and if applied, is subject to the same guidelines and requirements as a carotid control hold.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Use of Force

300.4 DEADLY FORCE APPLICATIONS

When reasonable, the deputy shall, prior to the use of deadly force, make efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the deputy has objectively reasonable grounds to believe the person is aware of those facts.

Use of deadly force is justified in the following circumstances involving imminent threat or imminent risk (2020 Oregon Laws c. 3, § 8):

- (a) A deputy may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.
- (b) A deputy may use deadly force to stop a fleeing subject when the deputy has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the deputy reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.
- (c) A deputy may use deadly force to make a lawful arrest when the deputy has probable cause to believe that the person has committed a violent felony as defined in ORS 419A.004.
- (d) A deputy may use deadly force to prevent a person from escaping custody when the deputy has probable cause to believe that the person has committed a violent felony as defined in ORS 419A.004.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if a deputy reasonably believes that the individual has a weapon or is attempting to access one and intends to use it against the deputy or another person. An imminent danger may also exist if the individual is capable of causing serious bodily injury or death without a weapon, and the deputy believes the individual intends to do so.

300.4.1 MOVING VEHICLES

Shots fired at or from a moving vehicle involve additional considerations and risks, and are rarely effective.

When feasible, deputies should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.

A deputy should only discharge a firearm at a moving vehicle or its occupants when the deputy reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the deputy or others.

Deputies should not shoot at any part of a vehicle in an attempt to disable the vehicle.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Use of Force

300.4.2 WARNING SHOT

A warning shot is the firing of an intentionally harmless gunshot for the purpose of compelling compliance from an individual. The firing of a warning shot is not authorized by this agency.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this office shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The deputy should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

To collect data for purposes of training, resource allocation, analysis and related purposes, the Office also requires the completion of additional report forms, as specified in office policy, procedure or law.

Any use of force report completed will be routed to the appropriate skills instructor(s) for review. This review could include the Defensive Tactics Instructor(s), CEW instructor(s), firearms instructors or other skills instructors, depending on the force used by the deputy. The instructors charged with reviewing the use of force will assess if the use of force was in compliance with the training provided by that instructor. The reviewing instructor(s) will report in memo form to the appropriate Division Lieutenant of their findings and will include any recommendations for training modifications or needs.

For purposes of reporting the use of force, the pointing of a firearm or the pointing of, or activation of the laser device on, a CEW are considered to be a use of force.

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable deputy to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the CED or control device.
- (f) Any application of a restraint device other than handcuffs, shackles or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

Use of Force

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the deputy's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another deputy and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling deputy shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the deputy reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple deputies to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Deputies who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved deputies. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her *Miranda* rights, the following shall apply:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Use of Force

1. The content of the interview should not be summarized or included in any related criminal charges.
 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the individual may pursue civil litigation.
1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 DIVISION COMMANDER RESPONSIBILITY

The Division Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues. The Division Commander will review the evaluations of each use of force provided by the appropriate skills instructor(s) and the involved supervisor(s) and make a determination whether or not the use of force was in compliance with training standards and office policy. If the Division Commander determines the use of force was in contradiction to training standards, the Division Commander will direct appropriate training updates. If the Division Commander determines the use of force was not in compliance with policy, the Commander will direct the further action as appropriate.

During the first calendar quarter of each year, the commanders of the Enforcement and Corrections Divisions will ensure that an annual review of all use of force incidents for the previous calendar year is conducted. The analysis will focus on the effectiveness of methodologies used and any trends in methods or technologies. The review should include comparative data relating to frequency of use of force, the compliance with training and policy and other pertinent factors identified by the Division Commanders.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Use of Force

The Division Commanders will report in a single memo form to the Sheriff on the findings of the annual evaluation.

300.7.2 CHIEF DEPUTY RESPONSIBILITY

Within five days of receiving a use of force report, the Chief Deputy shall submit a report to the FBI Use#of#Force Data Collection database if the use of force involved or resulted in

- The death of person due to an officer's use of force;
- The serious bodily injury of person due to an officer's use of force; or
- The discharge of a firearm by an officer at or in the direction of a person that did not otherwise result in death or serious bodily injury.

The Chief Deputy shall submit a zero report to the FBI database monthly if there were no uses of force as described above.

300.8 TRAINING

Deputies will receive periodic and substantive training on this policy, including use of force policies and procedures, de-escalation techniques and related legal updates. Deputies will be expected to demonstrate their knowledge and understanding.

No training on the Carotid Control Hold or any other "choke hold" is authorized except for the limited purpose of instructing deputies to free themselves from the hold should they be put in one.

Subject to available resources, deputies should receive periodic training on:

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.
- (b) De-escalation tactics, including alternatives to force.
- (c) State laws and Oregon Administrative Rules pertaining to certification standards for Oregon Police and Corrections Officers, including the possibilities of decertification.
- (d) Related legal updates

Use of Force Review Boards

301.1 PURPOSE AND SCOPE

This policy establishes a process for the Columbia County Sheriff's Office to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

301.2 POLICY

The Columbia County Sheriff's Office will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

301.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using office equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Sheriff may exercise discretion and choose not to place an employee in an administrative assignment in any case.

301.4 REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training, recreational use or the authorized dispatch of an animal.

The Sheriff may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Enforcement Commander will convene the Use of Force Review Board as necessary. It will be the responsibility of the Division Commander or supervisor of the involved employee to notify the Enforcement Commander of any incidents requiring board review. The involved employee's Division Commander or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

301.4.1 COMPOSITION OF THE BOARD

The Enforcement Commander should select five Use of Force Review Board members from the following, as appropriate:

- Representatives of the Corrections and Enforcement Divisions
- Commanding officer in the involved member's chain of command

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Use of Force Review Boards

- Training Coordinator
- Non-administrative supervisor
- A peer deputy
- A sworn peace officer from an outside law enforcement agency
- Department instructor for the type of weapon, device or technique used

The senior ranking command representative who is not in the same division as the involved employee will serve as chairperson.

301.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Sheriff will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the deputy at the time of the incident, applying any legal requirements, office policies, procedures and approved training to those facts. Facts later discovered but unknown to the deputy at the time shall neither justify nor call into question a deputy's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the office's disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The employee's actions were within office policy and procedure.
- (b) The employee's actions were in violation of office policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Sheriff.

The Sheriff shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional

actions, investigations or reviews are appropriate. The Sheriff's final findings will be forwarded to the involved employee's Division Commander for review and appropriate action. If the Sheriff concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Sheriff.

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY

The Columbia County Sheriff's Office authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and office training. Restraint devices shall not be used to punish, to display authority or as a show of force.

302.3 USE OF RESTRAINTS

Only members who have successfully completed Columbia County Sheriff's Office-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, deputies should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of deputies and others. When deciding whether to remove restraints from a detainee, deputies should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the deputy has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, deputies, or others.

302.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the deputy has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the deputy or damage property.

302.3.4 NOTIFICATIONS

Whenever a deputy transports a person with the use of restraints other than handcuffs, the deputy shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the deputy reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Office. Deputies should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, deputies should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, deputies should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the deputy reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Deputies utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Handcuffing and Restraints

Deputies should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Deputies should avoid commingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only office-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Office shall be used.

In determining whether to use the leg restraint, deputies should consider:

- (a) Whether the deputy or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting deputy while handcuffed, kicking at objects or deputies).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, deputies should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Handcuffing and Restraints

- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the deputy arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by a deputy while in the leg restraint. The deputy should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The deputy should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by emergency medical services, the restrained person should be accompanied by a deputy when requested by medical personnel. The transporting deputy should describe to medical personnel any unusual behaviors or other circumstances the deputy reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

302.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the deputy shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Deputies should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

302.9 TRAINING

Subject to available resources, the Training Coordinator should ensure that deputies receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Office.
- (b) Response to complaints of pain by restrained persons.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Handcuffing and Restraints

- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Control Devices and Techniques

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Columbia County Sheriff's Office authorizes deputies to use control devices in accordance with the guidelines in this policy and the Use of Force Policy. The Sheriff may also authorize other positions or individual Office members to use specific control devices.

303.3 ISSUING, CARRYING, AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this office only if the device has been issued by the Office or approved by the Sheriff or the authorized designee.

Only deputies who have successfully completed office-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain, or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

303.4 RESPONSIBILITIES

303.4.1 SHIFT SUPERVISOR RESPONSIBILITIES

The Shift Supervisor may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

303.4.2 ENFORCEMENT LIEUTENANT RESPONSIBILITIES

The Enforcement Lieutenant shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Enforcement Lieutenant or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Enforcement

Control Devices and Techniques

Lieutenant for disposition. Damage to County property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

303.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

303.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal, or against barricaded suspects based on the circumstances.

Only the Sheriff, Incident Commander, or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

303.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

303.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

303.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine, or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

Control Devices and Techniques

Deputies encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

303.7.3 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

303.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, deputies should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

303.9 KINETIC ENERGY PROJECTILE GUIDELINES

This office is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

303.9.1 DEPLOYMENT AND USE

Only office-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Deputies are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved deputy determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and deputies takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.

Control Devices and Techniques

- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or deputies.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the deputy should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other deputies and individuals that the device is being deployed.

Deputies should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, deputies are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

303.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Deputies will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not in use, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the deputy shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Control Devices and Techniques

Absent compelling circumstances, deputies who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second deputy watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

303.10 TRAINING FOR CONTROL DEVICES

The Training Coordinator shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the deputy's training file.
- (c) Deputies who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If a deputy cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the deputy will be restricted from carrying the control device and may be subject to discipline.

303.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

303.12 CROWD CONTROL GUIDELINES

Tear gas (e.g., OC, CS, similar chemicals that accomplish the same effect) administered by shell, cartridge, or explosive device shall not be used for crowd control except in circumstances that constitute a riot. A riot is when a person commits the crime of riot if while participating with five or more other persons, the person engages in tumultuous and violent conduct and thereby intentionally or recklessly creates a grave risk of causing public alarm (ORS 166.015; 2020 Oregon Laws, c.8, § 1).

Prior to the deployment of tear gas under these circumstances, Deputies shall, in the following order (2020 Oregon Laws, c.8, § 1):

- (a) Announce the intent to use tear gas,
- (b) Allow sufficient time for individuals to evacuate the area, and
- (c) Announce for a second time, immediately before usage, the intent to use tear gas.

Conducted Energy Device

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of Conducted Energy Device (CED)s.

304.2 POLICY

The CEW is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to deputies and suspects.

304.3 ISSUANCE AND CARRYING CEDS

Only members who have successfully completed office-approved training may be issued and carry the CED.

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the office's inventory.

Deputies shall only use the CED and cartridges that have been issued by the Office. Uniformed deputies who have been issued the CED shall wear the device in an approved holster on their person. Non-uniformed deputies may secure the CED in the driver's compartment of their vehicle.

Members carrying the CED should perform a spark test on the unit prior to every shift.

When carried while in uniform, deputies shall carry the CED in a weak-side holster on the side opposite the duty weapon.

- (a) All CEDs shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, deputies should carry two or more cartridges on their person when carrying the CED.
- (c) Deputies shall be responsible for ensuring that their issued CED is properly maintained and in good working order.
- (d) Deputies should not hold both a firearm and the CED at the same time.

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other deputies and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with a deputy's lawful orders and it appears both reasonable and feasible under the circumstances, the deputy may,

Conducted Energy Device

but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the CED. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the deputy deploying the CED in the related report.

304.5 USE OF THE CED

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely approach the subject within the operational range of the device. Although the CED is generally effective in controlling most individuals, deputies should be aware that the device may not achieve the intended results and be prepared with other options.

304.5.1 APPLICATION OF THE CED

The CED may be used in any of the following circumstances, when the circumstances perceived by the deputy at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm deputies, him/herself or others.

Mere flight from a pursuing deputy, without other known circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the deputy, the subject or others, and the deputy reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Conducted Energy Device

Because the application of the CED in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between deputies and the subject, thereby giving deputies time and distance to consider other force options or actions.

The CED shall not be used to psychologically torment, elicit statements or to punish any individual.

304.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the deputy to limit the application of the CEW probes to a precise target area, deputies should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE CED

Deputies should apply the CED for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the CED against a single individual are generally not recommended and should be avoided unless the deputy reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the CED appears to be ineffective in gaining control of an individual, the deputy should consider certain factors before additional applications of the CED, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Deputies should generally not intentionally apply more than one CED at a time against a single subject.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Deputies shall notify a supervisor of all Conducted Electrical Weapon discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

304.5.6 DANGEROUS ANIMALS

The CED may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Conducted Energy Device

304.5.7 OFF-DUTY CONSIDERATIONS

Deputies are not authorized to carry office CEDs while off-duty.

Deputies shall ensure that CEDs are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION

Deputies shall document all Conducted Electrical Weapon (CEW) discharges in the related arrest/ crime report, and a Use of Force report. . Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the Use of Force report and on the EMDT device report form.

304.6.1 REPORTS

The deputy should include the following in the arrest/crime report:

- (a) Identification of all personnel firing Conducted Electrical Weapons
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems

304.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove Conducted Energy Device (CED) probes from the sensitive areas of a person's body. Sensitive areas include head, face, neck, female breasts, groin. CED probes that are not in the described sensitive areas may be removed by trained personnel. Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes, or who have been subjected to the electrical discharge of the device shall be medically assessed prior to booking. Medical evaluation should be completed at the jail. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/ or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The CEW probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Conducted Energy Device

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another deputy and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting deputy shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CEW.

304.8 SUPERVISOR RESPONSIBILITIES

A supervisor shall review each incident where a person has been exposed to an activation of the CED. The device's onboard memory should be downloaded through the data port by a supervisor or Rangemaster and saved with the related arrest/crime report. Photographs of probe sites shall be taken and witnesses interviewed.

304.9 TRAINING

Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial office-approved training. Any personnel who have not carried the CED as a part of their assignment for a period of six months or more shall be recertified by the office-approved CED instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued CEDs should occur every year. A reassessment of a deputy's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Coordinator. All training and proficiency for CEDs will be documented in the deputy's training file.

Command staff, supervisors and investigators should receive CED training as appropriate for the investigations they conduct and review.

Deputies who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with deputies who use the device.

The Training Coordinator is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of CEDs during training could result in injury to personnel and should not be mandatory for certification.

The Training Coordinator should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Conducted Energy Device

- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the CED and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the CED.

Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of another action of a deputy.

In other incidents not covered by this policy, the Sheriff may decide that the investigation will follow the process provided in this policy.

305.2 POLICY

The policy of the Columbia County Sheriff's Office is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

305.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- (a) A criminal investigation of the suspect's actions.
- (b) A criminal investigation of the involved officer's actions.
- (c) An administrative investigation as to policy compliance by involved deputies.
- (d) A civil investigation to determine potential liability.

305.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

305.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The Columbia County Sheriff's Office is responsible for the criminal investigation of the suspect's actions, the civil investigation and the administrative investigation. The criminal investigation of the deputy-involved shooting will be conducted by this agency or an inter-agency team as designated in the Deadly Physical Force Plan and the Major Crimes Team agreement, in conjunction with the District Attorney's Office. The investigation team shall include at least one police officer from an outside law enforcement agency (ORS 181.789).

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Officer-Involved Shootings and Deaths

investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Sheriff and with concurrence from the other agency.

305.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved deputy's conduct during the incident will be determined by the employing agency's protocol. When a deputy from this office is involved, the criminal investigation will include at least one investigator from another law enforcement agency (ORS 181A.790).

Requests made of this office to investigate a shooting or death involving an outside agency's officer shall be referred to the Sheriff or the authorized designee for approval.

305.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency. The agency where the incident occurred has criminal jurisdiction and is responsible for the criminal investigation of the incident. That agency may relinquish its criminal investigation of the suspect(s) to another agency. The Columbia County Sheriff's Office will conduct timely civil and/or administrative investigations.

305.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

305.5.1 UNINVOLVED DEPUTY RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved CCSO deputy will be the deputy-in-charge and will assume the responsibilities of a supervisor until properly relieved. This deputy should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Office or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

305.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved CCSO supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Officer-Involved Shootings and Deaths

- (b) If necessary, the supervisor may administratively order any CCSO deputy to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
 2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Shift Supervisor and Dispatch. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional CCSO members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 1. Each involved CCSO deputy should be given an administrative order not to discuss the incident with other involved officers or CCSO members pending further direction from a supervisor.
 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other deputies.

305.5.3 ENFORCEMENT DIVISION COMMANDER RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Enforcement Division Commander shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Sheriff or the Chief Deputy.

All outside inquiries about the incident shall be directed to the Enforcement Division Commander.

305.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Sheriff
- Chief Deputy
- Columbia County Deadly Physical Force Plan rollout team
- Outside agency investigators (if appropriate)
- Supervisor
- Risk Management Resources
- Psychological/peer support personnel
- Chaplain

Columbia County Sheriff's Office

Officer-Involved Shootings and Deaths

- Medical Examiner (if necessary)
- Involved officer's agency representative (if requested)
- Public Information Officer

305.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal representation will be accommodated.
 1. Involved CCSO deputies shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 2. Requests from involved non-CCSO officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be confidential only as to the discussion of non-criminal information.
- (d) A mental health professional shall be provided by the Office. The Office shall pay for at least two sessions with a mental health professional for each involved CCSO deputy. The sessions shall take place within six months of the incident, and an involved deputy shall attend at least one session. As it relates to this mandatory session, "involved deputy" means (ORS 181A.790):
 1. A deputy whose official conduct, or official order to use deadly physical force, was a cause in fact of the death of a person.
 2. A deputy whose official conduct was not a cause in fact of the death of a person, but who was present before or during the deadly use of force and was reasonably likely exposed to more than a minor degree of stress or trauma.
- (e) A mental health professional may also be provided to any other affected CCSO members, upon request.
 1. Interviews with a mental health professional will be considered privileged.
 2. An interview or session with a mental health professional may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a mental health professional prior to providing a formal interview or report.
 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (f) Communications with peer counselors are confidential (except threats of suicide or admissions of criminal conduct) and may not be disclosed by any person participating in the peer support counseling session (ORS 181A.835). To be considered confidential communications under the statute, the peer counselor must:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Officer-Involved Shootings and Deaths

1. Have been designated by CCSO or employee assistance program to act as a peer counselor, and;
2. Have received training in counseling and in providing emotional and moral support to public safety personnel or emergency services personnel who have been involved in emotionally traumatic incidents by reason of their employment.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved deputy shall be given reasonable paid administrative leave following an officer-involved shooting. It shall be the responsibility of the Shift Supervisor to make schedule adjustments to accommodate such leave.

305.5.6 DUTY ASSIGNMENT RESTRICTIONS

The Office should not return an involved deputy to a duty assignment in which the deputy may have to use deadly force for at least 72 hours after an incident where the application of deadly force resulted in the death of a person. The Office shall maintain the regular pay and benefits for any involved deputy whose assignment is adjusted pursuant to this section (ORS 181A.790). As it relates to this duty assignment restriction, "involved deputy" means (ORS 181A.790):

- (a) A deputy whose official conduct, or official order to use deadly physical force, was a cause in fact of the death of a person.
- (b) A deputy whose official conduct was not a cause in fact of the death of a person, but who was present before or during the deadly use of force and was reasonably likely exposed to more than a minor degree of stress or trauma.

305.6 CRIMINAL INVESTIGATION

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this office may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

- (a) CCSO supervisors and Supervisor personnel should not participate directly in any voluntary interview of CCSO deputies. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Officer-Involved Shootings and Deaths

statement, involved deputies shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.

- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

305.6.1 REPORTS BY INVOLVED CCSO DEPUTIES

In the event that suspects remain outstanding or subject to prosecution for related offenses, this office shall retain the authority to require involved CCSO deputies to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved CCSO deputy may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved CCSO deputy of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Officer-Involved Shootings and Deaths

of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.

- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Office.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

305.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Detective Unit supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Office investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related office reports, except administrative and/or privileged reports, will be forwarded to the designated Detective Unit supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

305.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this office will conduct an internal administrative investigation of involved CCSO deputies to determine conformance with office policy. This investigation will be conducted under the supervision of the Supervisor and will be considered a confidential deputy personnel file.

Interviews of members shall be subject to office policies and applicable laws.

- (a) Any deputy involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the deputy, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any deputy has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved deputy.
 - 1. If a further interview of the deputy is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved deputy shall be provided with a copy of his/ her prior statement before proceeding with any subsequent interviews.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Officer-Involved Shootings and Deaths

- (c) In the event that an involved deputy has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the deputy's physical and psychological needs have been addressed before commencing the interview.

Factors that should be considered, both individually and collectively, when deciding to initiate or continue a pursuit include, but are not limited to:

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to deputies, innocent motorists and others.
- (c) Apparent nature of the fleeing suspects (e.g., whether the suspects represent a serious threat to public safety).
- (d) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Vehicle Pursuits

- (e) The pursuing deputies' familiarity with the area of the pursuit, the quality of radio communications between the pursuing vehicles and the /supervisor and the driving capabilities of the pursuing deputies under the conditions of the pursuit.
- (f) Whether weather, traffic and road conditions unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (g) the performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- (h) Emergency lighting and siren limitations on unmarked sheriff's office vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment and concealed or obstructed siren positioning.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) The availability of other resources such as helicopter assistance.
- (l) Whether the pursuing vehicle is carrying passengers other than on-duty sheriff's deputies. Pursuits should not be undertaken with an arrestee in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the arrestee in transport. A vehicle containing more than a single arrestee should not be involved in a pursuit.

307.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the deputy or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspects' escape.

When a supervisor directs the pursuit to be terminated, deputies will immediately terminate the pursuit.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Deputies and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should also be considered in deciding whether to terminate a pursuit, including:

- (a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Vehicle Pursuits

- (b) Pursued vehicle's location is no longer definitely known.
- (c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) The danger that the continued pursuit poses to the public, the deputies or the suspect, balanced against the risk of allowing the suspect to remain at large.
- (g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.

Extended pursuits of violators for misdemeanors not involving violence or weapons (independent of the pursuit) are generally discouraged.

307.4 PURSUIT VEHICLES

When involved in a pursuit, unmarked sheriff's office emergency vehicles should be replaced by marked emergency vehicles whenever practicable.

Vehicle pursuits should be limited to three sheriff's office emergency vehicles (two pursuit vehicles and the supervisor vehicle). However, the number of vehicles involved will vary with the circumstances.

A deputy or supervisor may request additional vehicles to join a pursuit if, after assessing the factors outlined above, it appears that the number of deputies involved would be insufficient to safely arrest the number of suspects. All other deputies shall stay out of the pursuit but should remain alert to its progress and location. Any deputy who drops out of a pursuit may then, if necessary, proceed to the pursuit termination point at legal speeds, following the appropriate rules of the road.

307.4.1 MOTORCYCLES

When involved in a pursuit, sheriff's motorcycles should be replaced by marked emergency vehicles as soon as practicable.

307.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Deputies operating vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit. Deputies in such vehicles may provide support to pursuing vehicles as long as the vehicle is operated in compliance with all traffic laws. Those deputies should discontinue such support immediately upon arrival of a sufficient number of authorized emergency sheriff's office vehicles or any air support.

307.4.3 PRIMARY PURSUIT VEHICLE RESPONSIBILITIES

The initial pursuing deputy will be designated as the primary pursuit vehicle and will be responsible for the conduct of the pursuit unless he/she is unable to remain reasonably close to the suspect's

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Vehicle Pursuits

vehicle. The primary responsibility of the deputy initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or others.

The primary pursuing deputy notify the dispatcher, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including, but not limited to:

- (a) The location, direction of travel and estimated speed of the suspect's vehicle.
- (b) The description of the suspect's vehicle including the license plate number, if known.
- (c) The reason for the pursuit.
- (d) The use of firearms, threat of force, violence, injuries, hostages or other unusual hazards.
- (e) The number of occupants and identity or description.
- (f) The weather, road and traffic conditions.
- (g) The need for any additional resources or equipment.
- (h) The identity of other law enforcement agencies involved in the pursuit.

Until relieved by a supervisor or a secondary pursuing deputy, the deputy in the primary pursuit vehicle shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing deputy should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to a deputy in a secondary pursuit vehicle or to air support joining the pursuit to minimize distractions and allow the primary pursuing deputy to concentrate foremost on safe pursuit tactics.

307.4.4 SECONDARY PURSUIT VEHICLE RESPONSIBILITIES

The second deputy in the pursuit will be designated as the secondary pursuit vehicle and is responsible for:

- (a) Immediately notifying the dispatcher of his/her entry into the pursuit.
- (b) Remaining a safe distance behind the primary pursuit vehicle unless directed to assume the role of primary pursuit vehicle, or if the primary pursuit vehicle is unable to continue the pursuit.
- (c) Broadcasting information that the primary pursuing deputy is unable to provide.
- (d) Broadcasting the progress of the pursuit, updating known or critical information and providing changes in the pursuit, unless the situation indicates otherwise.
- (e) Identifying the need for additional resources or equipment as appropriate.
- (f) Serving as backup to the primary pursuing deputy once the suspect has been stopped.

307.5 SUPERVISORY CONTROL AND RESPONSIBILITY

It is the policy of this office that available supervisory and management control will be exercised over all vehicle pursuits involving deputies from this office.

The field supervisor of the deputy initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit. This is in order to ensure that the pursuit is conducted within established office guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the required law enforcement vehicles are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that assistance from air support, canines or additional resources is requested, if available and appropriate.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring that the Shift Supervisor is notified of the pursuit, as soon as practicable.
- (i) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this office.
- (j) Controlling and managing Columbia County Sheriff's Office deputies when a pursuit enters another jurisdiction.
- (k) Preparing a post-pursuit review and documentation of the pursuit as required.

307.5.1 ENFORCEMENT DIVISION COMMANDER (LIEUTENANT) RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Enforcement Division Commander (Lieutenant) should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Enforcement Division Commander (Lieutenant) has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Enforcement Division Commander (Lieutenant) shall review all pertinent reports for content and forward to the Chief Deputy.

307.6 DISPATCH

If the pursuit is confined within the County limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Vehicle Pursuits

the jurisdiction of this office or such is imminent, involved deputies should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies.

307.6.1 COMMUNICATION CENTER RESPONSIBILITIES

Upon notification or becoming aware that a pursuit has been initiated, dispatcher is responsible for:

- (a) Clearing the radio channel of nonemergency traffic.
- (b) Coordinating pursuit communications of the involved deputies.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notify the Shift Supervisor as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

307.7 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary pursuing deputy or supervisor, taking into consideration distance traveled, unfamiliarity with the area, and other pertinent facts, should determine whether or not to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary pursuing deputy or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether the jurisdiction is expected to assist.

307.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Deputies will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Columbia County Sheriff's Office is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved deputies may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports.

The role and responsibilities of deputies at the termination point of a pursuit initiated by this office shall be coordinated with appropriate consideration of the needs of the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local law enforcement agencies, a request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this office, the other agency should relinquish control.

Vehicle Pursuits

307.7.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Deputies from this office should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single vehicle from the initiating agency is in pursuit. Under this circumstance, a deputy from this office may, with supervisor approval, immediately join the pursuit until sufficient vehicles from the initiating agency join the pursuit or until additional information is provided allowing withdrawal from the pursuit.

When a request is made for this office to assist or take over a pursuit that has entered the jurisdiction of the Columbia County Sheriff's Office, the supervisor should consider:

- (a) The public's safety within this jurisdiction.
- (b) The safety of the pursuing deputies.
- (c) Whether the circumstances are serious enough to continue the pursuit.
- (d) Whether there is adequate staffing to continue the pursuit.
- (e) The ability to maintain the pursuit.

As soon as practical, a supervisor or the Enforcement Division Commander (Lieutenant) should review a request for assistance from another agency. The Enforcement Division Commander (Lieutenant) or Chief Deputy, after consideration of the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing agency by deputies of this office will conclude at the County limits, provided that the pursuing agency has sufficient assistance from other sources. Ongoing participation from this office may continue only until sufficient assistance is present.

In the event that the termination point of a pursuit from another agency is within this jurisdiction, deputies shall provide appropriate assistance, including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

307.8 PURSUIT INTERVENTION

Pursuit intervention is an attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT, ramming or roadblock procedures.

307.8.1 WHEN USE IS AUTHORIZED

Whenever practicable, a deputy shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, deputies/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the deputies and persons in or on the pursued vehicle. With this in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the deputy at the time of the decision.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Vehicle Pursuits

It is imperative that deputies act within the bounds of legality, good judgment and accepted practices.

307.8.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Deputies should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any deputy from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

307.8.3 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the deputies, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to the policies guiding such use. Deputies shall consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety, and when deputies reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved this intervention tactic should only be employed by properly trained deputies and after giving consideration to:
 - 1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risk of injury or death to occupants of the suspect vehicle, deputies, or others.
 - 2. All other reasonable intervention tactics have failed or reasonably appear ineffective.
 - 3. Employing the blocking or vehicle intercept maneuver does not unreasonably increase the risk of danger to those involved or the public.
 - 4. The suspect vehicle is stopped or traveling at a low speed.
 - 5. Only law enforcement vehicles should be used in this tactic.
- (b) The PIT is limited to use by properly trained deputies with the approval of a supervisor and upon assessment of the circumstances and conditions presented at the time, including the potential for risk of injury to deputies, the public and occupants of the pursued vehicle.
- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the deputy's disposal have been exhausted or would not be effective, and immediate control is necessary. Ramming should be reserved for situations where there does not appear to be another reasonable alternative method. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Vehicle Pursuits

1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
 2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner or using the vehicle as a weapon.
- (d) Boxing-in a suspect vehicle should only be attempted upon approval of a supervisor. The use of such a tactic must be carefully coordinated with all involved deputies, taking into consideration the circumstances and conditions apparent at the time as well as the potential risk of injury to deputies, the public and occupants of the pursued vehicle. Deputies and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.
- (e) Tire deflation devices should be deployed only after notification of pursuing deputies and the supervisor of the intent and location of the deployment, and in a manner that:
1. Should reasonably only affect the pursued vehicle.
 2. Provides the deploying deputy adequate cover and escape from intentional or unintentional exposure to the approaching vehicle.
 3. Takes into account the limitations of such devices as well as the potential risk to deputies, the public and occupants of the pursued vehicle.
 4. Takes into account whether the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children.
- (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor. If roadblocks are deployed, it should only be done under extraordinary conditions when all other reasonable intervention tactics have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, deputies or the public.

307.9 REPORTING REQUIREMENTS

All appropriate reports shall be completed to comply with appropriate laws and policies or procedures:

- (a) The primary pursuing deputy shall complete appropriate crime/arrest reports
- (b) The primary pursuing deputy or supervisor shall complete the appropriate pursuit report.
- (c) After first obtaining the available information, the involved, or if unavailable, on-duty field supervisor shall promptly complete a supervisor's log or interoffice memorandum, briefly summarizing the pursuit to the Sheriff or the authorized designee. This log or memorandum should include, at a minimum:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Vehicle Pursuits

1. Date and time of pursuit.
2. Initial reason and circumstances surrounding the pursuit.
3. Length of pursuit in distance and time, including the starting and termination points.
4. Involved vehicles and deputies.
5. Alleged offenses.
6. Whether a suspect was apprehended, as well as the means and methods used.
 - (a) Any use of force shall be reported and documented in compliance with the Use of Force Policy.
7. Arrestee information, if applicable.
8. Any injuries and/or medical treatment.
9. Any property or equipment damage.
10. Name of supervisor at the scene or who handled the incident.
11. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.
12. After receiving copies of reports, logs and other pertinent information, the Sheriff or the authorized designee shall conduct or assign the completion of a post-pursuit review, as appropriate.
13. Annually, the Sheriff should direct a documented review and analysis of office vehicle pursuits to minimally include policy suitability, policy compliance and training needs.

307.10 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors deputy considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for deputies who are involved in the pursuit:

- (a) Deputies, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles so that they are able to see and avoid hazards or react safely to unusual maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 1. Available deputies not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Vehicle Pursuits

2. Pursuing deputies should exercise due caution and slow down as may be necessary when proceeding through controlled intersections.
- (c) As a general rule, deputies should not pursue a vehicle driving the wrong way on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered:
1. Request assistance from available air support.
 2. Maintain visual contact with the pursued vehicle by paralleling the vehicle on the correct side of the roadway.
 3. Request other deputies to observe exits available to the suspect.
 4. Notifying the Oregon State Police (OSP) or other law enforcement agency when it appears that the pursuit may enter its jurisdiction.
- (d) Deputies involved in a pursuit should not attempt to pass other pursuing vehicles unless the situation indicates otherwise or they are requested to do so by the pursuing deputy and with a clear understanding of the maneuver process between the involved deputies.

307.10.1 PURSUIT TRAILING

In the event that initial pursuing deputies relinquish control of the pursuit to another agency, the initial deputies may, with the permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect and reporting the incident.

307.10.2 AIR SUPPORT ASSISTANCE

When available, air support assistance should be requested. Once the air support crew has established visual contact with the pursued vehicle, they should assume communication control over the pursuit. The primary and secondary ground pursuit vehicles, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants their continued close proximity and/or involvement in the pursuit.

The air support crew should coordinate the activities of resources on the ground, report progress of the pursuit, and provide deputies and supervisors with details of upcoming traffic congestion, road hazards or other pertinent information to evaluate whether to continue the pursuit. If deputies on the ground are not within visual contact of the pursued vehicle and the air support crew determines that it is unsafe to continue the pursuit, the air support crew should recommend terminating the pursuit.

307.10.3 DEPUTIES NOT INVOLVED IN THE PURSUIT

Deputies who are not involved in the pursuit should remain in their assigned area, should not parallel the pursuit route and should not become involved with the pursuit unless directed by a supervisor. Uninvolved deputies are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Vehicle Pursuits

Those deputies should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended collision or if the suspect intentionally tries to ram the sheriff's office vehicle.

Non-pursuing members needed at the pursuit termination point should respond in a nonemergency manner, observing the rules of the road.

The primary pursuit vehicle, secondary pursuit vehicle and supervisor vehicle should be the only vehicles operating under emergency conditions (emergency lights and siren) unless other deputies are assigned to the pursuit.

307.11 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the involved deputies should broadcast pertinent information to assist other deputies in locating the vehicle. The primary pursuing deputy will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

307.12 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Deputies shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the deputy at the time of the event to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing deputy should coordinate efforts to apprehend the suspect following the pursuit. Deputies should consider the safety of the public and the involved deputies when formulating plans for setting up perimeters or for containing and capturing the suspect.

307.13 PURSUIT TRAINING

All deputies will participate in initial training on pursuits. Depending on available resources, deputies will participate in supplementary training on pursuits. All deputies will participate, no less than annually, in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public. Training will include recognition of the need to balance the known offense and the need for immediate capture against the risks to deputies and others.

307.14 ANNUAL REVIEW

During the first calendar quarter of each year, the Enforcement Division Commander will ensure that an annual review of all vehicle pursuit incidents for the previous calendar year is conducted. The analysis will focus on the effectiveness and trends in the use of vehicle pursuits that might suggest training or equipment needs, or policy modification. Specific detail including items such as officer names, case numbers, location of occurrence are not needed for this purpose and therefore will not be part of this process.

Deputy Response to Calls

308.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

308.2 RESPONSE TO CALLS

Deputies shall proceed immediately to calls that are of an emergency nature. A code 3 response should be considered when available information reasonably indicates that a person is threatened with injury or death, a felony property crime is in progress, or serious property damage is imminent and a more immediate law enforcement response is needed to mitigate injury, property loss, or to apprehend the suspect(s).

Deputies responding Code 3 shall operate emergency lights and siren as is reasonably necessary pursuant to ORS 820.300 and ORS 820.320. Deputies shall only use the wail and yelp function of the siren as an emergency sound. The hi-lo function of the siren is not considered an emergency sound pursuant to OAR 735-110-0000(8) and OAR 735-110-0010(1-3).

Responding with emergency light(s) and siren does not relieve the deputy of the duty to continue to drive with due regard for the safety of all persons.

ORS 820.320(2) allows deputies to omit the use of emergency lights and siren if it reasonably appears that the use of either or both would prevent or hamper the apprehension or detection of a violator. Except as stated in the previous sentence, Deputies who fail to use appropriate warning equipment, are not exempt from following the rules of the road (ORS 820.300).

Deputies responding to non-emergency calls shall observe all traffic laws and proceed without the use of emergency lights and siren.

308.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of deputies, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting deputy shall immediately notify Dispatch.

If circumstances permit, the requesting deputy should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Deputy Response to Calls

308.3.1 NUMBER OF UNITS ASSIGNED

Normally, only one unit should respond to an emergency call Code-3 unless additional unit(s) are needed.

308.4 INITIATING CODE 3 RESPONSE

A Code 3 response should be considered when available information reasonably indicates that a person is threatened with injury or death, a felony property crime is in progress or serious property damage is imminent and a more immediate law enforcement response is needed to mitigate injury, property loss, or to apprehend the suspect(s). Deputies needed for urgent cover for another deputy might determine that a Code 3 response is justified. A supervisor may make a determination as to whether one or more deputies driving Code 3 is appropriate.

308.5 RESPONSIBILITIES OF RESPONDING DEPUTIES

Deputies shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Deputies shall reduce speed at all street intersections as may be necessary for safe operation and shall not proceed through any street intersection until the deputy has assured that all cross traffic has yielded to the deputy's emergency vehicle.

The decision to continue a Code-3 response is at the discretion of the deputy. If, in the deputy's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the deputy may elect to respond to the call without the use of emergency lights and siren at the legal speed limit.

A deputy shall also discontinue the Code-3 response when directed by a supervisor.

308.6 COMMUNICATIONS RESPONSIBILITIES

Dispatch is a separate entity in Columbia County. Columbia 9-1-1 sets the Code 3 Protocols for Dispatch in cooperation with local public safety entities.

308.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that a Code-3 response has been initiated, the Shift Supervisor or the field supervisor shall verify the following:

- (a) The proper response has been initiated
- (b) No more than those units reasonably necessary under the circumstances are involved in the response
- (c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Deputy Response to Calls

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to allow a Code-3 response to continue, the Shift Supervisor or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

308.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the deputy must terminate the Code-3 response and respond accordingly. In all cases, the deputy shall notify the Shift Supervisor, field supervisor, or Dispatch of the equipment failure so that another unit may be assigned to the emergency response.

Canines

309.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

309.2 POLICY

It is the policy of the Columbia County Sheriff's Office that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

309.3 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Enforcement Division to function primarily in assist or cover assignments. However, they may be assigned by the Enforcement Lieutenant to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Enforcement Lieutenant.

309.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Enforcement Division Lieutenant or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

Canines

309.5 REQUESTS FOR CANINE TEAMS

Enforcement Division members are encouraged to request the use of a canine. Requests for a canine team from office units outside of the Enforcement Division shall be reviewed by the Enforcement Lieutenant.

309.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Duty Supervisor and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (d) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

309.5.2 PUBLIC DEMONSTRATION

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

309.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed, is committing or threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any deputy (to include corrections deputies in the performance of their duties --refer to jail operations policy J 107 *Corrections Use of Force*) or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of deputies or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Canines

Absent a reasonable belief that a suspect has committed, is committing or is threatening to commit a serious offense, mere flight from a pursuing deputy, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Enforcement Lieutenant. Absent a change in circumstances that present an imminent threat to deputies, the canine or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

309.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to deputies or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other deputies at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Canines

309.6.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

309.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers shall document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current office evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

If the local public health administrator has exempted this office from the requirement to hold the canine after a bite, the canine handler shall notify the local public health administrator immediately should the canine develop any abnormal behavior within 10 days of biting a person (OAR 333-019-0024).

309.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to deputies, the canine, or the public, such applications should be conducted on-leash or under

Columbia County Sheriff's Office

Canines

conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.

- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

309.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

309.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

309.7.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and deputies when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

Canines

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

309.8 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all office equipment under his/her control in a clean and serviceable condition.
- (c) When a handler is off-duty for an extended period of time, the assigned canine vehicle should be stored at the Columbia County Sheriff's Office facility.
- (d) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (e) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (f) When off-duty, the canine shall be in a kennel provided by the County at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (g) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (h) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Enforcement Lieutenant.
- (i) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Enforcement Lieutenant.
- (j) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.
- (k) Handlers should not tether a canine in a manner that would violate ORS 167.325(1); ORS 167.330(1); and/or ORS 167.343.

309.8.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Canines

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

309.9 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Enforcement Lieutenant as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

309.10 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current Oregon Police Canine Association (OPCA) standards or other accredited and recognized animal handling organization standards (ORS 167.310). Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all office members in order to familiarize them with how to conduct themselves in the presence of office canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Enforcement Lieutenant.

309.10.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to OPCA or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Columbia County Sheriff's Office canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Office.
- (d) All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or the Enforcement Lieutenant.

Columbia County Sheriff's Office

Canines

309.10.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing OPCA canine certification standards, or other accredited or recognized animal handling organization standards, shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

309.10.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

309.10.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Deputies possessing, using, or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Columbia County Sheriff's Office may work with outside trainers with the applicable licenses or permits.

309.10.5 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

Definitions: - Narcotics detection Dog and Handler comprise the Narcotics detection Dog Team

Policy: - To establish policy for supervision, deployment, care and training of the Narcotics detection Dog.

(a) Procedure:

1. OPERATION

- (a) The Narcotics Detection Dog Handler(s) and K-9 will be supervised by supervisory personnel assigned to the Columbia County Sheriff's Office and/or supervisory personnel assigned to the Columbia Enforcement Narcotics Team (CENT), and the Chief Deputy
- (b) The primary responsibility of the Narcotics Detection Dog Team will be to provide support to deputies in the detection of the odor of illegal controlled substances at search warrants, consent searches, missions, and other areas as assigned by supervisors. The K-9 handler may be assigned other duties within the County Jail or the CENT team at the direction of a supervisor.
- (c) A secondary responsibility of the Narcotics Detection Dog Team will be to provide K-9 support to other divisions of the Columbia County Sheriff's Office.
- (d) A third responsibility of the Detection Dog Handler will be to provide K-9 support to outside law enforcement agencies.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Canines

- (e) The Narcotics Detection Dog Team may be available on a call-out basis if approved by a supervisor
- (f) The decision to deploy the Narcotics Detection Dog in any situation will be made by the handler. The decision not to apply the K-9 may be based on the K-9's physical condition, the physical condition of the area to be searched, relative danger to the K-9, or other factors.
- (g) Division operational needs other than K-9 deployment should generally not interfere with K-9 team training or deployment, at the discretion of a supervisor.
- (h) Each K-9 team will maintain the national standard of an average 16 hours of K-9 detection training per month.

2. CARE AND MAINTENANCE

- (a) The care of the Narcotics Detection K-9 will be the responsibility of the K-9 handler.
 - 1. The K-9 handler will maintain dog licensing in the city/county of the handler's residence.
 - 2. The K-9 handler will ensure the dog(s) maintains necessary vaccinations and receives regular veterinary care.
 - 3. The care and maintenance of the K-9 shall be provided and compensated for as described in the labor contract presently in force. If the officer is unable to provide for the weekend or vacation kennel care needs of the K-9, an appropriate commercial kennel can be used.
- (b) The K-9 handler is provided a vehicle to transport the K-9 on call outs, to and from work, to training locations, to the vet and to other locations as required. The handler will maintain the vehicle in an appropriate manner.
- (c) The handler will care for and maintain the K-9 equipment to ensure maximum length of service.

3. TRAINING AND CERTIFICATION

- (a) The Narcotics Detection Dog Team will train regularly in all types of environments so as to ensure a high level of proficiency in the detection of narcotic odor.
- (b) The Narcotics Detection Dog Handler will maintain complete documentation of all detection team training in an appropriate training log.
- (c) The Narcotics Detection Dog Handler will maintain complete documentation of all field deployments in an appropriate deployment log.
- (d) The Narcotics Detection Dog Team will maintain a current membership in good standing with the Oregon Police Canine Association (OPCA) which certifies Detection Dog Teams in Oregon. OPCA certification is required for the qualification of the dog as "Police animal(s)" in the Oregon

Columbia County Sheriff's Office

Revised Statutes. Certifications are mandatory for successful prosecution in both state and federal court. Membership in, and certification through, an additional K9 association outside of Oregon is encouraged on an annual basis

- (e) The Columbia County Sheriff's Office encourages and supports handlers in becoming OPCA Trainers.
- (f) The Narcotics Detection Dog Team will maintain certification in Oregon by passing the OPCA Detection Dog Standards Test once (1) a year. The Detection Dog Team will regularly attend OPCA seminars in order to take the Standards Test and receive training.
- (g) If a Detection Dog Team fails to certify, they will notify their supervisor and seek additional training prior to re-testing. Uncertified Detection Dog Teams will not be deployed.

4. CONTROLLED SUBSTANCE TRAINING AIDS

- (a) The program uses controlled substances in the initial and on-going training of drug detection dogs. These controlled substances shall be separated into two distinct ways:
 - 1. Small quantities of controlled substances carried with drug detection dog handlers for the purposes of frequent on-going training.
 - 2. Larger quantities of controlled substances will be kept at the Columbia County Sheriff's Office Evidence Control System and will be available to be checked out by Narcotics Detection K-9 handlers. These substances are available for check-out for special training functions, seminars and other necessary times that allow the drug detection dogs to be exposed to larger quantities of controlled substances.
- (b) The Narcotics Detection Dog Handlers, the Chief Deputy and the Columbia Enforcement Narcotics Team Lieutenant will have a shared responsibility for the care and custody of the controlled substance training aids. The following procedures will govern the security of the controlled substance training aids necessary to train and maintain the Narcotics Detection Dog.
 - 1. Controlled substance training aids less than one (1) ounce for any one substance or five (5) ounces for all substances will be stored in a locked vault securely mounted in the cargo area of the detection dog handler's vehicle.
 - 2. Controlled substance training aids in excess of one (1) ounce for any one substance may be stored temporarily in a locked vault securely mounted in the cargo area of the detection dog handler's vehicle. Controlled substance training aids in excess of one (1) ounce for any one substance will be permanently stored at the Columbia County Sheriff's Office Evidence Control System.

3. Only the Detection Dog Handlers and designated supervisors will have access to the vehicle vaults containing the training aids. A supervisor will respond immediately and take custody of the training aids if the handler is unable to maintain custody due to accident, injury or other reason.
 4. The controlled substances may be repacked as needed for training. This process will be overseen by at least one supervisor and one other sworn deputy. The Narcotics Detection Dog Handlers and supervisor will weigh the supply of controlled substance training aids carried in the vehicle vaults every six (6) months. The Narcotics Detection Dog Handler and the supervisor will sign/date a bound ledger book noting the exact gross weight of the training aids. A copy of this log will be provided to the division commander who will forward it to the Sheriff semi-annually.
- (c) A supervisor will conduct unannounced "spot checks" of all K-9 controlled substance training aids assigned to each K-9 handler to ensure all packages are accounted for and are in good repair. These checks shall take place at least twice a year. These "spot checks" will be in addition to the required semi-annual inspections of the training aids where the gross weight of the training aid is checked. The supervisor will sign/date a bound ledger book noting the date of the spot check as well as the disposition of the assigned drug aids.
- (d) The following procedure will govern checking out training aids:
1. Drug Detection Dog handlers may access controlled substances kept in their vehicle vaults for regular or impromptu training. The handlers must immediately return the substances to the vault at the conclusion of the training.
 2. Larger training aids (2 pounds marijuana, 1 pound cocaine base (crack), 1 pound cocaine (powder), 1 pound heroin, and 1 pound methamphetamine) are available to be checked out by Narcotics Detection Dog Handlers for training purposes. Larger training aids must be returned to the Evidence Control System within 24 hours of being checked out. Exceptions can only be granted, in writing, by the Sheriff.
 3. If larger training aids have been checked out by a Narcotics Detection Dog Handler and for an unforeseen, emergency reasons (i.e. a K-9 team is called for service during training hours and larger training aids cannot be returned within the 24 hour time period). The larger training aids will be stored in the Narcotics Detection Dog Handler's vehicle vault. The Narcotics Detection Dog Handler will notify a supervisor. The supervisor will notify the Evidence Control System of the circumstances and arrange for the larger training aids to be stored in the CENT safe for temporary storage. The larger

training aids will be returned to the Evidence Control System the next business day.

- (e) The CENT Lieutenant assigned to supervise the Narcotics Detection Dog Handlers and the Chief Deputy will maintain a master record book of training aids. This record will contain documentation of the receipt, verification, processing into training aids, and return for destruction of all controlled substances. The date, amount of controlled substances and signatures of all persons receiving controlled substances will be documented in the master record book.
- (f) The training aids will be replaced annually with a fresh supply. The old training aids will be taken to the Portland Police Bureau Property/Evidence Division for disposal. The Narcotics Detection Dog Handler and a supervisor, prior to return for disposal, will weigh the controlled substance training aids.
- (g) If the controlled substance training aids are damaged, lost or stolen, the Narcotics Detection Dog Handler will immediately notify a supervisor and report the incident. The supervisor will immediately notify the Division Commander. The incident will be documented and a report forwarded to the Sheriff.

309.10.6 EXPLOSIVE TRAINING AIDS

Deputies may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (18 USC § 842; 27 CFR 555.41; ORS 480.205).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss

of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

Domestic Violence

310.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this office to take enforcement action when appropriate, to provide assistance to victims and to guide deputies in the investigation of domestic violence.

310.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

Domestic Violence - means abuse between family or household members (ORS 135.230(3))

Abuse - means a) Attempting to cause or intentionally, knowingly or recklessly causing physical injury; b) Intentionally, knowingly or recklessly placing another in fear of imminent serious physical injury; or c) Committing sexual abuse in any degree as defined in ORS 163.415, 163.425 and 163.427. (ORD 135.230(1))

Family or Household members - means a) Spouses; b) Former spouses; c) Adult persons related by blood or marriage; d) Persons cohabitating with each other; e) Persons who have cohabitated with each other or who have been involved in a sexually intimate relationship. ORS 135.230(4))

310.2 POLICY

The Columbia County Sheriff's Office's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this office to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

310.3 OFFICER SAFETY

The investigation of domestic violence cases often places deputies in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all deputies to exercise due caution and reasonable care in providing for the safety of any deputies and parties involved.

310.4 INVESTIGATIONS

The following guidelines should be followed by deputies when investigating domestic violence cases:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Domestic Violence

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence, and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, deputies should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Deputies should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Detective Unit in the event that the injuries later become visible.
- (f) Deputies should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, deputies should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, deputies should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting deputy should attach a copy of the order to the incident or arrest report.
- (j) Deputies should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.
 - 4. The physical or emotional state of either party.
 - 5. Use of drugs or alcohol by either party.
 - 6. Denial that the abuse occurred where evidence indicates otherwise.
 - 7. A request by the victim not to arrest the suspect.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Domestic Violence

8. Location of the incident (public/private).
9. Speculation that the complainant may not follow through with the prosecution.
10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
11. The social status, community status, or professional position of the victim or suspect.

310.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, deputies should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

310.4.2 IF NO ARREST IS MADE

If no arrest is made, the deputy should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

310.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Deputies should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the office's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the deputy determines that a need exists.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Domestic Violence

- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

A deputy who has probable cause to believe there are circumstances for a mandatory arrest or that a victim is in immediate danger of abuse may apply for an emergency protective order with the consent or permission of the victim (ORS 133.035).

310.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Deputies should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

310.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by deputies as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

310.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, deputies should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Deputies should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Deputies should contact a supervisor for clarification when needed.

310.8.1 SERVICE OF COURT ORDERS

Deputies should, if requested and practicable, serve any unserved restraining order when called to the scene of a disturbance. Any deputy serving such a restraining order shall ensure that a copy of proof of service is returned to the Sheriff for entry into the Law Enforcement Data System (LEDS) and the National Crime Information Center (NCIC) system (ORS 107.720).

310.8.2 SERVICE OF EMERGENCY PROTECTIVE ORDERS

A deputy who obtains an emergency protective order for a victim shall provide the victim with a certified copy and ensure that a certified copy of the order and the supporting declaration for the order is filed with the court (ORS 133.035).

The deputy who obtained the emergency protective order shall serve the respondent personally. Upon completion of the service, the deputy shall file a proof of service with the court and ensure that the order is entered into LEDS. If service cannot be completed within one day of the order's entry, the deputy shall notify the court (ORS 133.035).

If a deputy receives a termination order from the court, the deputy shall ensure that the order is promptly removed from LEDS (ORS 133.035).

310.9 STANDARDS FOR ARREST

- (a) Deputies who respond to an incident of domestic disturbance and have probable cause to believe an assault has occurred between family or household members as defined in ORS 107.705, or who believe that one such person has created in the other a fear of imminent serious physical injury, shall arrest and take into custody the alleged assailant or potential assailant (ORS 133.055).
- (b) Dual arrests are not required (ORS 133.055). Deputies shall make reasonable efforts to identify and arrest the primary assailant in any incident. In identifying the primary assailant, a deputy shall consider:
 - 1. The comparative extent of the injuries inflicted or the seriousness of threats creating a fear of physical injury.
 - 2. If reasonably ascertainable, the history of domestic violence between the persons involved.
 - 3. Whether any alleged crime was committed in self-defense.
 - 4. The potential for future assaults.
- (c) Once a suspect has been arrested under the provisions of ORS 133.055, the suspect shall be taken to jail. Deputies have no authority to release the arrested person.
- (d) Deputies shall arrest and take a suspect into custody when the deputy has probable cause to believe that a restraining order or emergency protective order has been issued, a copy of the order and proof of service on the suspect have been filed, and the suspect has violated the terms of the order (ORS 133.310).

Domestic Violence

310.10 REPORTS AND NOTIFICATIONS

Deputies should document in their report that they provided each domestic violence victim with a copy of the office's domestic violence victim information handout (ORS 133.055).

Reporting deputies should also provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout. If the case number is not immediately available, an explanation should be given about how the victim can obtain the information at a later time.

310.10.1 ODARA FORM

The ODARA form should be completed anytime a domestic violence incident results in a custodial arrest for a crime of domestic violence.

310.10.2 EMERGENCY PROTECTIVE ORDERS

The Support Services Manager shall ensure that a system is in place that provides deputies at the scene of an alleged violation of an emergency protective order of the terms and existence of the protective order (ORS 133.035).

Search and Seizure

311.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Columbia County Sheriff's Office personnel to consider when dealing with search and seizure issues.

311.2 POLICY

It is the policy of the Columbia County Sheriff's Office to respect the fundamental privacy rights of individuals. Members of this office will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this office will comply with relevant federal and state law governing the seizure of persons and property.

The Office will provide relevant and current training to deputies as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

311.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this office is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, deputies are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Search and Seizure

311.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation; the following guidelines should be followed whenever circumstances permit:

- (a) Members of this office will strive to conduct searches with dignity and courtesy.
- (b) Deputies should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching deputy, a reasonable effort should be made to summon a deputy of the same sex as the subject to conduct the search. When it is not practicable to summon a deputy of the same sex as the subject, the following guidelines should be followed:
 1. Another deputy or a supervisor should witness the search.
 2. The deputy should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

311.5 DOCUMENTATION

Deputies are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon a deputy of the same sex as the person being searched and the identification of any witness deputy

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and office policy have been met.

311.5.1 PROPERTY SEIZURE

Any property that comes into the possession of the Columbia County Sheriff's Office through whatever means will be properly documented using the currently adopted Property Receipt

form. No property shall be retained by the Columbia County Sheriff's Office without the proper issuance of a receipt.

Temporary Custody of Juveniles

312.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Columbia County Sheriff's Office (34 USC § 11133).

Guidance regarding contacting juveniles at schools or those who may be victims is provided in the Child Abuse Policy.

312.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This includes a juvenile taken into protective custody pursuant to a court order or without an order when there is reasonable cause to believe that (ORS 419B.150; ORS 419B.152):

- (a) An imminent threat of severe harm to the child exists.
- (b) The child poses an imminent threat of severe harm to self or others.
- (c) An imminent threat that the child may be removed from the jurisdiction of the juvenile court exists.
- (d) The child has run away from home.

This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense). It also includes a juvenile who possesses a handgun in violation of ORS 166.250 (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of a deputy or other office member at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Temporary Custody of Juveniles

- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

312.2 POLICY

The Columbia County Sheriff's Office is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Columbia County Sheriff's Office. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

312.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Columbia County Sheriff's Office:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Deputies taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Columbia County Sheriff's Office unless they have been evaluated by a qualified medical and/or mental health professional.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Temporary Custody of Juveniles

If the deputy taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

312.4 CUSTODY OF JUVENILES

Deputies should take custody of a juvenile and temporarily hold the juvenile at the Columbia County Sheriff's Office when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Columbia County Sheriff's Office without authorization of the arresting deputy's supervisor or the Shift Supervisor.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond five hours from the time of his/her entry into the Columbia County Sheriff's Office (ORS 419B.160; ORS 419C.130).

312.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Columbia County Sheriff's Office. Custodial arrangements should be made for non-offenders as soon as reasonably possible (ORS 419B.165; ORS 419B.168; ORS 419B.152). Juvenile non-offenders may not be held in secure custody (34 USC § 11133; ORS 419B.160).

Prior to releasing a non-offender to the noncustodial parent, deputies shall run a criminal records check on the noncustodial parent and any adults in the same home as the noncustodial parent (ORS 419B.165).

312.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, deputies may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

312.4.3 CUSTODY OF JUVENILE OFFENDERS

Generally, a juvenile offender may be taken into custody:

- (a) When it reasonably appears that the juvenile is a fugitive from another state (ORS 419C.145).
- (b) When there is a court order endorsed as provided in ORS 419C.306 and directing that the juvenile be taken into custody (ORS 419C.080).
- (c) When, if the juvenile were an adult, he/she could be arrested without a warrant (ORS 419C.080).

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Temporary Custody of Juveniles

A deputy shall take a juvenile into custody when the deputy has probable cause to believe the juvenile, while in a public building or court facility within the last 120 days, unlawfully possessed a firearm or a destructive device (ORS 419C.080).

Generally, a deputy may issue a citation in lieu of taking the juvenile into custody if a citation may be issued for the same offense and under the same circumstances to an adult. If a citation in lieu of custody is issued, a copy of the citation shall be sent to the District Attorney (ORS 419C.085).

Juvenile offenders should be held in non-secure custody while at the Columbia County Sheriff's Office unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

312.4.4 COURT NOTIFICATIONS OF JUVENILE OFFENDERS

Whenever a juvenile offender is taken into custody, the deputy shall promptly notify the juvenile court or counselor that the juvenile was taken into custody (ORS 419C.091). The deputy shall also prepare a written report to be routed to the juvenile court and the District Attorney that includes, at a minimum (ORS 419C.106):

- (a) The juvenile's name, age and address.
- (b) The name and address of the person having legal or physical custody of the juvenile.
- (c) Reasons for, and circumstances under which, the juvenile was taken into custody and, if known, the name and contact information of any victim.
- (d) Efforts taken to notify and release the juvenile to his/her parent, guardian or other person having legal responsibility.
- (e) The date, time, location and to whom the juvenile was released.
- (f) If the juvenile was not released, the reasons why.
- (g) If the juvenile is not released or taken to court, the shelter or place of detention of the juvenile and why the type of placement was chosen.

312.4.5 EXCEPTIONS TO RELEASE OF JUVENILE OFFENDERS

A juvenile offender shall be released to the custody of the juvenile's parent, guardian or other responsible person, except in any of the following circumstances (ORS 419C.100):

- (a) The court has issued a warrant of arrest for the juvenile.
- (b) The deputy has probable cause to believe that release of the juvenile may endanger the welfare of the juvenile, the victim or others.
- (c) When the deputy has probable cause to believe that the juvenile, while in a public building or court facility within the last 120 days, unlawfully possessed a firearm or destructive device.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Temporary Custody of Juveniles

If a juvenile offender is not released to the parent, guardian or other responsible person, or to a person identified by the juvenile court, the deputy shall take the juvenile to the county juvenile detention facility or appropriate shelter (ORS 419C.103).

312.5 NOTIFICATION TO PARENT OR GUARDIAN

As soon as practicable after a juvenile is taken into custody, the deputy taking the juvenile into custody shall notify the juvenile's parent, guardian or other person responsible for the juvenile of the following (ORS 419B.160; ORS 419C.097):

- (a) Reason the juvenile was taken into custody
- (b) Location where the juvenile is being temporarily detained
- (c) Intended disposition
- (d) Time and place of any hearing

312.6 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Office (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Columbia County Sheriff's Office shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

312.7 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Columbia County Sheriff's Office shall ensure the following:

- (a) The Enforcement Lieutenant should be notified if it is anticipated that a juvenile may need to remain at the Columbia County Sheriff's Office more than four hours. This will enable the Enforcement Lieutenant to ensure no juvenile is held at the Columbia County Sheriff's Office more than five hours.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal visual checks and significant incidents/activities shall be noted on the log.
- (d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.
- (e) Juveniles shall have reasonable access to toilets and wash basins.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Temporary Custody of Juveniles

- (f) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.
- (g) Juveniles shall have reasonable access to a drinking fountain or water.
- (h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.
- (i) Juveniles should have privacy during family, guardian and/or lawyer visits.
- (j) Juveniles should be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.
- (k) Blankets should be provided as reasonably necessary.
- (l) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.
- (m) Juveniles shall have adequate furnishings, including suitable chairs or benches.
- (n) Juveniles shall have the right to the same number of telephone calls as an adult in custody.
- (o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.

312.8 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Columbia County Sheriff's Office when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Enforcement Lieutenant. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

312.9 PERSONAL PROPERTY

The deputy taking custody of a juvenile offender or status offender at the Columbia County Sheriff's Office shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Columbia County Sheriff's Office.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Temporary Custody of Juveniles

312.10 SECURE CUSTODY

Only juvenile offenders 14 years or older may be placed in secure custody. Enforcement Lieutenant approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this office should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody, rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

312.10.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire time in custody.
- (b) Juveniles shall have constant auditory access to office members.
- (c) Initial placement into and removal from a locked enclosure shall be logged.
- (d) Random personal visual checks of the juvenile by staff member shall occur no less than every 15 minutes.
 - 1. All checks shall be logged.
 - 2. The check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.
- (e) Males and females shall not be placed in the same locked room.
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

312.11 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE

- (c) Notification of the appropriate prosecutor.
- (d) Notification of the County Counsel.
- (e) Evidence preservation.

312.12 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation. (See the Investigation and Prosecution Policy.)

312.13 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

A juvenile taken into custody under ORS 419C.080 shall be photographed and fingerprinted (ORS 419A.250(2)).

Other juveniles taken into custody may only be fingerprinted or photographed (ORS 419A.250(1)):

- (a) Pursuant to a search warrant.
- (b) According to laws concerning adults if the juvenile has been transferred to criminal court for prosecution.
- (c) Upon consent of both the juvenile and the juvenile's parent after being advised that they are not required to give such consent.
- (d) By order of the juvenile court.

Fingerprints and photographs of juveniles must be kept separate from those of adults. Fingerprints and photographs of juvenile offenders shall be sent to the central state depository in the same manner as fingerprint and photograph files or records of adults. Fingerprints and photographs of other juveniles should not be sent to any central state or federal depository (ORS 419A.250).

312.14 RECORDS

Fingerprint and photograph files or records of juveniles must be kept separate from those of adults (ORS 419A.250).

Reports and other material relating to juveniles is generally considered privileged and may not be disclosed directly or indirectly except as provided in the Records Maintenance and Release Policy.

- Prior to the end of the next working day if circumstances exist that could result in abuse and place the resident's health or safety in imminent danger.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All investigations into suspected cases of adult abuse shall include a personal visit to the elderly person suspected of being abused (ORS 124.070).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

313.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the deputy should make reasonable attempts to contact DHS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible

Adult Abuse

adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this office should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the deputy should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the deputy shall ensure that the adult is delivered to DHS.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

313.6.1 DHS ASSISTANCE

An deputy shall cooperate with DHS when assistance is requested by written notice to gain access to an abused person and the deputy believes that there is reasonable cause that a crime has been committed and an emergency exists that requires access to the person to ensure his/her safety (ORS 124.065; ORS 430.743; OAR 411-020-0085).

313.7 INTERVIEWS

313.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should audio record the preliminary interview with a suspected adult abuse victim. Deputies should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available.

313.7.2 DETAINING VICTIMS FOR INTERVIEWS

A deputy should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Adult Abuse

3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
 - (b) A court order or warrant has been issued.

313.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating deputy should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The deputy should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

313.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

313.9.1 SUPERVISOR RESPONSIBILITIES

The Detective Unit supervisor should:

- (a) Work with professionals from the appropriate agencies, including DHS, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when a deputy notifies the Detective Unit supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.
- (c) Develop a report format or checklist for use when deputies respond to drug labs or other narcotics crime scenes. The checklist will help deputies document the environmental, medical, social and other conditions that may affect the adult.

313.9.2 DEPUTY RESPONSIBILITIES

Deputies responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Detective Unit supervisor so an interagency response can begin.

Adult Abuse

313.10 STATE MANDATES AND OTHER RELEVANT LAWS

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.

Discriminatory Harassment

314.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent office members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

This policy also applies to office elected officials (ORS 243.319).

314.2 POLICY

The Columbia County Sheriff's Office is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Office will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Office will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.

The nondiscrimination policies of the Office may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

314.3 DEFINITIONS

Definitions related to this policy include:

314.3.1 DISCRIMINATION

The Office prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law (ORS 659A.030; ORS 659A.082; ORS 659A.112).

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or office equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to the office policy and to a work environment that is free of discrimination.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Discriminatory Harassment

314.3.2 SEXUAL HARASSMENT

The Office prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly as a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

314.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under Equal Employment Opportunity Commission (EEOC) and the Oregon Bureau of Labor and Industries' Civil Rights Division.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with County or office rules or regulations, or any other appropriate work-related communication between supervisor and member.

314.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

314.4 RESPONSIBILITIES

This policy applies to all office members, who shall follow the intent of these guidelines in a manner that reflects office policy, professional standards, and the best interest of the Office and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Sheriff, the County Human Resources Director, or the Electorate.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Discriminatory Harassment

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with a resolution as stated below.

314.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment, or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
 - 1. Unless a member objects in writing, a supervisor designated by the Sheriff shall follow up with a member once every three months for a year following the date on which the member reported the incident to determine whether the alleged harassment has stopped or if the member has experienced retaliation (ORS 243.321).
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Sheriff or the County Human Resources Director in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

314.4.2 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the Office and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline, in a manner that is consistent with established procedures.

314.4.3 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Sheriff, the County Human Resources Director, or the Electorate for further information, direction, or clarification.

Discriminatory Harassment

314.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Office that all complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

314.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

314.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation (ORS 659A.199).

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Sheriff, the County Human Resources Director, or the Electorate.

314.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Office. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

314.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on the appropriate forms and in a manner designated by the Sheriff. The outcome of all reports shall be:

Columbia County Sheriff's Office

Discriminatory Harassment

- Approved by the Sheriff, the Electorate, or the County Human Resources Director, depending on the ranks of the involved parties.
- Maintained in accordance with the established records retention schedule.

314.6.1 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the actions taken to remedy or address the circumstances giving rise to the complaint.

314.7 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The member shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents, and agrees to abide by its provisions during his/her term with the Office.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents, and agree that they will continue to abide by its provisions.

314.8 ADDITIONAL REQUIREMENTS

The County Human Resources Director should consult with the County Human Resources manager to ensure that all required notifications regarding unlawful employment discrimination are available to all employees.

When any member complains about discriminatory harassment, the person receiving the complaint should provide a copy of this policy to the member (ORS 243.319).

A member may file a complaint with the Bureau of Labor and Industries and also may have other legal remedies under Oregon law (ORS 243.319).

- (e) The statute of limitations periods for crimes related to sexual harassment vary from two to 12 years.
- (f) Claims made against the Columbia County Sheriff's Office require advance notice pursuant to ORS 30.275 (ORS 243.319).

A member may file a complaint with the Office within four years from the date of the alleged incident or within the time limitation specified in ORS 659A.875, whichever is greater (ORS 243.321).

Discriminatory Harassment

A member who believes the member has been subjected to workplace harassment may access available community services and any support services provided by the Office, such as the employee assistance program (ORS 243.321).

No member will be required or coerced into a nondisclosure (confidentiality) or nondisparagement (an agreement not to say anything negative about the Columbia County Sheriff's Office or its members in any form of communication) agreement. A member may voluntarily enter into an agreement that contains a nondisclosure or nondisparagement provision and has a minimum of seven days to revoke said agreement (ORS 243.321).

Child Abuse

315.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Columbia County Sheriff's Office members are required to notify the Department of Human Services (DHS) of suspected child abuse.

315.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

315.2 POLICY

The Columbia County Sheriff's Office will investigate all reported incidents of alleged criminal child abuse and ensure that DHS is notified as required by law.

315.3 MANDATORY NOTIFICATION

Members of the Columbia County Sheriff's Office shall notify DHS when a report of child abuse is received or when there is reasonable cause to believe that a child has suffered abuse (ORS 419B.010).

For purposes of notification, a child is an unmarried person under 18 years of age (ORS 419B.005(2)).

315.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (OAR 413-015-0305):

- (a) Verbal notification to DHS shall be made immediately to the Oregon Child Abuse Hotline when the deputy determines that the report of alleged abuse or neglect requires an immediate joint response.
- (b) Verbal, electronic transmission, or hand-delivered notification to DHS of all other reports of child abuse or neglect shall be made by the end of the next business day.
- (c) Notification, when possible, should include:

If the alleged child abuse occurred in a school or was related to a school-sponsored activity, notification shall be made to the Department of Education (ORS 419B.020).

315.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child-appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.

- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (ORS 418.747).

315.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a deputy shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Child Abuse

- (a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if deputies interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

315.5.1 KARLY'S LAW

In all cases of suspicious physical injury to a child, the investigating deputy shall, in accordance with any relevant county multidisciplinary team protocols (ORS 419B.023):

- (a) Immediately photograph or cause to be photographed any visible injuries or any injuries identified by the child if practicable, and in the manner described in ORS 419B.028.
- (b) Ensure that photographs of the injuries are distributed to the designated medical professional and placed in any relevant files by the end of the next regular business day or within 48 hours, whichever occurs later (ORS 419B.028(2)).

If a designated medical professional is unavailable for the assessment, the investigating deputy must ensure that the child is evaluated by an available physician.

315.5.2 INVESTIGATIONS ON SCHOOL PREMISES

When an investigation of child abuse is conducted on school premises, the investigating deputy shall first notify the school administrator of the investigation, unless the school administrator

Child Abuse

is a subject of the investigation. The investigator shall present identification to school staff members. The investigator is not required to reveal information about the investigation to the school as a condition of conducting the investigation. At the investigator's discretion, the school administrator or a school staff member designated by the school administrator may be present to facilitate the investigation. Prior to any interview with the affected child, the investigating deputy shall be advised of the child's disabling conditions, if any. These provisions apply to an investigation that involves an interview with the suspected victim of abuse or witnesses and not to investigations or interviews of a person suspected of having committed the abuse (ORS 419B.045).

315.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the deputy should make reasonable attempts to contact DHS. Generally, removal of a child from his/her family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this office should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the deputy should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the deputy shall ensure that the child is delivered to DHS.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (ORS 419B.150):

- (a) When there is reasonable cause to believe any of the following:
 - 1. An imminent threat of severe harm to the child exists
 - 2. The child poses an imminent threat of severe harm to self or others
 - 3. An imminent threat that the child may be removed from the jurisdiction of the juvenile court exists
- (b) When the juvenile court has issued a valid order that the child is to be taken into protective custody
- (c) When it reasonably appears that the child has run away from home

315.6.1 NOTICE TO PARENTS

When a deputy takes a child into protective custody, if possible, the deputy shall:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Child Abuse

- (a) Make reasonable efforts to immediately notify the child's parents or guardian, regardless of the time of day.
- (b) Advise the reason the child has been taken into custody.
- (c) Provide general information about the child's placement and the telephone number of the local DHS office, including any after-hours telephone numbers (ORS 419B.020).

315.6.2 SAFE HAVEN PROVISION

A parent may leave an infant who is not more than 30 days old at an authorized facility, including this office, as long as the child has no evidence of abuse (ORS 418.017).

When an infant is surrendered to this office, members of the Columbia County Sheriff's Office shall follow the provisions set forth in ORS 418.017.

315.7 INTERVIEWS

315.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should record the preliminary interview with suspected child abuse victims. Deputies should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

315.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

A deputy should not involuntarily detain a child who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

315.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating deputy should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The deputy should also arrange for the child's transportation to the appropriate medical facility.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Child Abuse

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

315.8.1 COURT ORDERS FOR PRESERVATION OF EVIDENCE

When a deputy is taking a child into protective custody and has reasonable cause to believe that the child has been affected by sexual abuse and rape, and that physical evidence of the abuse exists and is likely to disappear, the court may authorize a physical examination for the purpose of preserving evidence, if such examination is in the best interest of the child (ORS 419B.020).

315.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

315.9.1 SUPERVISOR RESPONSIBILITIES

The Detective Unit supervisor should:

- (a) Work with professionals from the appropriate agencies, including DHS, other law enforcement agencies, medical service providers and local prosecutors to develop community-specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when a deputy notifies the Detective Unit supervisor that the deputy has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when deputies respond to drug labs or other narcotics crime scenes. The checklist will help deputies document the environmental, medical, social and other conditions that may affect the child.

317.2 POLICY

Public alerts may be employed using the Emergency Alert System (EAS), local radio, television and press organizations and other groups to notify the public of incidents, or enlist the aid of the public, when the exchange of information may enhance the safety of the community. Various types of alerts may be available based upon each situation and the alert system's individual criteria.

317.3 RESPONSIBILITIES

317.3.1 EMPLOYEE RESPONSIBILITIES

Employees of the Columbia County Sheriff's Office should notify their supervisor, Shift Supervisor or the Division Commander or Sheriff as soon as practicable upon learning of a situation where public notification, a warning or enlisting the help of the media and public could assist in locating a missing person, apprehending a dangerous person or gathering information.

A supervisor apprised of the need for a public alert is responsible to make the appropriate notifications based upon the circumstances of each situation. The supervisor shall promptly notify the Division Commander and/or the Sheriff when any public alert is generated.

An AMBER Alert should not be used if the child is a runaway or has been abducted as a result of a child custody situation, unless the child may be in danger of serious bodily harm or death.

317.4.2 PROCEDURE

The AMBER Alert Web Portal is used to post the appropriate alert information.

Prior to posting the AMBER Alert message, consideration should be given to ensuring adequate staffing for the tip line, 9-1-1 lines and any media line. AMBER Alerts generate significant public and media interest. It is likely that a high volume of calls from the public and media will be received. Reassigning personnel from other units or requesting mutual aid from other agencies should be considered.

The suspect's name, if known, should be entered in the "AKA" moniker field. The child's name and other critical data elements, including the child abduction (CA) and AMBER Alert (AA) flags, must be entered into the NCIC system in order to trigger the resources of the National Center for Missing and Exploited Children (NCMEC) and the FBI.

Columbia County Sheriff's Office

 - 2. National Center for Missing and Exploited Children 800-843-5678

The FBI and NCMEC will have received notification of the AMBER Alert via the NCIC computer entries. If needed, the Oregon State Police Missing Children Clearinghouse is available to assist agencies with any additional notifications or to serve as the liaison with NCMEC.

While it is recognized that not all crime can be prevented, this office is committed to taking a proactive approach to preventing and preparing for likely hate crimes by:

Standards of Conduct

320.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Columbia County Sheriff's Office and are expected of all office members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this office or a member's supervisors.

320.2 POLICY

The continued employment or appointment of every member of the Columbia County Sheriff's Office shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

320.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any office supervisor or person in a position of authority, absent a reasonable and bona fide justification.

320.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or office policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, office policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Standards of Conduct

The person countermanning the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

- (a) Failure to be reasonably aware of the performance of their subordinates or to provide appropriate guidance and control.
- (b) Failure to promptly and fully report any known misconduct of a member to his/her immediate supervisor or to document such misconduct appropriately or as required by policy.
- (c) Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.
- (d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

320.4 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and Oregon constitutions and all applicable laws, ordinances, and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

320.4.1 DUTY TO INTERVENE AND REPORT MISCONDUCT

A deputy who observes another deputy engaging in misconduct shall intervene to prevent or stop the conduct unless the deputy cannot intervene safely. A deputy who witnesses such conduct shall report the misconduct to a supervisor as soon as practicable, but not later than 72 hours after witnessing the misconduct (2020 Oregon Laws, c.5, § 2).

Failure to intervene or report the misconduct is grounds for discipline by the Office or suspension or revocation of the deputies certification by the Department of Public Safety Standards and Training (2020 Oregon Laws, c.5, § 2).

Misconduct means (2020 Oregon Laws, c.5, § 2):

- (a) Unjustified or excessive force that is objectively unreasonable under the circumstances or in violation of the office policies related to the use of force.

Approval may be granted at the Agencies discretion. If the application is approved, the cost of the Reserve Officer Academy will be paid by the agency. 325.5 DUTIES OF RESERVE DEPUTIES

325.6.1 TRAINING OFFICERS

Deputies of this department, who demonstrate a desire and ability to train reserve deputies, may train the reserves during intermediate level training, subject to Division Commander approval.

325.6.2 PRIMARY TRAINING OFFICER

Upon completion of the Academy, reserve deputies will be assigned to a primary training officer. The primary training officer will be selected by a Division Commander or Sergeant. This does not exclude the reserve deputy from working with another deputy with approval from a Division Commander or Sergeant.

Each new reserve deputy will be issued a Field Training Manual. This manual is an outline of the subject matter and/or skills necessary to properly function as a deputy with the Columbia County Sheriff's Office. 325.6.4 COMPLETION OF THE RECRUIT TRAINING

Recruit training by level 1 Reserve Deputies will consist solely of mandatory academy training with ride-along time as an option. At the completion of the recruit training (Reserve Officer Academy), the primary training officer will meet with the Reserve Coordinator. The purpose of this meeting is to discuss the progress of the reserve deputy in training.

If the reserve deputy has progressed satisfactorily, he/she will then proceed to level 2 of the training. If he/she has not progressed satisfactorily, the Reserve Coordinator will determine the appropriate action to be taken.

325.6.5 INTERMEDIATE TRAINING FOR LEVEL 2 RESERVE DEPUTIES

The level 2 (Intermediate) Training shall begin with 80 hours of on-duty training that is provided by the primary training officer. The training will focus on basic skills and abilities, with heavy focus on officer safety skills, radio and computer operations, familiarization with geography, etc. The primary training officer will complete a brief evaluation of the reserve deputy after each training episode. At the conclusion of the 80 hours of training, the primary training officer should meet with both the reserve deputy and the reserve coordinator to assess the progress of the reserve deputy. Should it be determined that the reserve deputy is not progressing as expected, alternative training options may be explored at the agency's discretion.

Should the reserve deputy be deemed to be progressing as expected, the Reserve Deputy will begin an additional 150 hours of on-duty training. The reserve deputy will no longer be required to ride with his/her primary training officer. The reserve deputy may now ride with any deputy designated by the Division Commander. Each training officer will complete a brief evaluation of the reserve deputy after each training episode. The bulk of the material in the Field Training Manual will be completed by the trainee during this phase of intermediate training.

During level 2 training, as with level 1, the reserve deputy's performance will be closely monitored. In addition, rapid progress should continue towards the completion of the Deputy's Field Training Manual. At the completion of level 2 training, the Reserve deputy will return to his/her primary training officer for of final training and evaluation.

325.6.6 ADVANCED TRAINING FOR LEVEL 2 RESERVE DEPUTIES

Advanced training shall consist of 40 hours of additional on-duty training. For this training phase, the reserve deputy will return to his/her original primary training officer or designee. During this phase, training will deal with more advanced concepts of law enforcement, such as criminal investigation, interviewing and crime analysis. The training officer will evaluate the reserve deputy for suitability to graduate from the formal training program.

At the completion of advanced training, the primary training officer will meet with the Reserve Coordinator. Based upon the reserve deputy's evaluations, plus input from the primary training officer, the Reserve Coordinator shall decide if the reserve deputy has satisfactorily completed his/her formal training. If the reserve deputy has progressed satisfactorily, he/she will then graduate from the formal training process. If his/her progress is not satisfactory, the Reserve Coordinator will decide upon the appropriate action to be taken, with consultation with a Division Commander.

325.6.7 COMPLETION OF THE FORMAL TRAINING PROCESS

When a reserve deputy has satisfactorily completed all phases of formal training, he/she will have had a minimum of 270 hours of on-duty training in addition to the time spent in a Reserve Officer Academy. He/she will no longer be required to ride with a reserve training officer. The reserve deputy may now be assigned to ride with any deputy and is authorized to participate as assigned in a law enforcement function under the supervision of a Deputy, or as otherwise assigned by the Division Commander or supervisor.

The Reserve Deputy at this stage of training and experience may remain a level 2 Reserve Deputy and participate in routine and annual training and updates while not being eligible to work in a solo status or as a part-time paid deputy. 325.7 SUPERVISION OF RESERVE DEPUTIES

Level II reserve deputy should be under the immediate supervision of a regular sworn deputy. Although a reserve deputy may have attained the status of a Level II reserve deputy, these provisions shall continue to apply unless special authorization is received which relieves the immediate supervision requirement.

A reserve deputy may be assigned as and act as a supervisor of other volunteers provided that the supervisor reserve deputy is under the direct supervision of a paid staff member. Any volunteer supervising other volunteers is subject to the same rules and regulations related to their actions taken as a supervisor which apply to paid supervisory staff. Volunteers are subordinate to paid staff members—all of whom have a supervisory relationship with any volunteer.

The County and the Sheriff's Office prohibit, through policy and union contracts, any employee from supervising another employee with whom they are related or with whom they are involved in an intimate relationship. An intimate relationship is defined as a current romantic relationship between members who date, cohabit or a current close relationship between members who engage in sexual activity with one another. Given that all paid staff are supervisory to all volunteers, no volunteer may start or continue to provide services to the Sheriff's Office if that volunteer is or becomes involved in an intimate relationship with a current paid Sheriff's Office employee.

Volunteers are required to report the existence or development of any such intimate relationship to the Sergeant and/or Lieutenant overseeing that particular volunteer program.

(Refer to policy 1022 *Nepotism and Conflicting Relationships*).

- Officer-involved shooting on- or off-duty (see the Officer-Involved Shootings and Deaths Policy for special notifications)
- Significant injury or death to an employee on- or off-duty
- Death of a prominent official
- Arrest of department employee or prominent official
- Aircraft crash with major damage and/or injury or death
- In-custody deaths
- Any other event likely to attract media attention

328.4 ENFORCEMENT DIVISION COMMANDER RESPONSIBILITY

The Enforcement Division Commander (Lieutenant) is responsible for making the appropriate notifications. The Enforcement Division Commander (Lieutenant) shall make reasonable attempts to obtain as much information on the incident as possible before notification. The Enforcement Division Commander (Lieutenant) shall attempt to make the notifications as soon as practicable.

328.4.1 STAFF NOTIFICATION

In the event an incident occurs as described in the Policy section of this policy, the Sheriff shall be notified along with the affected Division Commander (s) and the Criminal Investigation Supervisor if the Enforcement Division is involved.

Major Incident Notification

328.4.2 TRAFFIC DIVISION NOTIFICATION

In the event of a traffic fatality or major injury, the Enforcement Lieutenant should be notified.

328.4.3 PUBLIC INFORMATION OFFICER (PIO)

The Public Information Officer shall be called after members of staff have been notified that it appears the media may have a significant interest in the incident.

Death Investigation

329.1 PURPOSE AND SCOPE

The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent, and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

329.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (decapitated, decomposed, etc.). Only those Deputies who are certified deputy medical examiners are authorized to pronounce death.

329.2.1 MEDICAL EXAMINER NOTIFICATION

Oregon Revised Statutes 146.090 requires that a medical examiner must be notified in the following circumstances. Any death:

- (a) Apparently homicidal, suicidal or occurring under suspicious or unknown circumstances
- (b) Resulting from the unlawful use of controlled substances or the use or abuse of chemicals or toxic agents
- (c) Occurring while incarcerated in any jail, correction facility, or in police custody
- (d) Apparently accidental or following an injury
- (e) By disease, injury or toxic agent during or arising from employment
- (f) While not under the care of a physician during the period immediately previous to death
- (g) Related to disease which might constitute a threat to the public health
- (h) In which a human body apparently has been disposed of in a manner that is offensive to the generally accepted standards of the community

The body, effects of the deceased, and any instruments or weapons related to the death shall not be disturbed or moved from the position or place of death without permission of the Medical Examiner, medical-legal death investigator or the District Attorney (ORS 146.103).

A Medical Examiner, medical-legal death investigator or District Attorney, in conjunction with the Columbia County Sheriff's Office and/or the county Major Crime Team, shall take custody of, or exercise control over the body, the effects of the deceased and any weapons, instruments, vehicles, buildings or premises which the medical examiner has reason to believe were involved in the death, in order to preserve evidence related to the cause and manner of death (ORS 146.103).

The members of the Columbia County Sheriff's Office will work cooperatively with both the Medical Examiner's Office and the District Attorney in all death investigations.

Columbia County Sheriff's Office

Death Investigation

329.2.2 SEARCHING DEAD BODIES

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the deputy pending the arrival of the Medical Examiner. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased, a receipt shall be obtained. This receipt shall be attached to the death report.

Deputies must make a reasonable search of an individual who reasonably appears to be dead or near death for a document of gift or other information identifying the individual as a donor or as an individual who made a donor refusal. If a document of gift or a refusal to make an anatomical gift is located and the individual or deceased individual is taken to a hospital, the deputy must alert the hospital staff to the documentation and forward it to the hospital (ORS 97.970). Deputies must consider the integrity of the scene and evidence collection issues when deciding whether a search is reasonable.

329.2.3 DEATH NOTIFICATION

When practical, and if not handled by the Medical Examiner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the deputy assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Medical Examiner may be requested to make the notification. The Medical Examiner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

Upon identifying the body, investigators shall attempt to locate the next of kin or responsible friends to obtain the designation of a funeral home to which the deceased is to be taken.

329.2.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Medical Examiner arrives, the Medical Examiner's office will issue a "John Doe" or "Jane Doe" number for the report.

329.2.5 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

329.2.6 SUSPECTED HOMICIDE

If the initially assigned deputy suspects that the death involves a homicide or other suspicious circumstances, the Investigations Division shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

329.3 DUTIES AND RESPONSIBILITIES OF DEPUTY MEDICAL EXAMINER

Deputies appointed to act as Deputy Medical Examiners investigate all deaths requiring notification of the Medical Examiner, as listed in section 329.2.1 above, including sudden or unexpected deaths, within the jurisdiction of Columbia County. Deputy Medical Examiners conduct these investigation in order to determine the identity of the deceased, to the degree possible

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Death Investigation

establish the date and time of the death, determine the circumstances immediately surrounding the death, and to determine the cause and manner of death.

Deputy Medical Examiners are are charged with the significant responsibility of determining if a death is a result of a criminal act or is the result of a natural occurrence.

Identity Theft

330.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. A person commits the crime of identity theft if the person, with the intent to deceive or to defraud, obtains, possesses, transfers, creates, utters or converts to the person own use the personal identification of another person (Oregon Revised Statutes 165.800). This policy is intended to provide guidelines for the reporting and investigation of such crimes.

330.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, deputies presented with the crime of "identity theft" shall initiate a report for victims residing within the jurisdiction of this office. For incidents of identity theft occurring outside this jurisdiction, deputies should observe the following:
 - 1. For any victim not residing within this jurisdiction, the deputy may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, deputies of this office should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).
- (c) Deputies should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Deputies should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.
- (e) Following supervisory review and office processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

Private Persons Arrests

331.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to ORS 133.220(5).

331.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Deputies should use sound discretion in determining whether or not to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, deputies should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

331.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another person for any crime committed in the presence of the private person if the private person has probable cause to believe the arrested person committed the crime. A person making such an arrest shall, without unnecessary delay, take the arrested person before a magistrate or deliver the arrested person to a peace officer (ORS 133.225).

In making an arrest, a private person may use the amount of force they reasonable believe is necessary to make the arrest or to prevent the arrested person's escape.

331.4 DEPUTY RESPONSIBILITIES

Any deputy presented with a private person wishing to make an arrest must determine whether or not there is probable cause to believe that such an arrest would be lawful.

- (a) Should any deputy determine that there is no probable cause to believe that a private person's arrest is lawful, the deputy should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
 1. Any deputy who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The deputy must include the basis of such a determination in a related report.
 2. Absent probable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the deputy, the deputy should

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Private Persons Arrests

advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

- (b) Whenever a deputy determines that there is probable cause to believe that a private person's arrest is lawful, the deputy may exercise any of the following options:
 - 1. Take the individual into physical custody for booking.
 - 2. Release the individual subsequent to the issuance of a citation for the individual to appear in the appropriate court.

331.5 REPORTING REQUIREMENTS

Deputies shall complete a narrative report regarding the circumstances and disposition of the incident.

Limited English Proficiency Services

332.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

332.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Office to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Columbia County Sheriff's Office, designated by the Office, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

332.2 POLICY

It is the policy of the Columbia County Sheriff's Office to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Office will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

332.3 LEP COORDINATOR

The Sheriff shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Chief Deputy or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

- (a) Coordinating and implementing all aspects of the Columbia County Sheriff's Office's LEP services to LEP individuals.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Limited English Proficiency Services

- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to the Enforcement Division Commander. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by this office to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of this office in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding office LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to office services, programs and activities.

332.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Office will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by office members, or who may benefit from programs or services within the jurisdiction of the Office or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with office members, programs or services.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Limited English Proficiency Services

- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

332.5 TYPES OF LEP ASSISTANCE AVAILABLE

Columbia County Sheriff's Office members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Office will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Office will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept office-provided LEP services at no cost or they may choose to provide their own.

Office-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

332.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

332.7 AUTHORIZED INTERPRETERS

Any person designated by the Office to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the office case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this office and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

Columbia County Sheriff's Office

332.7.1 SOURCES OF AUTHORIZED INTERPRETERS

The Office may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this office or personnel from other County departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this office, and with whom the Office has a resource-sharing or other arrangement that they will interpret according to office guidelines.

332.7.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Office to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, office members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

332.8 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this office will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this office is required to complete a report or other documentation and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Office or some other identified source.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Limited English Proficiency Services

332.9 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Columbia County Sheriff's Office will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by giving preference points in the hiring or appointing process for qualified members proficient in languages representative of the community being served as well as providing language development skills training for current members.

332.10 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the deputy is unable to effectively communicate with an LEP individual.

If available, deputies should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

332.11 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, deputies should consider calling for an authorized interpreter in the following order:

- An authorized office member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Limited English Proficiency Services

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

332.12 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

332.12.1 INTERPRETER REQUIRED IN ARRESTS

A deputy who arrests a person who cannot readily understand or communicate the English language shall, prior to any interrogation or the taking of a statement, make available a qualified interpreter to assist throughout the interrogation or taking of the statement. Fees and expenses of the interpreter will be paid as specified by Oregon law (ORS 133.515).

332.13 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

332.14 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints LEP individuals will first be referred to the LEP Coordinator prior to assignment to an investigator. The LEP Coordinator will assure that the complainant is provided with the proper resources to file his/her complaint.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

332.15 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this office are important to the ultimate success of more traditional law enforcement duties. This office will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

332.16 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures; including how to access department-authorized telephonic and in-person interpreters and other available resources.

The LEP Coordinator shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The LEP Coordinator shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

332.16.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The LEP Coordinator shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

333.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

333.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters.

333.2 POLICY

It is the policy of the Columbia County Sheriff's Office to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Office will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

333.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Sheriff shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Corrections Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the County ADA coordinator regarding the Columbia County Sheriff's Office's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Communications with Persons with Disabilities

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to office services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Shift Supervisor and Dispatch Supervisor. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to office services, programs and activities.

333.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this office should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

333.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Communications with Persons with Disabilities

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Columbia County Sheriff's Office, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

333.6 TYPES OF ASSISTANCE AVAILABLE

Columbia County Sheriff's Office members shall never refuse to assist an individual with disabilities who is requesting assistance. The Office will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Office will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept office-provided auxiliary aids or services or they may choose to provide their own.

Office-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

333.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Office may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

333.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use office-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

333.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Office will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Communications with Persons with Disabilities

333.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Office to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, office members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

333.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

333.12 REPORTING

Whenever any member of this office is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Office or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

333.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Communications with Persons with Disabilities

The Office recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this office. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the deputy is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, deputies should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

333.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

333.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this office will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Communications with Persons with Disabilities

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

333.14.1 INTERPRETER REQUIRED IN ARRESTS

A deputy who arrests a person who is deaf, has a physical hearing impairment or physical speaking impairment shall, prior to any interrogation or the taking of a statement, make available a qualified interpreter to assist throughout the interrogation or taking of the statement. Fees and expenses of the interpreter will be paid as specified by Oregon law (ORS 133.515).

333.15 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting deputy shall use office-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the deputy reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

333.16 COMPLAINTS

The Office shall ensure that individuals with disabilities who wish to file a complaint regarding members of this office are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this office.

333.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this office are important to the ultimate success of more traditional law enforcement duties. This office will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

333.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Office will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Training Coordinator shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Coordinator shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

333.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Dispatch members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

Stalking

334.1 PURPOSE AND SCOPE

This policy establishes procedures for the investigation and enforcement of stalking complaints (ORS 163.730 et seq.).

334.2 POLICY

Stalking behavior frequently results in serious injury and emotional trauma to victims and it is the policy of the Columbia County Sheriff's Office to ensure that complaints of stalking will be given high priority and that every formal stalking complaint will be thoroughly investigated and forwarded to the District Attorney's Office.

334.3 UNIFORM STALKING COMPLAINT

The Office will make available an Oregon Uniform Stalking Complaint form to any person desiring to file a stalking complaint regardless of where the violation is alleged to have occurred. Deputies will provide reasonable assistance as necessary to petitioners to properly complete and sign the form.

Upon receipt of a Uniform Stalking Complaint, deputies shall complete a thorough investigation. All stalking incident reports and the results of any investigation shall be forwarded to the District Attorney's Office within three days, regardless of whether any civil or criminal action was taken (ORS 163.744; ORS 163.738(7)).

334.4 UNIFORM STALKING CITATION

If after investigating a stalking complaint the deputy has probable cause to believe that the offense of stalking has occurred as provided in ORS 163.732(1), the deputy shall issue and attempt to serve a Uniform Stalking Citation to the respondent to appear in court within three judicial days of service to determine if a Stalking Protective Order will be issued (ORS 163.735; ORS 163.738).

334.4.1 SERVICE OF STALKING CITATIONS

If the Uniform Stalking Citation is served on a respondent, the District Attorney's Office will initiate the hearing process. Deputies should:

- (a) Advise the respondent of the following:
 1. The court date and time and location of appearance
 2. The contents of the citation and the state and federal law restrictions contained on the front and back of the respondent's copy of the citation
 3. That if the respondent fails to appear at the hearing, a warrant will be issued for their arrest, as well as a Stalking Protective Order
 4. That engaging in behavior that alarms or coerces the petitioner may result in their arrest

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Stalking

- (b) Provide a copy to the petitioner and advise the petitioner that they must also appear at the hearing or the complaint will be dismissed and the Stalking Protective Order will not be issued.

If there is probable cause to issue a citation, but the citation is not served, deputies should:

- (a) Document attempts to serve the respondent.
- (b) Refer the victim to the following for assistance in obtaining a civil Stalking Protective Order:
 1. A private attorney
 2. Legal Aid
 3. The District Attorney's office Victim Assistance Unit

334.5 ARREST

Deputies may arrest or cite a suspect for any criminal offense committed (including stalking) if the statutory elements have been met, as well as issue a (civil) Uniform Stalking Citation; the two actions are not mutually exclusive.

334.5.1 STALKING PROTECTIVE ORDERS

Once the court issues a Stalking Protective Order and it is served on the respondent, deputies may arrest the respondent for violating the terms of the order (ORS 163.750).

334.6 RESTRAINING ORDERS

Court stalking orders and restraining orders are different and are not mutually exclusive. Stalking reports may be appropriate even if a valid restraining order is in place.

All applicants shall be required to meet and pass the same pre-employment procedures as office personnel before appointment.

335.4.1 RECRUITMENT

Chaplains should be recruited on a continuous and ongoing basis consistent with office policy on equal opportunity and nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in and an ability to assist the Office in serving the public. Chaplain candidates are encouraged to participate in ride-alongs with office members before and during the selection process.

335.4.2 SELECTION AND APPOINTMENT

Chaplain candidates shall successfully complete the following process prior to appointment as a chaplain:

335.5 IDENTIFICATION AND UNIFORMS

As representatives of the Office, chaplains are responsible for presenting a professional image to the community. Chaplains shall dress appropriately for the conditions and performance of their duties. Uniforms and necessary safety equipment will be provided for each chaplain. Identification symbols worn by chaplains shall be different and distinct from those worn by deputies through the inclusion of "Chaplain" on the uniform and not reflect any religious affiliation.

Chaplains will be issued Columbia County Sheriff's Office identification cards, which must be carried at all times while on-duty. The identification cards will be the standard Columbia County Sheriff's Office identification cards, with the exception that "Chaplain" will be indicated on the cards. Chaplains shall be required to return any issued uniforms or office property at the termination of service.

Chaplains shall conform to all uniform regulations and appearance standards of this office.

335.6 CHAPLAIN COORDINATOR

The Sheriff shall delegate certain responsibilities to a chaplain coordinator. The coordinator shall be appointed by and directly responsible to the Chief Deputy or the authorized designee.

The chaplain coordinator shall serve as the liaison between the chaplains and the Sheriff. The function of the coordinator is to provide a central coordinating point for effective chaplain management within the Office, and to direct and assist efforts to jointly provide more productive chaplain services. Under the general direction of the Sheriff or the authorized designee, chaplains shall report to the chaplain coordinator and/or Shift Supervisor.

The chaplain coordinator may appoint a senior chaplain or other designee to assist in the coordination of chaplains and their activities.

The responsibilities of the coordinator or the authorized designee include, but are not limited to:

- (a) Recruiting, selecting and training qualified chaplains.
- (b) Conducting chaplain meetings.

335.7 DUTIES AND RESPONSIBILITIES

Chaplains assist the Office, its members and the community, as needed. Assignments of chaplains will usually be to augment the Enforcement Division Division. Chaplains may be assigned to other areas within the Office as needed. Chaplains should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Office.

All chaplains will be assigned to duties by the chaplain coordinator or the authorized designee.

Chaplains may not proselytize or attempt to recruit members of the Office or the public into a religious affiliation while representing themselves as chaplains with this office. If there is any question as to the receiving person's intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Chaplains may not accept gratuities for any service or any subsequent actions or follow-up contacts that were provided while functioning as a chaplain for the Columbia County Sheriff's Office.

335.7.1 COMPLIANCE

Chaplains are volunteer members of this office, and except as otherwise specified within this policy, are required to comply with the Volunteer Program Policy and other applicable policies.

335.8 PRIVILEGED COMMUNICATIONS

No person who provides chaplain services to members of the Office may work or volunteer for the Columbia County Sheriff's Office in any capacity other than that of chaplain.

Office chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent, psychotherapist-patient and other potentially applicable privileges and shall inform members when it appears reasonably likely that the member is discussing matters that are not subject to privileged communications. In such cases, the chaplain should consider referring the member to a non-office counseling resource.

No chaplain shall provide counsel to or receive confidential communications from any Columbia County Sheriff's Office member concerning an incident personally witnessed by the chaplain or concerning an incident involving the chaplain.

Child and Dependent Adult Safety

336.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this office.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Adult Abuse Policy.

336.2 POLICY

It is the policy of this office to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Columbia County Sheriff's Office will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

336.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation deputies should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, deputies should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Deputies should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, deputies should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, deputies should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the deputy at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Child and Dependent Adult Safety

336.3.1 AFTER AN ARREST

Whenever an arrest is made, the deputy should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Deputies should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Deputies should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), deputies should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the deputy should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services, if appropriate.
- (e) Notify the field supervisor or Shift Supervisor of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting deputy should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

336.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Child and Dependent Adult Safety

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

336.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

336.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling deputies, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

336.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling deputy should contact the appropriate welfare service or other office-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the sheriff's facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Child and Dependent Adult Safety

336.5 TRAINING

The Training Coordinator is responsible to ensure that all members of this office who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

Service Animals

337.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Columbia County Sheriff's Office recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

337.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

337.2.1 STATE LAW

Oregon law expands the definition of a service or assistance animal to include a dog or other animal designated by administrative rule that is individually trained to do work or perform tasks for the benefit of an individual (OAR 839-006-0345).

337.2.2 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

The following examples are some of the ways service animals may be used to provide assistance:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting people with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Service Animals

337.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Office members are expected to treat individuals with service animals with the same courtesy and respect that the Columbia County Sheriff's Office affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations a deputy may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this office are expected to provide all services as are reasonably available to an individual with a disability.

If it is apparent or if a deputy is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the deputy should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task the animal meets the definition of a service animal and no further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Office members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this office should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, deputies should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as the result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Office. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Office.

Unless otherwise directed by a supervisor or office policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by office policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Office. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Office, or maintain that they represent the Office in such matters without permission from the proper office personnel.

338.7 EVALUATION

An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.

Off-Duty Law Enforcement Actions

339.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place a deputy as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for deputies of the Columbia County Sheriff's Office with respect to taking law enforcement action while off-duty.

339.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Deputies should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Deputies are not expected to place themselves in unreasonable peril. However, any sworn member of this office who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, deputies should first consider reporting and monitoring the activity and only take direct action as a last resort.

339.3 FIREARMS

Deputies of this office may carry firearms while off-duty in accordance with federal regulations and office policy. All firearms and ammunition must meet guidelines as described in the office Firearms Policy. When carrying firearms while off-duty deputies shall also carry their office-issued badge and identification.

Deputies should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any deputy who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the deputy's senses or judgment.

339.4 DECISION TO INTERVENE

There is no legal requirement for off-duty deputies to take law enforcement action. However, should deputies decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, OC or baton.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty deputy were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty deputy to be misidentified by other peace officers or members of the public.

Deputies should consider waiting for on-duty uniformed deputies to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

339.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the deputy should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty deputy is on-scene and should be provided a description of the deputy if possible.

Whenever practicable, the deputy should loudly and repeatedly identify him/herself as an Columbia County Sheriff's Office deputy until acknowledged. Official identification should also be displayed.

339.4.2 INCIDENTS OF PERSONAL INTEREST

Deputies should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances deputies should call the responsible agency to handle the matter.

339.4.3 NON-SWORN RESPONSIBILITIES

Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

339.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed deputy in public, uniformed deputies should wait for acknowledgement by the non-uniformed deputy in case he/she needs to maintain an undercover capability.

339.5 REPORTING

Any off-duty deputy who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Enforcement Division Commander (Lieutenant) as soon as practicable. The Enforcement Division Commander (Lieutenant) shall determine whether a report should be filed by the employee.

Deputies should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Office social media sites shall be designed and maintained to prevent posting of content by the public.

The Office may provide a method for members of the public to contact office members directly.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Office Use of Social Media

343.6 MONITORING CONTENT

The Sheriff will appoint a supervisor to review, at least annually, the use of office social media as a means of communication with the public and report back on, at a minimum, the resources being used, the effectiveness of the content, any unauthorized or inappropriate content and the resolution of any issues. This review will not include the use of social media as an investigative tool employed as part of the official business of the Sheriff's Office

343.7 RETENTION OF RECORDS

The Support Services Division Commander should work with the Custodian of Records to establish a method of ensuring that public records generated in the process of social media use are retained in accordance with established records retention schedules.

Remote Restraint Device

344.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of BolaWrap™ devices in order to minimize injury to suspects, subjects, and officers.

344.2 POLICY

The BolaWrap™ devices are intended to immobilize and control resistive or non-compliant persons. The appropriate use of such a device should result in fewer serious injuries to deputies and suspects. The BolaWrap™ is a hand-held remote restraint device that discharges an eight-foot bola-style Kevlar tether. The motion of the tether after it is discharged is intended to entangle or wrap an individual and cause temporary incapacitation. The manufacturer's recommended effective range of the BolaWrap device is ten to twenty feet.

344.3 ISSUANCE AND CARRYING BOLAWRAP DEVICES

Only members who have successfully completed office-approved training may be issued, carry and deploy the BolaWrap™ devices.

The BolaWrap™ devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the office's inventory.

Deputies shall only use the BolaWrap™ and cartridges that have been issued by the Office. Uniformed deputies who have been issued the BolaWrap™ shall wear the device in an approved holster on their person. Non-uniformed deputies may secure the BolaWrap™ in the driver's compartment of their vehicle for access prior to deployment.

Members shall be responsible for ensuring that their issued BolaWrap™ device is properly maintained and in good working order.

When carried while in uniform, deputies shall carry the BolaWrap™ in a weak-side holster on the side opposite the duty weapon.

The BolaWrap™ shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.

Whenever practicable, deputies should carry two or more cartridges on their person when carrying the BolaWrap™ device.

Deputies should not hold both a firearm and the BolaWrap™ device at the same time.

344.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the BolaWrap™ device should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to:

- a) Provide the individual with a reasonable opportunity to voluntarily comply.

Remote Restraint Device

b) Provide other officers and individuals with a warning that the BolaWrap device may be deployed.

The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the BolaWrap™ device in the related report.

344.5 USE OF THE BOLAWRAP™ DEVICE

The BolaWrap™ device has limitations and restrictions requiring consideration before its use. The device should only be used when its operator can safely approach the subject within the operational range of the device. Although the BolaWrap™ device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

344.5.1 APPLICATION OF THE BOLAWRAP™ DEVICE

The BolaWrap™ device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

- a) The subject is violent or is physically resisting.
- b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.
- c) Passive resistance, without other known circumstances or factors, is not good cause for the use of the BolaWrap™ device to apprehend an individual. Use of the device to overcome passive resistance to custodial arrest is an authorized use of the BolaWrap™ device.
- d) Mere flight from a pursuing deputy, without other known circumstances or factors, is not good cause for the use of the BolaWrap™ device to apprehend an individual.

344.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the BolaWrap™ device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the deputy, the subject or others, and the deputy reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- a) Individuals who are known to be pregnant.
- b) Elderly individuals or obvious juveniles.
- c) Individuals who are handcuffed or otherwise restrained.
- d) Individuals detained in a police vehicle.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Remote Restraint Device

- e) Individuals in danger of falling or becoming entangled in machinery or heavy equipment, which could result in death or serious bodily injury.
- f) Individuals near any body of water that may present a drowning risk.
- g) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

The BolaWrap™ device shall not be used to psychologically torment, elicit statements or to punish any individual.

344.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower extremities or lower arms. The head, neck, chest and groin shall be avoided. If the dynamics of a situation or officer safety do not permit the deputy to limit the application of the BolaWrap™ device to a precise target area, deputies should monitor the condition of the subject if it strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

344.5.4 MULTIPLE APPLICATIONS OF THE BOLAWRAP™ DEVICE

If the first application of the BolaWrap™ device appears to be ineffective in gaining control of an individual, the deputy should consider certain factors before additional applications of the device, including:

- a) Whether the Kevlar cord or pellets/barbs are making proper contact.
- b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- c) Whether verbal commands, other options or tactics may be more effective.

344.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Following the use of the BolaWrap™ device deputies shall notify a supervisor of all BolaWrap™ deployments. The expended cartridge, pellets/barbs and Kevlar cord should be collected and submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the barbs penetrated the subject's skin.

- a) The supervisor shall determine whether transporting the person to a medical facility is necessary to remove the pellets/barbs.
- b) If the supervisor determines that removal of the Kevlar cord is appropriate at the scene, the supervisor or deputy shall remove the Kevlar cord using the department issued BolaWrap™ cutter.

344.5.6 DANGEROUS ANIMALS

The BolaWrap™ should not be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, even if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Remote Restraint Device

344.5.7 OFF-DUTY CONSIDERATIONS

Deputies are not authorized to carry the BolaWrap™ while off-duty. Deputies shall ensure that the BolaWrap™ are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

344.6 DOCUMENTATION

Deputies shall document all BolaWrap™ device deployments in the related arrest/crime report narrative and in a Use of Force report. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person and laser activation will also be documented on the report form.

344.6.1 BOLAWRAP™ DEVICE FORM

All use of force reports are evaluated by the Skills Instructor to determine the propriety of the use of force. In the case of the BolaWrap™ device the Skills Instructor will complete the Device Report related to the deployment of the device by drawing on information you include in your arrest/crime report or use of force report. The following information is required to complete the BolaWrap™ device report form:

- a) The BolaWrap™ device & cartridge serial numbers.
- b) Date, time and location of the incident.
- c) Whether any display or laser deterred a subject and gained compliance.
- d) The number of BolaWrap™ device activations and the duration between activations (as best as can be determined).
- e) The range at which the BolaWrap™ device was used.
- f) Location of any deployments impact.
- g) Description of where missed deployments went.
- h) Whether medical care was provided to the subject.
- i) Whether the subject sustained any injuries.
- j) Whether any officers sustained any injuries.

344.6.2 REPORTS

The officer should include the following in the arrest/crime report

- a) Identification of all personnel firing BolaWrap™ devices
- b) Identification of all witnesses
- c) Medical care provided to the subject
- d) Observations of the subject's physical and physiological actions
- e) Any known or suspected drug use, intoxication or other medical problems

344.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove The BolaWrap™ device pellets/barbs from the sensitive areas of a person's body. Sensitive areas include head, face, neck, eyes, female breasts,

groin. The BolaWrap™ device pellets/barbs that are not in the described sensitive areas may be removed by trained personnel. Used BolaWrap™ device pellets/barbs shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by The BolaWrap™ device pellets/barbs who complain of or display injury as a result of the deployment shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- a) The person is suspected of being under the influence of controlled substances and/ or alcohol.
- b) The person may be pregnant.
- c) The person reasonably appears to be in need of medical attention.
- d) The BolaWrap™ device pellets/barbs are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- e) The person requests medical treatment.

If any individual refuses medical attention, such a refusal should be witnessed by another deputy and/or medical personnel and shall be fully documented in related reports.

If a recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting deputy shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the BolaWrap™ device.

344.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is likelihood the BolaWrap™ device may be used. A supervisor should respond to all incidents where the BolaWrap™ device was activated.

A supervisor shall review each incident where a person has been exposed to an activation of the BolaWrap™ device. Photographs of should be taken, including if the skin is penetrated, and witnesses interviewed.

344.9 TRAINING

Personnel who are authorized to carry the BolaWrap™ device shall be permitted to do so only after successfully completing the initial department-approved training. Proficiency training for personnel who have been issued BolaWrap™ devices should occur every year. A reassessment of a deputy's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Coordinator. All training and proficiency for BolaWrap™ devices will be documented in the deputy's training file.

Command staff, supervisors and investigators should receive BolaWrap™ device training as appropriate for the investigations they conduct and review.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Remote Restraint Device

Deputies who do not carry BolaWrap™ devices should receive training that is sufficient to familiarize them with the device and with working with deputies who use the device.

The Training Coordinator is responsible for ensuring that all members who carry BolaWrap™ devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of BolaWrap™ devices during training could result in injury to personnel and should not be mandatory for certification.

The Training Coordinator should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Target area considerations, to include techniques or options to reduce the unintentional application of pellets/barbs near the head, neck, chest, and groin.
- (d) Handcuffing a subject during the application of the BolaWrap™ device and transitioning to other force options.
- (e) De-escalation techniques.
- (f) Restraint techniques that do not impair respiration following the application of the BolaWrap™ device.

Deputies are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Crime and Disaster Scene Integrity

402.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

402.2 POLICY

It is the policy of the Columbia County Sheriff's Office to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

402.3 SCENE RESPONSIBILITY

The first deputy at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Deputies shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once a deputy has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the deputy shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

402.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.

- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

Crime and Disaster Scene Integrity

402.5 SEARCHES

Deputies arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once deputies are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Deputies should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

402.5.1 CONSENT

When possible, deputies should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

402.6 DIVISION COMMANDER RESPONSIBILITIES

The Enforcement Division Commander is responsible for:

- (a) Ensuring reasonable access to qualified personnel, equipment and supplies for processing crime scenes.

The ride-along may be continued or terminated at this time.

403.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit their participation. These instructions should include:

- (a) The ride-along will follow the directions of the deputy

Hazardous Material Response

404.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees resulting from their exposure. The following is to be the policy of this office.

404.1.1 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed. See Oregon Revised Statutes 453.005(7) for a complete list.

404.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from person transporting).
- (b) Notify Fire Department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of immediate area and surrounding areas dependent on substance.

404.3 REPORTING EXPOSURE(S)

Office personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the Commanding Officer. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

404.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Office will be obtained through the Fire Department.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Hazardous Material Response

The employee or employees supervisor if the employee is unable, will complete a Workers Compensation form if an injury is diagnosed Oregon Revised Statutes 656.265. If an injury is not apparent but exposure to a hazardous substance is possible, the employee will complete an incident report indicating the circumstances of the event and the potential of an exposure.

Hostage and Barricade Incidents

405.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where deputies have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the deputies by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that deputies encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

405.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

405.2 POLICY

It is the policy of the Columbia County Sheriff's Office to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

405.3 COMMUNICATION

When circumstances permit, initial responding deputies should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Deputies should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, office-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

405.3.1 EMERGENCY COMMUNICATIONS

A supervisor who has probable cause to believe that a hostage is being held may order a telephone company to cut, reroute or divert telephone lines to prevent a suspect from communicating with anyone other than deputies or other designated individuals (ORS 165.549).

Hostage and Barricade Incidents

405.4 FIRST RESPONDER CONSIDERATIONS

First responding deputies should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding deputy should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding deputy shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The deputy shall continually evaluate the situation, including the level of risk to deputies, to the persons involved and to bystanders, and the resources currently available.

The handling deputy should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

405.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, deputies handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Office, such as command officers and the Public Information Officer.
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

Columbia County Sheriff's Office

Hostage and Barricade Incidents

- (k) Establish a command post.

405.4.2 HOSTAGE SITUATION

Deputies presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that deputies react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Office, such as command officers and the Public Information Officer.
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

405.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Hostage and Barricade Incidents

and assume the role of Incident Commander until properly relieved. This includes requesting a Crisis Response Unit (CRU) response if appropriate and apprising the CRU Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the County during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.
- (i) Identify a media staging area outside the outer perimeter and have the office Public Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

405.6 HOSTAGE NEGOTIATION TEAM RESPONSIBILITIES

The office relies on other law enforcement agencies for Hostage Negotiation Team (HNT) capabilities. It will be the Incident Commander's decision, with input from the HNT Commander, whether to deploy the HNT during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the HNT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the HNT. The Incident Commander and the HNT Commander or the authorized designee shall maintain communications at all times.

405.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling deputy at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

406.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Columbia County Sheriff's Office in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

406.2 POLICY

It is the policy of the Columbia County Sheriff's Office to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

406.3 RECEIPT OF BOMB THREAT

Office members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established office evidence procedures.

The member receiving the bomb threat should ensure that the Shift Supervisor is immediately advised and informed of the details. This will enable the Shift Supervisor to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

406.3.1 NOTIFICATIONS

When an explosion has occurred, the following people shall be notified as soon as practicable if their assistance is needed:

- (a) Fire Department
- (b) Emergency Medical assistance
- (c) Explosive Disposal Unit
- (d) Additional deputies
- (e) Field supervisor
- (f) Shift Supervisor
- (g) Detectives
- (h) Forensic Science Services

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Response to Bomb Calls

406.3.2 CROWD CONTROL

Only authorized personnel with a legitimate need shall be permitted access to the scene. Spectators and other unauthorized individuals shall be excluded to a safe distance as is reasonably practicable given the available resources and personnel.

406.3.3 SCENE OF INCIDENT

As in any other crime scene, steps should immediately be taken to preserve the scene. The scene could extend over a long distance. Evidence may be imbedded in nearby structures or hanging in trees and bushes.

406.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

406.4.1 COLUMBIA COUNTY SHERIFF'S OFFICE FACILITY

If the bomb threat is against the Columbia County Sheriff's Office facility, the Shift Supervisor will direct and assign deputies as required for coordinating a general building search or evacuation of the sheriff's office, as he/she deems appropriate.

406.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Columbia County Sheriff's Office that is not the property of this office, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Shift Supervisor deems appropriate.

406.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

406.5 PRIVATE FACILITY OR PROPERTY

When a member of this office receives notification of a bomb threat at a location in the County of Columbia, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Response to Bomb Calls

- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting sheriff's assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Shift Supervisor is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

406.5.1 ASSISTANCE

The Shift Supervisor should be notified when sheriff's assistance is requested. The Shift Supervisor will make the decision whether the Office will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including sheriff's control over the facility.

Should the Shift Supervisor determine that the Office will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.
- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request sheriff's assistance to clear the interior of a building, based upon the circumstances and known threat, deputies may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

406.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Response to Bomb Calls

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 - 1. Two-way radios
 - 2. Cell phones
 - 3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Shift Supervisor including:
 - 1. The time of discovery.
 - 2. The exact location of the device.
 - 3. A full description of the device (e.g., size, shape, markings, construction).
 - 4. The anticipated danger zone and perimeter.
 - 5. The areas to be evacuated or cleared.

406.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding deputies. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

406.7.1 CONSIDERATIONS

Deputies responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Response to Bomb Calls

- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

406.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional office personnel, such as investigators and forensic services
- Field supervisor
- Shift Supervisor
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

406.7.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

406.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Shift Supervisor should assign deputies to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

Civil Commitments

407.1 PURPOSE AND SCOPE

This policy provides guidelines for when deputies may place an individual under protective custody for civil commitment (ORS 426.228).

407.2 POLICY

It is the policy of the Columbia County Sheriff's Office to protect the public and individuals through legal and appropriate use of the civil commitment process.

407.3 AUTHORITY

A deputy may take a person into custody when the deputy has probable cause to believe the person is dangerous to him/herself or to any other person and is in need of immediate care, custody or treatment for mental illness (ORS 426.228(1)).

A deputy shall also take a person into custody at the direction of the community mental health program director when the director has probable cause to believe the person is imminently dangerous to him/herself or to another person. The director is mandated to prepare a report for the deputy to deliver to the treating licensed independent practitioner (ORS 426.228(2)).

The deputy shall transport the person in custody to the nearest facility approved by the Oregon Health Authority (OHA) or will transfer custody of the person to a mental health representative authorized under ORS 426.233(3).

If, upon delivery of the person to the facility, the licensed independent practitioner finds the person is not in need of emergency care or treatment for mental illness, the person is to be released from custody. The deputy or the program director shall return the person to the place where he/she was taken into custody, unless the person declines that service.

407.3.1 VOLUNTARY EVALUATION

If a deputy encounters an individual who may qualify for a civil commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the deputies should:

- (a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a civil commitment.
- (b) If at any point the individual changes his/her mind regarding voluntary evaluation, deputies should proceed with the civil commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Civil Commitments

407.3.2 EXTREMELY DANGEROUS PERSONS

A deputy may take into custody an individual on conditional release from a state hospital pursuant to an order of revocation. The written order does not have to be in the possession of the deputy, and may be confirmed through the Law Enforcement Data System (LEDS) (OAR 859-200-0310).

A person may be taken into custody if all of the following conditions apply (OAR 859-200-0305):

- (a) A deputy has reasonable cause to believe the individual is an extremely dangerous person with a mental illness (as defined by OAR 859-200-0020)
- (b) The person presents a serious danger to others because of a mental disorder
- (c) The person is in need of immediate care, custody or treatment
- (d) The person has been civilly committed to the jurisdiction of the Psychiatric Security Review Board by a court

The deputy shall transport the individual to a state hospital operated by the Oregon Health Authority (OAR 859-200-0310).

407.4 CONSIDERATIONS AND RESPONSIBILITIES

Any deputy handling a call involving an individual who may qualify for a civil commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions (e.g., information from LEDS).
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Available community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade deputies from taking reasonable action to ensure the safety of the deputies and others.

Civil commitments should be preferred over arrest for individuals with mental health issues, who are suspected of committing minor crimes or creating other public safety issues.

407.4.1 FOREIGN NATIONALS

If a deputy takes a person into custody for a civil commitment and reasonably suspects that the person is a foreign national, the deputy shall inform the person of his/her right to communicate with an official from the consulate of the person's country (ORS 426.228(9)). For additional information on the duties of deputies in regard to the arrest or detention of foreign nationals, refer to Jail Policy, *J205, Arrest of Foreign Nationals*

407.5 TRANSPORTATION

When transporting any individual for a civil commitment, the transporting deputy should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Civil Commitments

Deputies may transport individuals in a patrol vehicle and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of a deputy during the transport, Shift Supervisor approval is required before transport commences.

407.5.1 CLEARANCE REQUIRED

If transportation to an appropriate facility will require more than one hour to accomplish, the transporting deputy must obtain, if possible, medical clearance from a licensed independent practitioner who has examined the person within the last 24 hours who certifies that the person is in need of immediate care or treatment for mental illness and that travel will not be detrimental to the person's physical health (ORS 426.228(3)).

Due to the lack of emergency-room services available in Columbia County, the deputy transporting the person shall arrange for medical evaluation of the person's physical health if the deputy becomes aware of any indication the person is injured or is in need of medical attention. The evaluation may be conducted by EMS or jail medical services, as appropriate.

407.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the deputy will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking voluntary treatment, the deputy should provide the staff member with the written application for a civil commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting deputy should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the deputy may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, deputies will not apply facility-ordered restraints.

407.7 DOCUMENTATION

The deputy should complete an application for emergency admission, provide it to the facility staff member assigned to the individual and retain a copy of the application for emergency admission for inclusion in the case report.

The deputy should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

407.7.1 REQUIREMENTS

Deputies shall use OHA form MHD 426.228 or otherwise ensure that the report states (ORS 426.228):

- (a) The reason for custody.
- (b) The date, time and place the person was taken into custody.
- (c) The name and telephone number of the community mental health director.

Civil Commitments

407.8 CRIMINAL OFFENSES

Deputies investigating an individual who is suspected of committing a minor criminal offense and who is being taken for a civil commitment should resolve the criminal matter by issuing a citation, as appropriate.

When an individual who may qualify for a civil commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the deputy should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the civil commitment.
- (c) Facilitate the individual's transfer to the jail facility.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a civil commitment.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this office to regain custody of the individual, office resources (e.g., posting a guard) and other relevant factors in making this decision.

407.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into custody for a civil commitment, the handling deputies should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Deputies should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g. safekeeping, evidence, consent).

Deputies are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling deputies should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

407.10 TRAINING

This office will endeavor to provide office-approved training on interaction with mentally disabled persons, civil commitments and crisis intervention.

Citation Releases

408.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Columbia County Sheriff's Office with guidance on when to release adults who are suspected offenders on a citation for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

408.2 POLICY

The Columbia County Sheriff's Office will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation, when authorized to do so.

408.3 RELEASE

A suspected offender may be released on issuance of a criminal citation if the deputy has probable cause to believe that the person has committed a misdemeanor or has committed any felony that is subject to misdemeanor treatment under ORS 161.705 (reduction of certain felonies to misdemeanors) (ORS 133.055).

408.3.1 CITATION RELEASES ON WARRANTS

If the offense is not excluded under ORS 133.055, the court may authorize a deputy to issue and serve a criminal citation in lieu of arrest (ORS 133.110).

408.4 PROHIBITIONS

The release of a suspected offender on a citation is not permitted when:

- (a) The deputy has probable cause to believe that the person has been served a valid restraining order as described in ORS 133.310 (orders relating to stalking, elder and disability abuse, sexual abuse) and the person has violated the terms of the order (ORS 133.310).
- (b) The deputy has probable cause to believe that the person has been charged with an offense under ORS 135.230 through ORS 135.290 (sexual offenses, domestic violence, methamphetamine crimes), and is presently released and has failed to comply with a no contact condition to the release agreement (ORS 133.310).
- (c) The person arrested is so intoxicated that he/she could be a danger to himself/herself or to others (release may occur as soon as this condition no longer exists).
 1. Any deputy encountering a person who is intoxicated or under the influence of controlled substances in a public place and who is incapacitated, whose health appears to be in immediate danger, or there is reasonable cause to believe the person is dangerous to him/herself or to any other person, shall transport the individual to the nearest appropriate treatment facility or sobering facility (ORS 430.399).

See the Domestic Violence Policy for release restrictions related to those investigations.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Citation Releases

408.5 CONSIDERATIONS

In determining whether to cite and release a person when discretion is permitted, deputies should consider:

- (a) The type of offense committed.
- (b) The known criminal history of the suspected offender.
- (c) The ability to identify the suspected offender with reasonable certainty.
- (d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense.
- (e) The individual's ties to the area, such as residence, employment or family.
- (f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

Foreign Diplomatic and Consular Representatives

409.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Columbia County Sheriff's Office extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

409.1.1 DEFINITIONS

Foreign National - Anyone who is not a citizen of the United States (U.S.). A person with dual citizenship, U.S. and foreign, is not a foreign national.

Immunity - Refers to various protections and privileges extended to the employees of foreign governments who are present in the U.S. as official representatives of their home governments. These privileges are embodied in international law and are intended to ensure the efficient and effective performance of their official "missions" (i.e., embassies, consulates, etc.) in foreign countries. Proper respect for the immunity to which an individual is entitled is necessary to ensure that U.S. diplomatic relations are not jeopardized and to maintain reciprocal treatment of U.S. personnel abroad. Although immunity may preclude U.S. courts from exercising jurisdiction, it is not intended to excuse unlawful activity. It is the policy of the U.S. Department of State's Office of Foreign Missions (OFM) that illegal acts by Foreign Service personnel should always be pursued through proper channels. Additionally, the host country's right to protect its citizens supersedes immunity privileges. Peace officers may intervene to the extent necessary to prevent the endangerment of public safety or the commission of a serious crime, regardless of immunity claims.

409.2 POLICY

The Columbia County Sheriff's Office respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

409.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Foreign Diplomatic and Consular Representatives

- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
- (d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.
- (e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

409.3.1 DIPLOMATIC AGENTS

Diplomatic agents (e.g., ambassadors and United Nations representatives) are afforded the highest levels of immunity. They are exempt from arrest or detention and are immune from all criminal (and most civil) prosecution by the host state. The family members of diplomatic agents enjoy these same immunities.

409.3.2 CONSULAR OFFICERS

Consular officers are the ranking members of consular posts who perform various formal functions on behalf of their own governments. Typical titles include consul general, consul, and vice consul. These officials are immune from arrest or detention, except pursuant to a felony warrant. They are only immune from criminal and civil prosecution arising from official acts. Official acts immunity must be raised as an affirmative defense in the court jurisdiction, and its validity is determined by the court. Under this defense, the prohibited act itself must have been performed as an official function. It is not sufficient that the consular agent was on-duty or in an official capacity at the time of the violation. The family members of consular officers generally enjoy no immunity, however, any family member who enjoys a higher level of immunity is issued an identification card by Department of State (DOS) enumerating any privileges or immunities on the back of the card. Examples are consular officers and family members from Russia or China.

409.3.3 HONORARY CONSULS

Honorary consuls are part-time employees of the country they represent and are either permanent residents of the U.S. or U.S. nationals (unlike career consular officers, who are foreign nationals on temporary assignment to the U.S.). Honorary consuls may be arrested and detained; limited immunity for official acts may be available as a subsequent defense. Family members have no immunity.

409.4 ENFORCEMENT ACTION

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

- (a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.
- (b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.
- (c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
 - 1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.
- (d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:
 - 1. Diplomatic-level staff of missions to international organizations and recognized family members
 - 2. Diplomatic agents and recognized family members
 - 3. Members of administrative and technical staff of a diplomatic mission and recognized family members
 - 4. Career consular officers, unless the person is the subject of a felony warrant
- (e) The following persons may generally be detained and arrested:
 - 1. International organization staff; however, some senior officers are entitled to the same treatment as diplomatic agents.
 - 2. Support staff of missions to international organizations
 - 3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
 - 4. Honorary consular officers

409.4.1 VEHICLE REGISTRATION

Vehicles that are owned by foreign missions or Foreign Service personnel and their dependents are registered with the Department of State OFM and display distinctive red, white, and blue license plates. Vehicles assigned to diplomatic or consular officers will generally have license plates labels with the words "diplomat" or "consul." Vehicles owned by honorary consuls are not issued OFM license plates; but may have Oregon license plates with an "honorary consul" label. Driver's identity or immunity status should not be presumed from the type of license plates displayed on the vehicle. The status of an OFM license plate should be run via the National Law

Columbia County Sheriff's Office

Foreign Diplomatic and Consular Representatives

Enforcement Telecommunications System (NLETS), designating "US" as the state, if the deputy has reason to question the legitimate possession of the license plate.

409.5 DOCUMENTATION

All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.

409.5.1 CITABLE OFFENSES

An enforcement document shall be issued at the scene for all violations warranting such action, regardless of the violator's immunity status. The issuance of a citation is not considered an arrest or detention under current Department of State guidelines. Whenever the equivalent of a notice to appear is issued to an immunity claimant, the following additional procedures shall be followed by the arresting deputy:

- (a) Identification documents are to be requested of the claimant
- (b) The title and country represented by the claimant are to be recorded on the back of the deputy's copy of the Notice to Appear for later reference. Do not include on the face of the notice to appear
- (c) The violator shall be provided with the appropriate copy of the notice to appear

409.5.2 IN-CUSTODY ARRESTS

Diplomatic agents and consular officers are immune from arrest or detention (unless they have no identification and the detention is to verify their diplomatic status). Proper identification of immunity claimants is imperative in potential in-custody situations. Claimants who are not entitled to immunity shall be placed in custody in accordance with the provisions outlined elsewhere in this manual.

A subject who is placed under arrest and claims diplomatic or consular immunity shall not be physically restrained before verification of the claim (unless restraint is necessary for the protection of the deputy or others.)

A supervisor shall be promptly notified and should respond to the scene when possible.

Field verification of the claimant's identity is to be attempted as follows:

- (a) Identification cards issued by the Department of State, Protocol Office, are the only valid evidence of diplomatic or consular immunity. The following types of identification cards are issued: Diplomatic (blue bordered), Consular (red bordered), and Official (green bordered), The Department of State identification cards are 3-3/4 inch by 1-1/2 inch and contain a photograph of the bearer.
- (b) Initiate telephone verification with the Department of State. Newly arrived members of diplomatic or consular missions may not yet have official Department of State identity documents. Verify immunity by telephone with the Department of State any time an individual claims immunity and cannot present satisfactory identification, the deputy

has reason to doubt the claim of immunity, or there is a possibility of physical arrest. Law enforcement personnel should use the following numbers in order of preference:

Members of diplomatic or consular missions also may have other forms of identification. These include identification cards issued by Office of Emergency Services, local law enforcement agencies, the foreign embassy, or consulate; driver licenses issued by Department of State; and, Department of State license indicia on the vehicle. All these items are only an indication that the bearer may have some form of immunity.

Subjects verified through the above procedures as being officials entitled to immunity (diplomatic agent, consular officers and consular staff and family members from countries with which the U.S. has special agreements) may not be arrested. The procedures below shall be followed. These procedures should also be used in the event immunity cannot be verified, but another form of identification indicates that immunity is probable.

If the release of the violator will not create an additional hazard, adequate information to properly identify the violator shall be obtained then the official shall be released. A supervisor's approval for the release shall be obtained whenever possible. The necessary release documents and/or a Certificate of Release form should only be issued under the proper conditions.

If the violator appears to have been driving while under the influence, field sobriety tests, including Preliminary Alcohol Screening (PAS) device tests and chemical tests should be offered and obtained whenever possible, however, these tests cannot be compelled. The subject shall not be

permitted to drive. A supervisor's approval for release shall be obtained whenever possible and alternative transportation should be arranged.

All facts of the incident shall be documented in accordance with this policy in a Driving Under the Influence (DUI) Arrest-Investigation Report, Arrest-Investigation Report and/or any other relevant Report form. Notwithstanding the field release of the subject, prosecution is still appropriate and should be pursued by the command concerned. The Department of State will take appropriate sanctions against errant foreign service personnel, even where prosecution is not undertaken by the agency.

Notes for diplomatic immunity table:

- (a) This table presents general rules. The employees of certain foreign countries may enjoy higher levels of privileges and immunities on the basis of special bilateral agreements.
- (b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.
- (c) A small number of senior officers are entitled to be treated identically to diplomatic agents.
- (d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.

409.6.1 VEHICLES

Vehicles, which are owned by subjects with full immunity, may not be searched, stored, or impounded without the owner's permission. (Such permission may be assumed if the vehicle has been stolen.) These vehicles may, however, be towed the necessary distance to remove them from obstructing traffic or creating any other hazard.

409.6.2 REPORTS

A photocopy of each traffic collision report involving an identified diplomat and/or immunity claimant shall be forwarded to the office of the Sheriff within 48 hours whether or not the claim is verified. The words "Immunity Claim" shall be marked on the photocopy, together with a notation of the claimant's title, country, and type of identification presented (if applicable). In addition to the report, a follow-up cover memorandum should be submitted if the violation was flagrant, if the claimant was uncooperative, or if there were any other unusual aspects of the enforcement contact that should be reported to the Department of State for further action. The Shift Supervisor/Supervisor apprised of the incident/accident shall also send a copy of all documents and reports submitted by the investigating deputy along with any supervisor's notes, materials and/or logs to the Sheriff's office within 48 hours of the incident. The Sheriff's office will check to ensure that notification of Department of State and all necessary follow-up occur.

409.7 FOREIGN NATIONALS WHO DO NOT CLAIM IMMUNITY

Deputies may only arrest foreign nationals not claiming diplomatic or consular immunity under the following circumstances:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Foreign Diplomatic and Consular Representatives

- (a) There is a valid warrant issued for the person's arrest
- (b) There is probable cause to believe that the foreign national has violated a federal criminal law, a state law, or a local ordinance
- (c) Deputies shall not arrest foreign nationals solely for alleged undocumented entry into the United States.

Because undocumented presence is strictly a federal civil violation, it is only enforceable by federal officers therefore deputies of this department shall not arrest foreign nationals solely for undocumented presence. Deputies shall not stop or detain persons solely for determining immigration status.

409.7.1 ARREST PROCEDURE

Whenever a deputy physically arrests or detains an individual for criminal investigation and the deputy reasonably believes the person to be a foreign national, the deputy shall inquire to determine the person's citizenship.

This procedure applies to detentions of more than two hours. An inquiry is not required if the individual is detained less than two hours for criminal investigation.

If the individual indicates that he/she is other than a U.S. citizen, the deputy shall advise the individual that he/she has a right to have the nearest appropriate embassy or consulate notified of the arrest/detention (Vienna Convention on Consular Relations, Art. 36, (1969)).

If the individual requests such notification, the deputy shall contact Dispatch as soon as practical and request the appropriate embassy/consulate be notified. Deputies shall provide Dispatch with the following information concerning the individual:

- Country of citizenship
- Full name of individual, including paternal and maternal surname, if used
- Date of birth or age
- Current residence
- Time, date, place, location of incarceration/detention and the 24-hour telephone number of the place of detention if different from the Department itself

If the foreign national claims citizenship of one of the countries listed by the US Department of State as requiring mandatory consular notification, deputies shall provide Dispatch with the information above as soon as practical whether or not the individual desires the embassy/consulate to be notified. This procedure is critical because of treaty obligations with the particular countries. The list of mandatory notification countries and jurisdictions can be found on the US Department of State website.

409.7.2 DOCUMENTATION

Deputies shall document on the face page and in the narrative of the appropriate Arrest-Investigation Report the date and time Dispatch was notified of the foreign national's arrest/detention and his/her claimed nationality.

Rapid Response and Deployment

410.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding deputies in situations that call for rapid response and deployment.

410.2 POLICY

The Columbia County Sheriff's Office will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Office in protecting themselves or others from death or serious injury.

410.3 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

410.4 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding deputies should consider reasonable options to reduce, prevent or eliminate the threat. Deputies must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, deputies should take immediate action, if reasonably practicable, while requesting additional assistance.

Deputies should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action deputies should consider:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Rapid Response and Deployment

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual deputy from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the deputies have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, deputies should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

410.5 PLANNING

The Enforcement Division Commander should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

410.6 TRAINING

Based on available resources, the Training Coordinator should include rapid response to critical incidents in the training plan. This training should address:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Rapid Response and Deployment

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Immigration Violations

411.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Columbia County Sheriff's Office relating to immigration and interacting with federal immigration officials.

411.2 POLICY

It is the policy of the Columbia County Sheriff's Office that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this office in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

411.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Oregon constitutions.

411.4 DETENTIONS

This office does not participate in routine immigration investigation and enforcement activities (ORS 181A.820).

A deputy should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

A deputy who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the deputy may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the deputy has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Immigration Violations

A deputy is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

A deputy may arrest any person who is the subject of an arrest warrant issued by a federal magistrate for a criminal violation of federal immigration laws (ORS 181A.820).

A deputy should notify a supervisor as soon as practicable whenever an individual is being detained or arrested for a criminal immigration violation.

411.4.1 SUPERVISOR RESPONSIBILITIES

When notified that a deputy has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

411.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, a deputy should not notify federal immigration officials when booking arrestees at a jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

411.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this office should be directed to a supervisor. The Office may provide available support services, such as traffic control or peacekeeping efforts.

411.7 INFORMATION SHARING

No member of this office will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in office records
- (c) Exchanging such information with any other federal, state, or local government entity

411.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Immigration Violations

warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

411.7.2 NON-DISCLOSURE OF CERTAIN INFORMATION

Except as required by state or federal law, members should not disclose for the purpose of enforcement of federal immigration laws the following information about a person or his/her known relatives or associates, whether current or otherwise (ORS 180.805):

- (a) The person's address
- (b) The person's workplace or hours of work
- (c) The person's school or school hours
- (d) The person's contact information, including telephone number, email address, or social media account information
- (e) The identity of known associates or relatives of the person
- (f) The date, time, or location of a person's hearings, proceedings, or appointments with the Office that are not matters of public record

411.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Detective Unit supervisor assigned to oversee the handling of any related case. The Detective Unit supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner (ORS 147.620).
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

411.8.1 DENIAL OF CERTIFICATION

If certification is denied, the Detective Unit supervisor shall inform the petitioner in writing regarding the reason for the denial as provided in ORS 147.620. A copy of the notice shall be kept for a

Immigration Violations

minimum of three years and in accordance with the established records retention schedule (ORS 147.620).

411.8.2 TIME FRAME FOR COMPLETION

Except under circumstances where there is good cause for delay, the Detective Unit supervisor shall process the certification for the U visa or T visa within 90 days of the request, unless the victim is in federal immigration removal proceedings, in which case the certification shall be executed within 14 days after the request is received (ORS 147.620).

411.8.3 U VISA AND T VISA DOCUMENTATION

The Detective Unit supervisor shall collect written documentation regarding the number of certification forms that are (2019 Oregon Laws, c. 472, § 2):

- (a) Requested by a victim.
- (b) Granted.
- (c) Denied, with the reason for denial.

The Detective Unit supervisor or the authorized designee should ensure that the information collected regarding certification forms is transmitted in a timely manner to the Records Unit for annual reporting to the Oregon Criminal Justice Commission.

411.9 TRAINING

The Training Coordinator should ensure deputies receive training on this policy.

Training should include:

- (a) Identifying civil versus criminal immigration violations.
- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.

Aircraft Accidents

412.1 PURPOSE AND SCOPE

The purpose of this policy is to provide office members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Operations Plan and Hazardous Material Response policies.

412.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

412.2 POLICY

It is the policy of the Columbia County Sheriff's Office to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

412.3 ARRIVAL AT SCENE

Deputies or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

412.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Aircraft Accidents

412.5 NOTIFICATIONS

When an aircraft accident is reported to this office, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

412.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Medical Examiner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this office will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene office supervisor should ensure the accident is still appropriately investigated and documented.

412.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.

be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

413.5 REQUIRED TRAINING

Entry level deputies shall be required to successfully complete the Field Training Program, consisting of a minimum of 12 weeks.

The training period for lateral deputies may be modified depending on the trainee's demonstrated performance and level of experience, but shall consist of a minimum of Four weeks.

To the extent practicable, entry level and lateral deputies should be assigned to a variety of Field Training Officers, shifts and geographical areas during their Field Training Program.

413.5.1 FIELD TRAINING MANUAL

Each new deputy will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. Obtaining Air Support

414.1 PURPOSE AND SCOPE

The use of a police aircraft can be invaluable in certain situations. This policy specifies potential situations where the use of a aircraft may be requested and the responsibilities for making a request.

414.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or deputy in charge of an incident determines that the use of a aircraft would be beneficial, a request to obtain aircraft assistance may be made.

414.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for a aircraft, the Enforcement Commander, or his/her designee, will call the closest agency having aircraft support available. The Enforcement Commander on duty will apprise that agency of the specific details of the incident prompting the request.

414.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Police helicopters may be requested under any of the following conditions:

- (a) When the aircraft is activated under existing mutual aid agreements
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the aircraft may reduce such hazard
- (c) When the use of the aircraft will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
- (d) When an aircraft is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
- (e) Vehicle pursuits

While it is recognized that the availability of aircraft support will generally provide valuable assistance to ground personnel, the presence of an aircraft will rarely replace the need for deputies on the ground.

Contacts and Temporary Detentions

415.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

415.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When a deputy contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the deputy is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the deputy's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile/Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Frisk or pat-down search - A type of search used by deputies in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the deputy, the detainee, or others (ORS 131.625).

Reasonable suspicion - When, under the totality of the circumstances, a deputy has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Stop - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion that the person has committed or is about to commit a crime (ORS 131.615).

Temporary detention - When a deputy intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when a deputy actually restrains a person's freedom of movement.

415.2 POLICY

The Columbia County Sheriff's Office respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the deputy, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the deputy based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Contacts and Temporary Detentions

415.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, a deputy may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the deputy's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Columbia County Sheriff's Office to strengthen community involvement, community awareness, and problem identification.

415.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the deputy should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in the area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggests he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the deputy.

415.4 FRISK OR PAT-DOWN SEARCHES

A frisk or pat-down search of a stopped person may be conducted whenever a deputy reasonably believes that the person may possess a dangerous or deadly weapon and presents a danger to the deputy or other persons present (ORS 131.625). The purpose of this limited search is not to discover evidence of a crime, but to allow the deputy to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to the following:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single deputy.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Contacts and Temporary Detentions

- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone deputy. A cover odeputy should be positioned to ensure safety and should not be involved in the search.

415.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the deputy shall carefully consider, among other things, the factors listed below.

415.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent.

415.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based on reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The deputy must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the deputy's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be retained in compliance with this policy.

415.5.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Shift Supervisor with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures

If a photograph is not associated with an investigation where a case number has been issued, the Shift Supervisor should review it and forward the photograph to one of the following locations:

- (a) If the photo and associated FI or documentation is relevant to criminal organization/ enterprise enforcement, the Shift Supervisor will forward the photograph and documents to the designated criminal intelligence system, if one has been established, and a designated supervisor for the Criminal Intelligence System, if one has been appointed. The supervisor will ensure the photograph and supporting documents are retained as prescribed by the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Unit.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Contacts and Temporary Detentions

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

415.5.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

415.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, deputies should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, deputies should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by office members.
 - 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Organizations

416.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Columbia County Sheriff's Office appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

416.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

416.2 POLICY

The Columbia County Sheriff's Office recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this office to collect and share relevant information while respecting the privacy and legal rights of the public.

416.3 CRIMINAL INTELLIGENCE SYSTEMS

The Sheriff may direct the creation of a Criminal Intelligence System,

No office member may create, submit to or obtain information from a criminal intelligence system unless the Sheriff has approved the system for office use.

Any criminal intelligence system approved for office use should meet or exceed the standards of 28 CFR 23.20.

Any criminal intelligence system approved for the office will have a designated supervisor, who will be responsible for maintaining each criminal intelligence system that has been approved for office use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

416.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this office, such as open or public source documents or documents that are on file at another agency, the designated

Criminal Organizations

supervisor should ensure copies of those documents are retained by the Records Unit. Any supporting documentation for an entry shall be retained by the Records Unit in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Unit are appropriately marked as intelligence information. The Support Services Manager may not purge such documents without the approval of the designated supervisor.

416.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the office-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

416.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible office supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Unit or Property Room, but should be copies of, or references to, retained documents, such as copies of reports, field interview (FI) forms, Dispatch records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

416.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

Criminal Organizations

416.5 INFORMATION RECOGNITION

Office members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Office supervisors who utilize an authorized criminal intelligence system should work with the Training Coordinator to train members to identify information that may be particularly relevant for inclusion.

416.6 RELEASE OF INFORMATION

Office members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to office members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

416.7 CRIMINAL STREET GANGS

The Detective Unit supervisor should ensure that there are an appropriate number of office members who can:

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with criminal street gangs.
- (b) Coordinate with other agencies in the region regarding criminal street gang crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

416.8 TRAINING

The Training Deputy should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Criminal Organizations

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.
- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

Enforcement Supervision

417.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with office policies, procedures, practices, functions and objectives. To accomplish this goal, a Corporal or Sergeant heads each watch.

417.2 DESIGNATION AS ACTING SUPERVISOR

When a Corporal, Sergeant or Lieutenant is unavailable for duty in most instances the senior qualified corporal shall be designated as acting supervisor. This policy does not preclude designating corporals with less seniority as an acting supervisor when operational needs require or training permits.

Mobile Data Terminal Use

418.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Terminal (MDT) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between office members and Dispatch.

418.2 MDT USE

The MDT shall be used for official sheriff's communications only. Messages that are of a sexual, racist, or offensive nature, or otherwise critical of any member of the Department are strictly forbidden. Use is also subject to the Department Technology Use Policy.

Messages may be reviewed by supervisors at anytime without prior notification. Employees generating or transmitting messages not in compliance with this policy are subject to discipline.

All calls dispatched to patrol units should be communicated by voice and MDT unless otherwise authorized by the Shift Supervisor.

Any agency using a terminal to access the Law Enforcement Data System (LEDS), whether directly or through another agency, is responsible for adhering to all applicable LEDS Rules & Policies and must ensure that unauthorized persons are not given access or allowed to view LEDS information.

418.2.1 USE WHILE DRIVING

Use of the MDT by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

418.2.2 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted either verbally over the sheriff's radio or through the MDT system.

Patrol Deputies and Supervisors who are in-service and change their status with dispatch to being out on a meal break, shall notify dispatch of the location where they will be taking their meal break. Deputies who remain in service while eating a meal are not required to notify dispatch.

418.2.3 EMERGENCY ACTIVATION OF RADIOS

If the emergency button is depressed on the mobile or portable radio, the dispatcher will call the unit and ask if Code- 4. If there is no emergency, then he/she should answer "Code-4" and all

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Mobile Data Terminal Use

units will resume their normal activity. If there is no response or the deputy answers in some other way, the dispatcher shall proceed as follows:

- (a) If the unit is not on a call, send available units to assist in locating the unit transmitting the emergency. Whenever a location is known, immediately dispatch the nearest available unit Code-3.
- (b) Notify the field sergeant and Shift Supervisor of the incident without delay.

Units not responding to the emergency shall refrain from transmitting on the radio until there is a Code-4, unless they are themselves handling an emergency.

418.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any office technology system (see the Information Technology Use Policy for additional guidance).

418.3.1 NON-FUNCTIONING MDT

Whenever possible, deputies will not use units with malfunctioning MDT's. Whenever deputies must drive a unit in which the MDT is not working, they shall notify Dispatch. It shall be responsibility of Dispatch to record all information that will then be transmitted verbally over the sheriff's radio.

418.4 RESTRICTED ACCESS AND USE

MDT use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDT system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDT by another member to their supervisors or Shift Supervisors.

Use of the MDT system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Office. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDT system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDT system unless directed to do so by a supervisor. Members are required to log off the MDT or secure the MDT when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

Any agency using a terminal to access the Law Enforcement Data System (LEDS), whether directly or through another agency, is responsible for adhering to all applicable LEDS rules and

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Mobile Data Terminal Use

policies and must ensure that unauthorized persons are not given access or allowed to view LEDS information.

418.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Shift Supervisor or other office-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the sheriff's radio and electronically via the MDT unless security or confidentiality prevents such broadcasting.

MDT and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDT.

418.6 EQUIPMENT CONSIDERATIONS

418.6.1 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDTs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDT could cause some devices to detonate.

Portable Audio/Video Recorders

419.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this office while in the performance of their duties. For purposes of this policy, the term Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment (ORS 133.741).

This policy does not apply to audio/video recordings of interviews or interrogations conducted at any Columbia County Sheriff's Office facility using audio / video equipment installed in a fixed position in an interview room or to a recording made by a hand-held audio recorder, authorized undercover operations, body-wires, wiretaps or eavesdropping (concealed listening devices). This policy is primarily intended to address body-worn recorders that record both audio and video.

419.2 POLICY

The Columbia County Sheriff's Office will provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

Deputies will audio and video record all activities when responding to calls for service and during all law enforcement related encounters and activities that occur while the officer is on duty. Deputies are authorized to suspend or forego recording when, in their discretion, it appears that recording an encounter or event will be detrimental to the investigation or will otherwise compromise any act of the deputy or the agency. This might include privacy concerns of a member of the public, a juvenile or speaking with an informant whose identity needs to be protected. For purposes of this section, some inconsequential contacts with the public need not be recorded. These inconsequential acts include such things as providing directions to a motorist. Should an inconsequential contact devolve into a confrontational, aggressive or violent contact, the requirement to record returns.

419.2.1 DEPARTMENT OWNED EQUIPMENT

All Portable Audio / Video Recorders as addressed in this section shall be department owned equipment and only department-owned equipment is authorized for use except in extreme situations where there is an urgent need to record an event and no department-owned equipment is available.

419.2.2 BODY-WORN CAMERAS BY DUTY ASSIGNMENT

Body-worn cameras will be worn by enforcement and corrections staff. Deputies assigned to enforcement and corrections divisions, in the assignments listed below, will be issued body-worn devices intended to be worn as a part of your day to day equipment with use anticipated to be high.

Deputies equipped with high-use cameras are:

- Enforcement Division assigned to a patrol function
- Enforcement Division assigned to a marine function
- Corrections Division assigned to the jail
- Animal Control

Deputies assigned to enforcement or corrections divisions, in the assignments listed below, will be issued equipment intended for low frequency or occasional use. Deputies equipped with low-use cameras are:

- Enforcement Supervisors
- Enforcement Division assigned to a Detective function
- Enforcement Division assigned to a Civil Deputy function
- Corrections Supervisors
- Corrections Division assigned to a Court Security function

419.2.3 WEARING BODY-WORN CAMERAS

Body-worn cameras that are considered both high-use (419.2.2) and low-use (see 419.2.2) will be worn on the exterior of the uniform or equipment carrier in the chest area. Attachment will be made using the clip system attached to the camera. Alternative attachment locations or methods should be approved by a supervisor.

419.3 MEMBER PRIVACY EXPECTATION

All recordings made by members on any office-issued device at any time, and any recording made while acting in their official capacity of this office, regardless of ownership of the device it was made on, shall remain the property of the Office. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

419.4 MEMBER RESPONSIBILITIES

Prior to going into service, each member will be responsible for making sure that he/ she is equipped with a portable recorder issued by the Department, and that the recorder is in good working order. If the recorder is not in working order or malfunctions at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as practicable. The recorder shall be worn as set forth in section 420.2.3 above.

Deputies will audio and video record all activities when responding to calls for service and during all law enforcement related encounters and activities that occur while the officer is on duty. Deputies are authorized to suspend or forego recording when, in their discretion, it appears that recording an encounter or event will be detrimental to the investigation or will otherwise compromise any act of the deputy or the agency. This might include privacy concerns of a member of the public, a juvenile or speaking with an informant whose identity needs to be protected. For purposes of this section, some inconsequential contacts with the public need not be recorded. These inconsequential acts include such things as providing directions to a motorist. Should an inconsequential contact devolve into a confrontational, aggressive or violent contact, the requirement to record returns.

Members shall document the existence of a recording in any report or other official record of the contact and include information on any instance where the recorder malfunctioned or the member intentionally deactivated the recording or chose not to make a recording, including the reasons for failing to make a recording.

Anytime the recorder is activated, the member will advise all persons present that their conversation / statements are being recorded. The Deputy may request consent from the persons present to record the conversation when the circumstances permit. Absence of consent does not require that the recording be terminated. The member will then document the advice and the presence / absence of consent in their report or other official record of the contact, including traffic citations.

Once the camera is activated and is recording, the camera shall remain in recording mode until such time as the incident or event being recorded is concluded or until the member determines, in their discretion, that continuation of the recording will be detrimental to the investigation, create an unsafe situation or will otherwise compromise any act of the deputy or the agency.

419.4.1 SUPERVISOR RESPONSIBILITIES

In the event of a critical incident, for example, a use of force or a personnel complaint, the supervisor should take possession of the members recording device for subsequent download and for possible special retention consideration.

Supervisors should access member's stored recordings when needed. Some examples of times when review of recordings made by a member might be of use is during preparation of Performance Evaluations, during investigations of personnel complaints or during routine monitoring of an employee's job performance.

419.4.2 CORRECTIONS DIVISION RESPONSIBILITIES

Deputies assigned to wear body-worn cameras in the jail shall record all interactions with inmates, except those interactions that are prohibited for recording as identified in this policy.

As inmates are notified in writing during the booking process that they are subject to audio and video recording during the entire time they are in the jail, it is not necessary for deputies to notify the inmate, or inmates, that the interaction is being recorded.

When the deputy is in the booking area of the jail, the only time the camera should be in "record mode" is when a member is actually interacting with an inmate. Members shall diligently work to insure that no criminal justice information is inadvertently recorded through information available in LEDS/NCIC. This would include but is not limited to warrant information, criminal history information, DMV information.

During intake, no medical and/or PREA questioning shall be recorded through the audio/video recording.

When roving, the camera should be in "record mode" any time the deputy interacts with, or may interact with an inmate. This would include but is not limited to the housing units, the kitchen, the laundry facility, inmate visiting, outdoor rec, escorting an inmate throughout the facility, etc.

The following interactions shall NOT be recorded:

- Unclothed searches.
- Interactions with inmates while in medical—unless the recording is in response to a call to assist with a non-compliant or combative inmate.
- Court proceedings — whether it be in a court room or via video court.
- Interactions with individuals who are not inmates, unless authorized by a supervisor.
 - Recorded Interactions with individuals who are not inmates require that notification of said recording be given to all persons involved

419.5 ACTIVATION OF THE PORTABLE RECORDER

Deputies will audio and video record all activities when responding to calls for service and during all law enforcement related encounters and activities that occur while the deputy is on duty. Deputies are authorized to suspend or forego recording when, in their discretion, it appears that recording an encounter or event will be detrimental to an investigation or will otherwise compromise any act of a deputy or the agency. This might include privacy concerns of a member of the public, a juvenile or speaking with an informant whose identity needs to be protected. For purposes of this section, some inconsequential contacts with the public need not be recorded. These inconsequential contacts include such things as providing directions to a motorist. Should an inconsequential contact devolve into a confrontational, aggressive or violent contact, the requirement to record returns.

Portable Audio/Video Recorders

Unless there are exigent circumstances or concerns for the safety of the member or any other person, body-worn cameras shall be activated whenever the deputy has or develops reasonable suspicion or probable cause that an offense has been or will be committed by a person in contact with the member (ORS 133.741).

Members shall notify all parties to the conversation that a recording is being made unless pursuant to a court order or the limited exceptions in ORS 165.540 subsections (2) through (7) and ORS 133.726 (prostitution offenses, felonies when exigency makes obtaining a warrant unreasonable, certain felony drug offenses, felonies that endangers human life) (ORS 165.540).

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

419.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Oregon law generally prohibits any individual from surreptitiously recording any conversation, except as provided in ORS 165.540 and ORS 165.543.

Members shall not surreptitiously record another office member without a court order unless lawfully authorized by the Sheriff or the authorized designee.

419.5.2 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

419.5.3 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

419.6 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using office-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with office-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate office business purposes. All recordings shall be retained at the Office or by any office-approved third-party vendor.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Shift Supervisor. Any member who uses a personally owned recorder for office-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

419.6.1 PROHIBITED USE OF BODY-WORN CAMERA RECORDINGS

Recordings from body-worn video cameras shall not be analyzed with facial recognition or other biometric matching technology (ORS 133.741).

419.7 RETENTION OF RECORDINGS

Members shall download data from audio/video recorders as soon as practicable after making the recording, but not less than once per calendar week. Exceptions must be authorized by a supervisor.

All recorded data will be downloaded as specified later in this section. No data shall be omitted from download or deleted.

All recordings will be evaluated by the recording member and identified as either Evidentiary or Non-Evidentiary, as defined in 420.7.1.

All recordings will be downloaded from the department-issued camera to department computer(s).

Recordings will be downloaded by the member as specified in 420.7.1.

Recordings identified as both EVIDENTIARY and NON-EVIDENTIARY will be retained in the 30 MONTH - DAILY file. This file is the primary storage of all original recordings and shall not be moved or removed or altered in any way. Retention of the stored recordings will be for a period of thirty months from the date of download.

Recordings identified as EVIDENTIARY are copied from the 30 MONTH - DAILY file and pasted into the 30 MONTH- EVENT file for retention. Retention period within this file is for thirty months from the date of download.

All recordings related to a death or death investigation will be labeled as EVIDENTIARY and will be retained in the the 99 YEAR file. Members who download recordings related to a death into the 30 MONTH - DAILY file will immediately notify a supervisor, who will then facilitate transfer of a copy of the death-related file into the 99 YEAR file.

Recordings that are deemed to be of value for training purposes may be copied by a supervisor from the 30 MONTH - DAILY file and pasted into the TRAINING file. Members are encouraged to review recordings posted in the TRAINING file. Retention period for the TRAINING file is considered permanent, however a supervisor may remove files when deemed necessary.

419.7.1 DOWNLOAD OF DATA FROM BODY-WORN CAMERAS

No person may copy, print, delete, modify or in any way alter any original recording obtained by way of body-worn camera. All recordings will be downloaded pursuant to the currently-authorized practice for evidentiary downloads.

419.7.2 STORAGE OF DATA BY VENDORS

Any contract with a third-party vendor for data storage of recordings from body-worn video cameras must state that all recordings are the property of the Columbia County Sheriff's Office, not owned by the vendor, and cannot be used by the vendor for any purpose inconsistent with the policies and procedures of the Columbia County Sheriff's Office (2015 Oregon Laws c. 550, § 1).

419.8 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Portable Audio/Video Recorders

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Office who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Sheriff or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

419.8.1 RELEASE OF RECORDINGS CONTENT TO MEDIA OR PUBLIC

Any requested release of recordings to the media or to any member of the public shall be evaluated based on the Columbia County Public Records Request Policy and any release shall be compliant with those regulations.

Person requesting public release of recordings shall be required to pay the production costs for complying with the request and for any necessary edits or redactions made.

Reasonable effort should be made to gain written consent from persons depicted in a recording being released to the public prior to the release. Written consent should be requested from members who are depicted in recordings prior to recordings being released to the public.

Based on the totality of the circumstances surrounding the case depicted on the recording to be released to the public, intentional blurring of the faces of person depicted should be considered.

419.9 BODY-WORN CAMERA TRAINING

Training will be provided to members required to use body-worn cameras. The training will include camera operation, relevant laws, download of recording data, reviewing stored data, preparing digital data for court presentation and proper storage of the recordings data.

Members receiving training will include, but not be limited to, supervisors, detectives and internal affairs investigators. Non-members should also be included in the training, for example, prosecutors and judges

Annual refresher training on the use and operation of the system will be provided.

A training manual will be created and made available on the agency computer network.

Foot Pursuits

420.1 PURPOSE AND SCOPE

This policy provides guidelines to assist deputies in making the decision to initiate or continue the pursuit of suspects on foot.

420.2 POLICY

It is the policy of this office that deputies, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to office members, the public or the suspect.

Deputies are expected to act reasonably, based on the totality of the circumstances.

420.3 DECISION TO PURSUE

The safety of office members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Deputies must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and office members.

Deputies may be justified in initiating a foot pursuit of any individual that the deputy reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that a deputy must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place office members and the public at significant risk. Therefore, no deputy or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, deputies should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as the following:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.

Foot Pursuits

- (e) Air support
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the pursuit.

420.4 GENERAL GUIDELINES

When reasonably practicable, deputies should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit. Such an order shall be considered mandatory.
- (b) The deputy is acting alone.
- (c) Two or more deputies become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single deputy keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The deputy is unsure of his/her location and direction of travel.
- (e) The deputy is pursuing multiple suspects and it is not reasonable to believe that the deputy would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the deputy renders them incapable of controlling the suspect if apprehended.
- (g) The deputy loses radio contact with the dispatcher or with assisting or backup deputies.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient deputies to provide backup and containment. The primary deputy should consider discontinuing the pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The deputy becomes aware of unanticipated or unforeseen circumstances that unreasonably increases the risk to or the public.
- (j) The deputy reasonably believes that the danger to the pursuing deputies or public outweighs the objective of immediate apprehension.
- (k) The deputy loses possession of his/her firearm or other essential equipment.
- (l) The deputy or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.

Foot Pursuits

- (m) The suspect's location is no longer known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to office members or the public if the suspect is not immediately apprehended.
- (o) The deputy's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

420.5 RESPONSIBILITIES IN FOOT PURSUITS

420.5.1 INITIATING DEPUTY RESPONSIBILITIES

Unless relieved by another deputy or a supervisor, the initiating deputy shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating deputy should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient deputies are present to safely apprehend the suspect.

Early communication of available information from the involved deputies is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Deputies initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Deputies should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any deputies unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the deputy will notify the dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting media aid as needed for deputies, suspects or members of the public.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Foot Pursuits

420.5.2 ASSISTING DEPUTY RESPONSIBILITIES

Whenever any deputy announces that he/she is engaged in a foot pursuit, all other deputies should minimize non-essential radio traffic to permit the involved deputies maximum access to the radio frequency.

Any deputies who are in a position to intercept a fleeing suspect, or who can assist the primary deputy with the apprehension of the suspect, shall act reasonably and in accordance with office policy, based upon available information and his/her own observations.

420.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information necessary to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need to be physically present to exercise control over the pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established office guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing deputies or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

420.5.4 DISPATCH RESPONSIBILITIES

Upon being notified or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved deputies.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Shift Supervisor as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

420.6 REPORTING REQUIREMENTS

The initiating deputy shall complete the appropriate crime/arrest reports documenting, at minimum, the following:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Foot Pursuits

- (d) Alleged offenses.
- (e) Involved vehicles and deputies.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Any injuries and/or medical treatment.
- (h) Any property or equipment damage.
- (i) Name of the supervisor at the scene or who handled the incident.

Assisting deputies taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating deputy need not complete a formal report.

Homeless Persons

421.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that office members understand the needs and rights of the homeless, and to establish procedures to guide them during all contacts with the homeless, whether consensual or for enforcement purposes.

This policy establishes a liaison to the homeless community, addresses the responsibilities of the office member appointed to act as a liaison to the homeless, and details the need for special protection and services for homeless persons.

421.2 LIAISON TO THE HOMELESS COMMUNITY

The Sheriff shall designate certain responsibilities to a liaison to the homeless community. The liaison shall be appointed by and directly responsible to the Enforcement Division Commander or the authorized designee.

The responsibilities of the liaison include but are not limited to:

- (a) Maintaining and making available to all office members a list of assistance programs and other resources that are available to homeless persons.
- (b) Meeting with social services and representatives of other organizations that render assistance to the homeless community.
- (c) Maintaining a list of the areas within and near the jurisdiction of this office that are used as frequent homeless encampments.
- (d) Remaining abreast of laws dealing with homelessness, including property rights. This will include the following:
 1. Proper posting of notices of trespass and clean-up operations.
 2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with the Property and Evidence Policy and other established procedures.
- (e) Being present during any clean-up operation conducted by this office that involves the removal of personal property of the homeless. This is to ensure that the established rights of the homeless are not violated.
- (f) Developing training to assist members in understanding current legal and social issues relating to the homeless.
- (g) Reviewing any county policies regarding homeless individuals camping on public property (ORS 203.077).

421.3 FIELD CONTACTS

Deputies are encouraged to contact a homeless person to render aid, offer assistance, or to check the person's welfare. Deputies also will take enforcement action when information supports a

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Homeless Persons

reasonable and articulable suspicion of criminal activity. However, such contacts shall not be used for harassment.

When encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, deputies are encouraged to consider long-term solutions, such as shelter referrals and counseling, in lieu of physical arrest.

Deputies should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

421.3.1 CONSIDERATIONS

A homeless person will receive the same level and quality of service provided to other members of the community. The fact that a victim, witness, or suspect is homeless can, however, require special considerations for a successful investigation and prosecution. When handling investigations involving victims, witnesses, or suspects who are homeless, deputies should consider:

- (a) Documenting alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.
- (b) Documenting locations the person may frequent.
- (c) Providing victim/witness resources, when appropriate.
- (d) Obtaining sufficient statements from all available witnesses in the event that a victim cannot be located and is unavailable for a court appearance.
- (e) Whether the person may be an adult abuse victim and, if so, proceed in accordance with the Adult Abuse Policy.
- (f) Arranging for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Whether a crime should be reported and submitted for prosecution, even when a victim who is homeless indicates no desire for prosecution.

421.4 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Deputies should use reasonable care when handling, collecting, and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested, or otherwise removed from a public place, deputies should make reasonable accommodations to permit the person to lawfully secure any personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the deputy, a supervisor should be consulted. The property should be photographed, and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Homeless Persons

Deputies should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the office Homeless Liaison Deputy.

Deputies who encounter unattended encampments, bedding, or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the liaison if such property appears to involve a trespass, is a blight to the community, or is the subject of a complaint. It will be the responsibility of the liaison to address the matter in a timely fashion.

421.4.1 STATE LAW ON UNCLAIMED PERSONAL PROPERTY

When a homeless individual is removed pursuant to a county policy, any unclaimed personal property stored by this office shall be stored in an orderly fashion, keeping items that belong to an individual together to the extent that ownership can reasonably be determined. Items that have no apparent utility or are in an unsanitary condition may be immediately discarded upon removal of the homeless individual from the camp site (ORS 203.079).

Weapons, controlled substances, and items that appear to be either stolen or evidence of a crime shall be stored pursuant to office protocols and the Property and Evidence Policy.

421.5 MENTAL HEALTH ISSUES

When mental health issues are evident, deputies should consider referring the person to the appropriate mental health agency or providing the person with contact information for mental health assistance, as appropriate. In these circumstances, deputies may provide transportation to a mental health facility for voluntary evaluation if it is requested or offered and accepted by the person, and approved by a supervisor. Deputies should consider detaining the person under civil commitment when facts and circumstances reasonably indicate such a detention is warranted (see the Civil Commitments Policy).

421.6 ECOLOGICAL ISSUES

Sometimes homeless encampments can have an impact on the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Deputies are encouraged to notify other appropriate agencies or County departments when a significant impact to the environment has or is likely to occur. A significant impact to the environment may warrant a crime report, investigation, supporting photographs, and supervisor notification.

421.7 POLICY

It is the policy of the Columbia County Sheriff's Office to protect the rights, dignity, and private property of all members of the community, including people who are homeless. Abuse of authority to harass any member of the community will not be permitted. The Columbia County Sheriff's Office will address the needs of homeless persons in balance with the overall mission of this office.

Homelessness is not a crime and members will not use homelessness as the sole basis for detention or law enforcement action.

Homeless Persons

421.8 HOMELESS CAMPS ON PUBLIC PROPERTY

Prior to removing homeless individuals from an established campsite on public property, deputies shall (ORS 203.079):

- (a) Post the area with required written notice of pending removal at all entrances reasonably identifiable. Notice should be in English and Spanish and include all required information under ORS 203.079 (e.g., location of unclaimed property, required contact information for questions regarding location of property storage).
 - 1. Notice shall be posted at least 72 hours prior to removal except in certain circumstances (e.g., camping at cemeteries).
- (b) Once notice is posted, notify the local agency that delivers social services to homeless individuals as to where the notice has been posted.

The 72-hour warning notice requirement is not necessary if deputies reasonably believe that illegal activity unrelated to the camping is occurring at an established camping site or in the event of an exceptional emergency such as a possible site contamination by hazardous materials, a public health emergency, or other immediate danger to human life or safety (ORS 203.079).

Public Recording of Law Enforcement Activity

422.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this office. In addition, this policy provides guidelines for situations where the recordings may be evidence.

422.2 POLICY

The Columbia County Sheriff's Office recognizes the right of persons to lawfully record members of this office who are performing their official duties. Members of this office will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Deputies should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

422.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (ORS 165.540).
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the deputies.
 - 4. Being so close to the activity as to interfere with a deputy's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the deputies, him/herself or others.

422.4 OFFICER/DEPUTY RESPONSE

Deputies should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, deputies should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, deputies or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Public Recording of Law Enforcement Activity

behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, a deputy could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, deputies shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

422.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the deputy and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of office members, such as how and where to file a complaint.

422.6 SEIZING RECORDINGS AS EVIDENCE

Deputies should not seize recording devices or media unless ("First Amendment Privacy Protection, Unlawful Acts", 42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted

Columbia County Sheriff's Office

to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a office-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

First Amendment Assemblies

423.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

423.2 POLICY

The Columbia County Sheriff's Office respects the rights of people to peaceably assemble. It is the policy of this office not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

423.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, deputies shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors deputies may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential.

The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Deputies should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless a deputy is placing a person under lawful arrest.

Supervisors should continually observe office members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

423.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating office performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

423.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding deputy should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

423.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

423.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

423.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles, and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
 1. The plan shall include deputy identifiers affixed to the uniform and helmet that comply with 2021 Oregon Laws, c. 306 § 2.
 - (a) A deputy shall not intentionally obscure any part of a uniform or helmet identifier.
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with County government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief, and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.

Columbia County Sheriff's Office

First Amendment Assemblies

- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.
- (t) Parameters for the use of body-worn cameras and other portable recording devices.

423.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

423.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

423.7 USE OF FORCE

Use of force is governed by current office policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

First Amendment Assemblies

or arrest of those acting in violation of the law). Control devices and CEDs should be considered only when the participants' conduct reasonably appears to present the potential to harm deputies, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Force or control devices, including oleoresin capicum (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this office shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

423.8 ARRESTS

The Columbia County Sheriff's Office should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been or reasonably appear likely to be unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of deputies and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

423.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

Columbia County Sheriff's Office

First Amendment Assemblies

423.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

423.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, Dispatch records/tapes
- (g) Media accounts (print and broadcast media)

423.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with County legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

423.12 TRAINING

Office members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Office should, when practicable, train with its external and mutual aid partners.

423.13 PUBLIC REQUEST OF DEPUTY IDENTIFICATION

Deputies shall provide their name, identification number, or unique identifier assigned by the Office to a person when requested if it is practical, safe, and tactically sound to do so at the time of request (2021 Oregon Laws, c. 306 § 3).

The request may be satisfied by providing a office-issued business card.

423.13.1 INVESTIGATION OF DEPUTY IDENTIFICATION

Upon request by a member of the public, the Office shall conduct an investigation to identify a deputy as follows (2021 Oregon Laws, c. 306 § 3):

The member of the public has provided the following:

- The member of the public has provided the following:
 - A partial name
 - A full or partial badge number, or other identifying number
 - A photo of the deputy
 - A full or partial license plate, or other identifying number from a sheriff's vehicle
 - A physical description
 - The location, date, and time when the deputy was present

Within seven days of receiving the request, the office shall confirm to the requester receipt of the request.

- Within 14 days after receiving the request, the office shall provide the requester:
 - The name and the number assigned to the deputy by the Department of Public Safety Standards and Training; or
 - An explanation of why the identification could not be performed.
- If the requester provided a full badge number, the office shall provide the name of the deputy within 14 days after receiving the request.

Identification shall not be provided if the deputy is participating in an undercover law enforcement operation (2021 Oregon Laws, c. 306 § 3).

Crisis Intervention Incidents

424.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires a deputy to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

424.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

424.2 POLICY

The Columbia County Sheriff's Office is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Office will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

424.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Crisis Intervention Incidents

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

424.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Sheriff should designate an appropriate supervisor to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide members' interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

424.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to deputies; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit a deputy's authority to use reasonable force when interacting with a person in crisis.

Deputies are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

A deputy responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup deputies and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the deputy.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Crisis Intervention Incidents

424.6 DE-ESCALATION

Deputies should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding deputies generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

424.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the deputy should request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous sheriff's response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

424.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Crisis Intervention Incidents

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Division Commander.
- (f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

424.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to Sheriff's Office reporting procedures or other official mental health or medical proceedings.

424.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Civil Commitments Policy.

424.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS

Non-sworn members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, a deputy should be promptly summoned to provide assistance.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Crisis Intervention Incidents

424.11 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Sheriff's Office will develop and provide comprehensive education and training to all members to enable them to effectively interact with persons in crisis.

Medical Aid and Response

425.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

425.2 POLICY

It is the policy of the Columbia County Sheriff's Office that all deputies and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

425.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 1. Signs and symptoms as observed by the member.
 2. Changes in apparent condition.
 3. Number of patients, sex, and age, if known.
 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Medical Aid and Response

425.4 TRANSPORTING ILL AND INJURED PERSONS

Except in exceptional cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries, or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Deputies should search any person who is in custody before releasing that person to EMS for transport.

A deputy should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes, or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

425.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, a deputy shall not force that person to receive care or be transported.

However, members may assist EMS personnel when EMS personnel determine the person lacks the mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the deputy should consider proceeding with a civil commitment in accordance with the Civil Commitments Policy.

If a deputy believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The deputy may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the deputy will require the person to be transported to the nearest medical facility. In such cases, the deputy should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

425.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

425.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Medical Aid and Response

victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Enforcement Division Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Office should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One office member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

425.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

An AED should only be used by members who have completed a course with published standards and guidelines for CPR and the use of an AED.

425.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in office vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Coordinator who is responsible for ensuring appropriate maintenance.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Medical Aid and Response

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact Dispatch as soon as possible and request response by EMS.

425.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

425.8.3 AED TRAINING AND MAINTENANCE

The Training Coordinator should ensure appropriate training is provided to members authorized to use an AED.

The Training Coordinator is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule.

425.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Members may administer opioid overdose medication in accordance with protocols specified by the physician who prescribed the overdose medication for use by the member.

425.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Coordinator.

Any member who administers an opioid overdose medication should contact Dispatch as soon as possible and request response by EMS.

425.9.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report.

The Training Coordinator will ensure that the Support Services Manager is provided enough information to meet applicable state reporting requirements.

425.9.3 OPIOID OVERDOSE MEDICATION TRAINING

The Training Coordinator should ensure training is provided to members authorized to administer opioid overdose medication.

425.10 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the deputy has reason to believe the arrestee is feigning injury or illness, the

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Medical Aid and Response

deputy should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the deputy should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Deputies shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay a deputy from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the deputy's training.

425.11 ADMINISTRATION OF EPINEPHRINE

In an emergency situation when a licensed health care professional is not immediately available, members who have successfully completed educational training for severe allergic responses may administer epinephrine (ORS 433.825).

425.11.1 EPINEPHRINE USER RESPONSIBILITIES

Members who are qualified to administer epinephrine should handle, store, and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Coordinator.

Any member who administers epinephrine should contact Dispatch as soon as possible and request response by EMS.

425.11.2 EPINEPHRINE REPORTING

Any member administering epinephrine should detail its use in an appropriate report.

425.11.3 EPINEPHRINE TRAINING

The Training Coordinator should ensure that training is provided to members authorized to administer epinephrine (ORS 433.815; ORS 433.817; OAR 333-055-0030).

425.12 FIRST AID TRAINING

Subject to available resources, the Training Coordinator should ensure deputies receive periodic first aid training appropriate for their position.

Civil Disputes

426.1 PURPOSE AND SCOPE

This policy provides members of the Columbia County Sheriff's Office with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to "court orders" apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Oregon law.

426.2 POLICY

The Columbia County Sheriff's Office recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this office will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

426.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

Civil Disputes

426.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for a deputy to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating deputy should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating deputy should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

426.4.1 STANDBY REQUESTS

Deputies shall not provide civil standby requests without a signed writ of assistance from a court of law.

426.5 VEHICLES AND PERSONAL PROPERTY

Deputies may be faced with disputes regarding possession or ownership of vehicles or other personal property. Deputies may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, deputies should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

426.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Suspicious Activity Reporting

427.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

427.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

427.2 POLICY

The Columbia County Sheriff's Office recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

427.3 RESPONSIBILITIES

The Enforcement Division Commander and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for office participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Enforcement Division Commander include, but are not limited to:

- (a) Remaining familiar with those databases available to the Office that would facilitate the purpose of this policy.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Office.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Office conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

427.4 REPORTING AND INVESTIGATION

Any office member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to a deputy in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, a deputy becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

427.5 HANDLING INFORMATION

The Records Unit will forward copies of SARs, in a timely manner, to the following:

- Detective Unit supervisor
- Other authorized designees

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This office provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC PATROL DEPLOYMENT

Several factors are considered in the development of deployment schedules for deputies of the Columbia County Sheriff's Office. Information provided by the Department of Motor Vehicles and Oregon Department of Transportation is a valuable resource for traffic accident occurrences and therefore deputy deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All deputies assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All deputies will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All deputies shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This office does not establish ticket quotas and the number of arrests or citations issued by any deputy shall not be used as the sole criterion for evaluating a deputy's overall performance. The visibility and quality of a deputy's work effort will be commensurate with the philosophy of this policy. Deputies attempting to enforce traffic laws shall be in Columbia County Sheriff's Office uniform or shall conspicuously display an official identification card showing the deputy's lawful authority (ORS 810.400). Several methods are effective in the reduction of collisions:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Traffic Function and Responsibility

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS

Citations may be issued when a deputy believes it is appropriate. It is essential that deputies fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Deputies should provide the following information at a minimum:

- (a) Explanation of the violation or charge.
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist.
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

Deputies at the scene of a traffic accident and, based upon the deputy's personal investigation, having reasonable grounds to believe that a person involved in the accident has committed a traffic offense in connection with the accident, may issue the person a citation for that offense (ORS 810.410(4)).

500.3.3 PHYSICAL ARREST

Deputy may arrest or issue a citation to a person for a traffic crime at any place within the state. Generally, physical arrests are limited to major traffic offenses such as:

- (a) Driving Under the Influence of Intoxicants.
- (b) Hit-and-Run.
- (c) Attempting to Elude.
- (d) Reckless Driving with extenuating circumstances.
- (e) Situations where a violator refuses or cannot satisfactorily identify him/herself and therefore cannot be issued a citation.

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If a deputy contacts a traffic violator for driving on a suspended or revoked license, the deputy may issue a traffic citation pursuant to ORS 810.410.

Deputies should attempt to interview the violator to obtain evidence that the violator knew their license was suspended. Ask if the violator is still living at the address on file with DMV and if not, how long since they moved and why they haven't notified DMV of their new address.

If a computer check of a traffic violator's license status reveals a suspended or revoked drivers license and the traffic violator still has his or her license in possession, the license shall be seized by the deputy and the violator may also be cited for Failure to Return a Suspended License if evidence shows they knew they were suspended (ORS 809.500).

Columbia County Sheriff's Office

Traffic Function and Responsibility

500.5 HIGH-VISIBILITY VESTS

The Columbia County Sheriff's Office has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of office members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; OAR 437-002-0134).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, deputies should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes deputy might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

A high-visibility vest shall be maintained in the trunk of each patrol and investigation unit. Each vest should be stored inside the resealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Chief Deputy should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

Traffic Collision Reporting

501.1 PURPOSE AND SCOPE

The Columbia County Sheriff's Office prepares traffic collision reports in compliance with Oregon Revised Statutes 810.460 relating to reports of traffic accidents to the Oregon Department of Transportation and, as a public service makes traffic collision reports available to the community with some exceptions.

501.2 REPORTING SITUATIONS

501.2.1 TRAFFIC COLLISIONS INVOLVING COUNTY VEHICLES

Traffic collision investigation reports shall be taken when a County-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage or injury results. A general information report may be taken in lieu of a traffic collision report at the direction of a supervisor when the collision occurs on private property or does not involve another vehicle. Whenever there is damage to a County vehicle, a Vehicle Damage Report shall be completed and forwarded to the appropriate Division Commander.

Photographs of the collision scene and vehicle damage shall be taken.

501.2.2 TRAFFIC COLLISIONS INVOLVING OFFICE EMPLOYEES

When an employee of this office, either on-duty or off-duty, is involved in a traffic collision within the County limits of Columbia resulting in a serious injury or fatality, the Enforcement Commander shall request an outside law-enforcement agency to conduct an investigation.

The term serious injury is defined as any injury that results in hospitalization for any period of time

501.2.3 TRAFFIC COLLISIONS INVOLVING OTHER COUNTY EMPLOYEES OR OFFICIALS

The Shift Supervisor or Shift Supervisor may request assistance from the Oregon State Police for the investigation of any traffic collision involving any Columbia official or employee where a serious injury or fatality has occurred.

501.2.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

Traffic collision reports shall not be taken for collisions occurring on private property unless there is a death or injury to any person involved, a hit-and-run violation, or a deputy issues a citation for a traffic violation. A Miscellaneous Report may be taken at the discretion of any supervisor.

501.2.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

Traffic collision reports shall be taken when they occur on a roadway or highway within this jurisdiction in the following cases:

- (a) There is a death, or injury to any person involved in the collision.
- (b) A deputy issues a citation for a violation of the Vehicle Code.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Traffic Collision Reporting

- (c) The accident is initially reported by a garage operator who has received a vehicle involved in a serious accident or exhibiting evidence of having been struck by a bullet (Oregon Revised Statutes 822.600).
- (d) All hit-and-run violations as defined by Oregon Revised Statutes 811.700 and 811.705.
- (e) The collision meets the criteria for operators to submit a State Accident Report to the Department of Motor Vehicles.
- (f) An involved party requests a traffic collision report.

501.2.6 TOWING VEHICLES INVOLVED IN TRAFFIC COLLISIONS

A collision report will be required if a vehicle is damaged in a collision and a tow truck is necessary. Towing of a vehicle from a collision scene at the request of the driver when the vehicle would not otherwise be in need of towing, does not require a traffic collision report under this policy unless the incident meets the criteria in the Vehicle Towing policy.

501.3 NOTIFICATION OF SUPERVISOR

In the event of a serious injury or death related traffic collision, the Shift Supervisor may request a Crash Reconstructionist from the Oregon State Police to investigate the traffic collision. The OSP Crime Lab may also be requested to assist with a fatal accident.

Vehicle Towing

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Columbia County Sheriff's Office.

502.1.1 DEFINITIONS

The sections below deal with two types of actions the Deputy might take. They are;

- (a) **Tow:** A tow is the removal of a vehicle for the purpose of clearing a roadway or eliminating an obstruction. The vehicle is usually towed to a tow yard. The Deputy generally has no further interest in the vehicle and the only requirement for the owner to recover the vehicle is to appear at the Sheriff's Office and prove ownership, valid insurance coverage and a valid driver's license.
- (b) **Impound:** An impound is a detention of the vehicle for some additional purpose beyond a simple tow. The impound of a vehicle requires legal justification for the impound and requires a fee be paid upon release.

502.2 RESPONSIBILITIES

The responsibilities of those deputies impounding or towing a vehicle are as follows.

502.2.1 VEHICLES CONSTITUTING A HAZARD OR OBSTRUCTION

Deputies may take custody of and tow a vehicle that is disabled, abandoned, parked or left standing unattended when it creates a hazard or obstruction. Hazards and obstructions may include vehicles that are: (ORS 819.120):

- (a) Parked so that any part of the vehicle extends into the paved portion of the travel lane.
- (b) Parked so that any part of the vehicle extends into the highway shoulder or bicycle lane of any freeway ORS 819.120 (2)(b).

Deputies should use sound judgment in balancing the need to correct a hazardous situation with the potential hardship to a vehicle owner/operator before towing such a vehicle.

Deputies towing a vehicle shall complete a Vehicle Tow and Impound Report. A copy is to be given to the operator of the towed vehicle or left with the vehicle and a copy is provided to the tow-truck operator. The original is to be submitted along with the incident report to the Records Unit as soon as practicable.

Records Division personnel shall promptly enter pertinent data from the completed Vehicle Tow and Impound Report into the state's Law Enforcement Data Systems (LEDS).

Once a Towed Vehicle Report is approved and forwarded to the Records Unit, it shall be placed into the auto-file at the front desk to be immediately available for release of the vehicle or for information should inquiries be made.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Vehicle Towing

502.2.2 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION

When a vehicle has been involved in a traffic collision and must be removed from the scene, the deputy shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the no preference towing company list in Dispatch.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the deputy shall request the dispatcher to call a no preference towing company. The deputy will then have the vehicle towed to the tow company's storage lot for safekeeping, and complete a Vehicle Tow and Impound Report.

502.2.3 DRIVING A NON-COUNTY VEHICLE

Vehicles which have been towed by or at the direction of the Sheriff's Office should not be driven by sheriff's personnel unless it is necessary to move the vehicle a short distance to eliminate a hazard, to prevent the obstruction of a fire hydrant, or to comply with posted signs.

502.2.4 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The deputy shall be advised when the request has been made and the towing service has been dispatched.

502.2.5 NOTICE TO OWNERS

When a vehicle is towed as a traffic hazard or obstruction or is impounded and towed for a specified traffic offense pursuant to ORS 809.720, records personnel shall mail a copy of the Vehicle Tow and Impound Report, along with information describing the location of the vehicle and the procedures for its release, to the legal and registered owners of the stored vehicle within 48 hours after it has been stored, not including Saturdays, Sundays or holidays, unless the vehicle has been previously released (ORS 819.180). The notice shall include:

- (a) That the vehicle has been taken into custody and towed; the identity of the appropriate towing authority and the statute, ordinance or rule under which the vehicle has been taken into custody and towed.
- (b) The location of the vehicle, or the telephone number and address of the authority that will provide that information.
- (c) That the vehicle is subject to towing and storage charges, the amount of charges that have accrued to the date of the notice and the daily storage charges, or the contact name and phone number so that the owners may acquire that information.
- (d) That the vehicle and its contents are subject to a lien for payment of the towing and storage charges and that the vehicle and its contents will be sold to cover the charges if the charges are not paid by a date specified by the appropriate authority.
- (e) That the owner, possessor or person having an interest in the vehicle and its contents is entitled to a prompt hearing to contest the validity of taking the vehicle into custody and towing it, and to contest the reasonableness of the charges for towing and storage if a hearing is requested in a timely manner.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Vehicle Towing

- (f) The time within which a hearing must be requested and the method for requesting a hearing.
- (g) That the vehicle and its contents may be immediately reclaimed by presentation to the appropriate authority of satisfactory proof of ownership or right to possession, and either payment of the towing and storage charges or the deposit of cash security or a bond equal to the charges with the appropriate authority.

502.2.6 VEHICLE IMPOUNDED AS EVIDENCE

When a vehicle is impounded for evidence, it will generally be towed to the Sheriff's Office and held in a secure storage location, pending further investigation. The owner, possessor or driver of the vehicle should be provided a receipt at the time of the evidence seizure. If no such person was available, records staff should notify the owner(s) of the vehicle that the vehicle has been impounded as evidence using the same notification process as described in section 502.2.5 of this chapter. When contact is made with the person who has a right to possess the vehicle, a receipt should be provided at that time.

502.2.7 REQUIRED REPORTS FOLLOWING TOW OR IMPOUND

The towing of any vehicle for one of more of the following reasons:

1. as a hazard or obstruction; as an abandoned vehicle;
2. impounded at the scene of arrest; disabled in a traffic crash;
3. impound related to a criminal investigation;
4. illegally stopped standing or parked;
5. driving while suspended or revoked;
6. driving under the influence of an intoxicant;
7. driving without driving privileges;
8. driving an uninsured vehicle:

shall be reported on a Vehicle Tow and Impound report.

The Vehicle Tow and Impound Report will be printed in a format with one original and two copies. The original of the document will be retained by the Deputy making the determination to tow the vehicle and will promptly be turned in to records. The second and third copies will be delivered to the driver of the vehicle and the driver of the tow truck. If the vehicle being towed is not occupied, the driver's copy will be left with or in the towed vehicle.

502.3 TOWING SERVICES

The Columbia County Sheriff's Office participates in a county-wide system that provides tow services for law enforcement. The Deputy interacts with the Columbia 911 Communications District (CCOM) to arrange for tows. When a Deputy has need of tow services, CCOM will provide the next tow provider on the rotation list for that particular region of the county. Should a Deputy desire a specific tow provider for a needed tow, the Deputy may, with supervisor approval, specify which provider is desired for that tow.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Vehicle Towing

502.3.1 NON- PREFERENCE TOW SERVICES

A NON-PREFERENCE tow shall be requested from CCOM whenever a tow is desired and no specific tow provider is desired.

Any complaint alleging misconduct by a tow operator shall be referred to CCOM for follow-up.

The department will assist citizens by calling any towing company desired. If the citizen has no preference and requests towing service, a non-preference tow shall be requested for them.

All deputies are specifically prohibited from directly or indirectly soliciting for or recommending any garage or tow service.

502.4 IMPOUND AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this office to provide reasonable safekeeping by leaving the vehicle secured and lawfully parked at the scene or storing the arrestee's vehicle subject to the exceptions described below. However, the vehicle shall be stored, subject to applicable laws and warrant requirements, whenever it is needed for the furtherance of an investigation or prosecution of the case, or when the community caretaker doctrine reasonably suggests that the vehicle should be stored (e.g., the vehicle would present a traffic hazard if not removed or, due to a high crime area, the vehicle would be in jeopardy of theft or damage if left at the scene).

While the Oregon Revised Statutes may authorize the impoundment of a vehicle for issues such as driving with a suspended or revoked license (ORS 809.720), impounds are only authorized if, in such cases, leaving the vehicle would create a hazard, obstruction or a risk of loss.

The following are examples of situations where the arrestee's vehicle should not be stored, provided the vehicle can be legally parked, left in a reasonably secured and safe condition and the vehicle is not needed for the furtherance of an investigation:

- The vehicle is parked on private property on which the registered owner or operator is legally residing, or the property owner does not object to the vehicle being left parked at that location.
- When the arrestee or a passenger is the registered or legal owner of the vehicle and requests that the vehicle be released to a person who is present, willing and able to legally take control of the vehicle.
- Whenever the vehicle is legally parked and otherwise does not need to be stored and the owner requests that it be left at the scene.

In such cases, the handling employee shall inform the arrestee and note in the report that the Office will not be responsible for theft or damages.

502.5 IMPOUNDS RELATED TO CRIMINAL INVESTIGATIONS

Deputies should impound vehicles that are needed for the furtherance of an investigation or prosecution of a case or are otherwise appropriate for seizure under ORS 133.535. State law

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Vehicle Towing

requires the impounding deputy to take reasonable steps to protect against loss or damage to impounded vehicles and any contents that may have been taken as evidence (ORS 133.537).

Deputies should make reasonable efforts to return a recovered stolen vehicle to its owner rather than store it, so long as the vehicle is not needed for evidence. If a recovered stolen vehicle is towed, the deputy shall share the owner's contact information, including the person's home address and telephone number, with the towing service that assumes control of the vehicle (ORS 98.857).

502.6 VEHICLE INVENTORIES

The contents of all impounded vehicles shall be inventoried in accordance with the following procedure:

- (a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger and engine compartments of the vehicle including, but not limited to, the glove box, other accessible areas under or within the dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats and under the seats.
- (b) In addition to the passenger and engine compartments as described above, an inventory of personal property and the contents of open containers will also be conducted in the following locations:
 - 1. Any other type of unlocked compartments that are a part of the vehicle including, but not limited to, unlocked glove compartments, unlocked vehicle trunks and unlocked car top containers.
 - 2. Any locked compartments including, but not limited to, locked glove compartments, locked vehicle trunks, locked hatchbacks and locked car-top containers, provided the keys are available and are to be released with the vehicle to the third-party towing company or an unlocking mechanism for such compartment is available within the vehicle.
- (c) Closed containers located either within the vehicle or any of the vehicle's compartments will not be opened for inventory purposes except for the following items which shall be opened for inventory: wallets, purses, coin purses, fanny packs, personal organizers, briefcases or other closed containers designed for carrying money or small valuables, or closed containers which are designed for hazardous materials.
- (d) Other closed containers shall be opened and inventoried if the owner acknowledges they contain cash in excess of \$10, valuables or a hazardous material.
- (e) Any valuables, to include cash in excess of \$10 or property valued at more than \$200, located during the inventory process will be listed on a property receipt and stored in this agency's property/evidence room. A copy of the property receipt will either be left in the vehicle or tendered to the person in control of the vehicle if such person is present.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Vehicle Towing

- (f) The inventory is not a search for evidence of a crime, however, deputies shall seize evidence or contraband located during the inventory. Items should be scrutinized to the extent necessary to complete the inventory.
- (g) Tow truck operators are to receive a copy of the tow report.

These inventory procedures are for the purpose of protecting an owner's property while in sheriff's custody, to provide for the safety of deputies, and to protect the Office against fraudulent claims of lost, stolen, or damaged property. The inventory of the contents of an impounded vehicle is required pursuant to Columbia County Ordinance 94-11 which was signed by the board members of the BOCC on December 21, 1994.

502.7 VEHICLE SEARCHES

Case law regarding search and seizure is ever changing and frequently subject to interpretation under the varying facts of each situation. Vehicle searches should be handled according to current training and a deputy's familiarity with relevant case law. Generally, a search warrant should be sought prior to conducting a search of a vehicle.

Because circumstances under which a warrantless search of a vehicle might be permissible are very limited, and because vehicle searches are subject to many restrictions, deputies should, whenever possible, seek supervisory approval before conducting a warrantless search of a vehicle.

502.8 SECURITY OF VEHICLES AND PROPERTY

After a thorough inventory of the vehicle has been completed and all contraband, evidence and weapons have been removed the deputy should make reasonable accommodations to permit a driver or owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions).

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, search personnel shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

502.9 RELEASE CRITERIA

A vehicle impounded under this section shall be released to a person entitled to lawful possession of the vehicle upon compliance with the following:

- (a) Proof that a person with valid driving privileges will be operating the vehicle.
- (b) Proof of compliance with financial responsibility requirements for the vehicle.
- (c) Payment of the Columbia County Sheriff's Office administrative fee, when appropriate, and any towing and storage charges.
- (d) A security interest holder in the vehicle is not required to comply with (a) and (b) and may obtain release by paying the administrative fee, when appropriate, and any towing and storage fees.

Vehicle Impound Hearings

503.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings.

503.2 IMPOUND HEARING

When a vehicle is impounded by any member of the Columbia County Sheriff's Office, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent.

503.2.1 HEARING PROCEDURES

When requested, a hearing to contest the validity of the impoundment and the reasonableness of the tow will be held as follows (ORS 819.190).

Requests for a hearing on an impounded vehicle shall be submitted in writing to the person designated by the Columbia County Sheriff's Office to receive such requests, within five days of the postmarked date on the notice of impound. The request shall state the grounds upon which the person requesting the hearing believes that the custody and towing of the vehicle was not justified.

An impound hearings officer, designated by this office, will set a time for the hearing within 72 hours of the receipt of the request, excluding Saturdays, Sundays and holidays. The hearings officer will provide notice of the hearing to the person requesting the hearing, to the impounding deputy and to any owner, lessor or security interest holder shown in the Oregon Department of Transportation (ODOT) records.

An impound hearings officer, designated by this office, shall consider all information provided and shall determine the validity of the impound based on substantial evidence on the record, according to applicable law and office policy. The hearings officer shall then render a decision. The deputy who caused the removal of the vehicle may submit an affidavit to the hearings officer in lieu of a personal appearance.

If the hearings officer decides that the impound was valid, he/she shall order the vehicle held in custody until the cost of the hearing and all reasonable towing and storage costs are paid by the party claiming the vehicle.

If the hearings officer decides that the impound was invalid, he/she shall order the immediate release of the vehicle to the owner or person with right of possession. Such person is not liable for towing or storage charges and shall be reimbursed for such charges if they have already been paid. New storage costs will not start to accrue until more than 24 hours after the time the vehicle is officially released (ORS 819.190).

If a decision is made that the impound was invalid and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded to the appropriate Division Commander for reimbursement by this office to the appropriate party.

Impaired Driving

504.1 PURPOSE AND SCOPE

This policy provides guidance to those office members who play a role in the detection and investigation of driving under the influence (DUI).

504.2 POLICY

The Columbia County Sheriff's Office is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Oregon's impaired driving laws.

504.3 INVESTIGATIONS

Deputies should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All deputies are expected to enforce these laws with due diligence.

The Shift Commander will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating deputies in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The deputy's observations that indicate impairment on the part of the individual, and the deputy's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in Oregon or another jurisdiction.

504.4 CHEMICAL TESTS

A person implies consent under Oregon law to a chemical test or tests, and to providing the associated chemical sample, under any of the following (ORS 813.100):

- (a) The arresting deputy has reasonable grounds to believe that the person was DUI.
- (b) The person is arrested for DUI and takes a breath test that discloses a blood alcohol content of less than 0.08 percent (ORS 813.131).
- (c) The person is arrested for DUI and was involved in an accident resulting in injury or property damage (ORS 813.131).

Impaired Driving

- (d) The person is receiving medical care at a health care facility immediately after a motor vehicle accident and the arresting deputy has reasonable grounds to believe that the person was DUI.

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the deputy should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

504.4.1 BREATH SAMPLES

The Shift Commander should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Deputies obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Shift Commander.

504.4.2 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (ORS 813.160). The blood draw should be witnessed by the assigned deputy. No deputy, even if properly certified, should perform this task.

Deputies should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood test because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

504.4.3 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The deputy shall follow any directions accompanying the urine evidence collection kit.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

504.4.4 STATUTORY NOTIFICATIONS

Prior to administering any tests, the person shall be informed of the rights and consequences for DUI and refusals of testing (ORS 813.100; ORS 813.130; ORS 813.135).

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Impaired Driving

504.4.5 ADDITIONAL REQUIREMENTS FOR URINE SAMPLES

A deputy may not request that a person submit to a urine test unless the deputy is certified by the Department of Public Safety Standards and Training as having completed the required training in the recognition of drug impaired driving. The deputy must also have a reasonable suspicion to believe that the person arrested has been driving under the influence of cannabis, psilocybin, a controlled substance, an inhalant, or any combination of cannabis, psilocybin, an inhalant, a controlled substance, and intoxicating liquor (ORS 813.131).

The person providing the urine sample shall be given privacy and may not be observed by the deputy when providing the sample (ORS 813.131).

504.4.6 ADDITIONAL TESTING

A deputy requesting that a person submit to a chemical test shall also provide the person, upon request, with a reasonable opportunity to have a qualified medical professional of their choosing administer an additional chemical test. The test may be of the person's breath or blood if alcohol concentration is an issue or of the person's blood or urine if the presence of cannabis, psilocybin, a controlled substance, or an inhalant in the person's body is an issue (ORS 813.150).

504.5 REFUSALS

When an arrestee refuses to provide a chemical sample, deputies should:

- (a) Advise the arrestee of the requirement to provide a sample (ORS 813.100; ORS 813.130; ORS 813.131; ORS 813.135).
- (b) Audio- and/or video-record the admonishment and the response when it is legal and practicable.
- (c) Document the refusal in the appropriate report.

504.5.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, deputies shall personally serve the written notice of intent to suspend upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person (ORS 813.100).

504.5.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (ORS 813.100).
- (b) The deputy can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Impaired Driving

504.5.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the deputy should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another deputy) and attempt to persuade the individual to submit to such a sample without physical resistance.
 1. This dialogue should be recorded on audio and/or video when legal and practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 3. In felony cases, force that reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, deputies are expected to use sound judgment and perform as a responding supervisor, as set forth above.

504.6 ARREST AND INVESTIGATION

504.6.1 DEPUTY RESPONSIBILITIES

If a person refuses to submit to a chemical test or if a test discloses that the person had a prohibited alcohol concentration in his/her blood, the investigating deputy shall cause the following items to be forwarded to the Driver and Motor Vehicle Services Division of the Department of Transportation (DMV) within 10 days of the arrest (ORS 813.100; OAR 735-090-0040):

- The completed Implied Consent Form

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Impaired Driving

- Any confiscated license or permit belonging to the person
- A copy of the written report that complies with ORS 813.120

A deputy confiscating a person's license pursuant to state DUI laws shall provide the person with a temporary driving permit unless (ORS 813.100; ORS 813.110):

- The driving privileges of the person were suspended, revoked or canceled at the time the person was arrested.
- The person whose license was confiscated was operating on an invalid license.
- The person was not entitled to driving privileges at the time of the arrest for any other reason.
- The person holds a license or permit granting driving privileges that was issued by another state or jurisdiction and that is not confiscated.

504.6.2 OFFENSE FOR REFUSAL

If a person refuses to submit to a breath or urine test, the arresting deputy may charge the person with a separate offense (ORS 813.095).

504.7 RECORDS UNIT RESPONSIBILITIES

The Support Services Manager will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

504.8 ADMINISTRATIVE HEARINGS

The Support Services Manager will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the DMV.

Any deputy who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

report unless errors,

504.9 TRAINING

The Enforcement Lieutenant should ensure that deputies participating in the enforcement of DUII laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUII investigations. The Enforcement Lieutenant should confer with the prosecuting attorney's office and update training topics as needed.

Traffic Citations

505.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

505.2 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the Enforcement Commander. Upon a review of the circumstances involving the issuance of the traffic citation, the Enforcement Commander may contact the appropriate court for dismissal of the traffic citation.

Should a Deputy determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the deputy may request the court to dismiss the citation.

505.3 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued.

505.4 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the deputy issuing the citation shall submit the citation and a letter requesting a specific correction to the court having jurisdiction and to the recipient of the citation.

505.5 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of this office shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Records Unit.

Upon separation from employment with this office, all employees issued traffic citations books shall return any unused citations to the Records Unit.

505.6 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.

Disabled Vehicles

506.1 PURPOSE AND SCOPE

Public safety, and the Columbia County Sheriff's Office's commitment to service, requires that deputies place a high priority on assisting disabled motorists. This policy provides guidelines for achieving that objective.

506.2 POLICY

It is the policy of the Columbia County Sheriff's Office to assist motorists with disabled vehicles until those vehicles are safely removed from the roadway. Members should take appropriate action to mitigate potential problems when a vehicle constitutes a traffic hazard or the safety of the motorist is a concern.

506.3 DEPUTY RESPONSIBILITY

When an on-duty deputy observes a disabled vehicle on the roadway, the deputy should make a reasonable effort to provide assistance. If that deputy is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available deputy to respond for assistance as soon as practical.

506.4 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by office personnel will be contingent on the time of day, the location, the availability of office resources, and the vulnerability of the disabled motorist.

506.4.1 MECHANICAL REPAIRS

Office personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

506.4.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this office by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

506.4.3 RELOCATION OF DISABLED MOTORIST

The relocation of a disabled motorist should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The office member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 INITIAL INVESTIGATION

600.2.1 DEPUTY RESPONSIBILITIES

A deputy responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 1. An initial statement from any witnesses or complainants.
 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the deputy shall:
 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Shift Supervisor.
 4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
 5. Collect any evidence.
 6. Take any appropriate law enforcement action.
 7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.2.2 NON-SWORN MEMBER RESPONSIBILITIES

A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of a deputy shall be requested.

600.3 COLLECTION OR MAINTENANCE OF SPECIFIC INFORMATION

The collection or maintenance of information about the political, religious or social views, associations or activities of any individual, group, association, organization, corporation, business or partnership shall occur only when the information directly relates to a criminal investigation and

Investigation and Prosecution

there are reasonable grounds to suspect the subject of the information is or may be involved in criminal conduct (ORS 181A.250).

600.4 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.4.1 AUDIO/VIDEO RECORDINGS

Generally, except where circumstances make it impracticable, custodial interviews regarding felony offenses should be electronically recorded. When such custodial interviews are conducted in a law enforcement facility, electronic recording of the interview is mandatory absent good cause not to record if the interview is conducted in connection with an investigation into aggravated murder, as defined in ORS 163.095, or a crime listed in ORS 137.700 or ORS 137.707 (ORS 133.400).

A custodial interview of a person 17 years of age or under involving an investigation into a misdemeanor or a felony or an allegation that the juvenile being interviewed committed an act that would be a misdemeanor or a felony if committed by an adult shall be recorded, absent good cause not to record the interview, if (2019 Oregon Laws, c. 216, § 2):

- (a) The interview is conducted at a courthouse or at any law enforcement agency authorized to detain juvenile offenders; or
- (b) The interview is conducted anywhere else and the deputy is wearing a body-worn camera.

If an interviewee expresses an unwillingness to have the custodial interview electronically recorded but agrees to speak to investigators without such recording, the interviewing deputy or detective should document the refusal in his/her report and request that the interviewee sign a written statement or provide a recorded statement of his/her refusal to have the interview recorded.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law (ORS 165.540).

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Detective Unit supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes. Electronic recording of a custodial interview shall be preserved until the conclusion of the criminal proceeding or youth adjudication proceeding, including post-conviction relief and habeas corpus appeals are exhausted, or until the prosecution of the offense is barred by law (ORS 133.400).

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Investigation and Prosecution

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.5 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.6 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, deputies should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, deputies should take reasonable steps to prepare for such seizure and use the resources that are available.

600.7 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the internet should only be accessed by members while on-duty

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Investigation and Prosecution

and for purposes related to the mission of this office. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using office equipment.

Information obtained via the internet should not be archived or stored in any manner other than office-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

600.7.1 ACCESS RESTRICTIONS

Information that can be accessed from any office computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.7.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Deputies should seek legal counsel before any such interception.

Asset Forfeiture

includes any time the Columbia County Sheriff's Office seizes property for forfeiture or when the Columbia County Sheriff's Office is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Forfeiture reviewer - The office member assigned by the Sheriff who is responsible for reviewing all forfeiture cases and for acting as the liaison between the Office and the assigned attorney.

Prohibited conduct - In the context of criminal forfeiture, refers to a felony or a Class A misdemeanor for purposes of proceeds and the many crimes listed in ORS 131.602 for purposes of instrumentalities (ORS 131.550).

Prohibited conduct in the context of civil forfeiture refers to any of the following (ORS 131A.005):

- Crimes related to the Uniform Controlled Substances Act where a person may be sentenced to imprisonment (specifically, ORS 475.005 through ORS 475.285 and ORS 475.744 through ORS 475.980).

601.2 POLICY

The Columbia County Sheriff's Office recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Columbia County Sheriff's Office that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

601.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

601.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Asset Forfeiture

- (a) Civil forfeiture
 - 1. Property that is subject to a court order (ORS 131A.060).
 - 2. Property that is not subject to a court order if (ORS 131A.065):
 - (a) There is probable cause to believe that the property is subject to forfeiture and the property may constitutionally be seized without a warrant.
 - (b) The seizure is in the course of a constitutionally valid criminal investigative stop, arrest or search, and there is probable cause to believe that the property is subject to civil forfeiture.
 - (c) The property is directly or indirectly dangerous to the health or safety of any person.
 - (d) An owner consents to the seizure.
- (b) Criminal forfeiture
 - (a) Property that is subject to a court order (ORS 131.561).
 - (b) Property that is not subject to a court order when (ORS 133.535; ORS 131.561):
 - (a) The property subject to criminal forfeiture is also evidence of a crime or is illegal to possess.
 - (b) There is probable cause to believe that the property is subject to criminal forfeiture.

Whenever practicable, a court order for seizure prior to making a seizure is the preferred method. A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

601.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds
- (b) A conveyance owned by a common carrier or person who did not consent to the offense in question or had no knowledge of the offense (i.e., an "innocent owner") (ORS 131.558)

601.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the deputy making the seizure should ensure compliance with the following:

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Asset Forfeiture

When property is seized and no one claims an interest in the property, the deputy must leave the copy in the place where the property was found, if it is reasonable to do so.

- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The deputy will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Deputies who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

601.5 MAINTAINING SEIZED PROPERTY

The Evidence Technician is responsible for ensuring compliance with the following:

- (a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.

- (g) Ensuring that deputies who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs) or Interim Directive. The training should cover this policy and address any relevant statutory changes and court decisions.
- (h) Reviewing each asset forfeiture case to ensure that:
 - 1. Written documentation of the seizure and the items seized is in the case file.
 - 2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.
 - 3. Notice of seizure has been given in a timely manner to those who hold an interest in the seized property. Information on the notice to interested parties can be found in ORS 131.561, ORS 131.570, ORS 131A.150 and ORS 131A.230. 9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.
 - (i) Ensuring that a written plan is available that enables the Sheriff to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.
 - (j) Ensuring that the Office disposes of property as provided by law following any forfeiture.
 - (k) Ensuring the forms and receipts provided for field use comply with ORS 131.570 and ORS 131A.055. A consensual search of a motor vehicle form should be available for field use as well (ORS 131A.025).

Informants

602.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

602.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Columbia County Sheriff's Office for law enforcement purposes. This also includes a person agreeing to supply information to the Columbia County Sheriff's Office for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

602.2 POLICY

The Columbia County Sheriff's Office recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this office that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

602.3 USE OF INFORMANTS

602.3.1 INITIAL APPROVAL

Before using an individual as an informant, a deputy must receive approval from his/her supervisor. The deputy shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this office should not guarantee absolute safety or confidentiality to an informant.

602.3.2 JUVENILE INFORMANTS

The use of informants under the age of 13 is prohibited.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

- (a) The juvenile's parents or legal guardians
- (b) The juvenile's attorney, if any
- (c) The court in which the juvenile's case is being handled, if applicable
- (d) The Sheriff or the authorized designee

602.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated office informant agreement. The deputy using the informant shall discuss each of the provisions of the agreement with the informant.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Informants

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

602.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Sheriff, Division Commander, CENT supervisor Chief Deputy or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as sheriff's deputies, employees or agents of the Columbia County Sheriff's Office, and that they shall not represent themselves as such.
- (d) The relationship between office members and informants shall always be ethical and professional.
 - (a) Members shall not become intimately involved with an informant.
 - (b) Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the CENT supervisor or Chief Deputy.
 - (c) Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Deputies shall not meet with informants in a private place unless accompanied by at least one additional deputy or with prior approval of the CENT supervisor or Chief Deputy.
 - 1. Deputies may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, deputies shall arrange for the presence of another deputy.
- (g) In all instances when office funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, deputies shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

602.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Informants

The supervisor shall determine whether the informant should be used by the Office and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of a deputy.
- (c) The informant reveals to suspects the identity of a deputy or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this office to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of deputies or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

602.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of office members or the reliability of the informant.

Informant files shall be maintained in a secure area within the CENT. The CENT supervisor or Chief Deputy or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Sheriff, Division Commander, CENT supervisor or their authorized designees.

The Enforcement Division Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the CENT supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

602.5.1 FILE SYSTEM PROCEDURE

A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Informants

- (a) Name and aliases
- (b) Date of birth
- (c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features
- (d) Photograph
- (e) Current home address and telephone numbers
- (f) Current employers, positions, addresses and telephone numbers
- (g) Vehicles owned and registration information
- (h) Places frequented
- (i) Briefs of information provided by the informant and his/her subsequent reliability
 - 1. If an informant is determined to be unsuitable, the informant's file is to be marked "unsuitable" and notations included detailing the issues that caused this classification.
- (j) Name of the deputy initiating use of the informant
- (k) Signed informant agreement
- (l) Update on active or inactive status of informant

602.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The CENT supervisor will discuss the above factors with the Enforcement Division Commander and recommend the type and level of payment subject to approval by the Sheriff.

602.6.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

- (a) Payments may be paid in cash from a CENT buy/expense fund.
 - (a) The investigator shall sign the voucher for cash payouts from the buy/expense fund
- (b) To complete the payment process for any amount, the deputy delivering the payment shall complete a cash transfer form.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Informants

1. The cash transfer form shall include the following:
 - (a) Date
 - (b) Payment amount
 - (c) Columbia County Sheriff's Office case number
 - (d) A statement that the informant is receiving funds in payment for information voluntarily rendered.
2. The cash transfer form shall be signed by the informant.
3. The cash transfer form will be kept in the informant's file.

602.6.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of deputies or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

602.6.3 AUDIT OF PAYMENTS

The CENT supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief Deputy or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

Eyewitness Identification

603.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this office employ eyewitness identification techniques.

603.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

603.2 POLICY

The Columbia County Sheriff's Office will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

603.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

603.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Detective Unit supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the suspect's photograph may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary.

603.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

603.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Eyewitness Identification

603.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

603.8 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Eyewitness Identification

- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) A person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of a show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

Brady Material Disclosure

604.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

604.1.1 DEFINITIONS

Definitions related to this policy include:

Brady information -Information known or possessed by the Columbia County Sheriff's Office that is both favorable and material to the current prosecution or defense of a criminal defendant.

604.2 POLICY

The Columbia County Sheriff's Office will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Columbia County Sheriff's Office will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Office will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

604.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Deputies must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If a deputy learns of potentially incriminating or exculpatory information any time after submission of a case, the deputy or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., informant or attorney-client information, attorney work product), the deputy should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If a deputy is unsure, the deputy should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the office case file.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Brady Material Disclosure

604.4 DISCLOSURE OF REQUESTED INFORMATION

If a member of this office is a material witness in a criminal case, a person or persons designated by the Sheriff shall examine the personnel file and/or internal affairs file of the deputy to determine whether they contain *Brady* information. If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and office member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or office counsel should be requested to file a motion in order to initiate an in-camera review by the court.
 1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection to address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.
 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

604.5 INVESTIGATING BRADY ISSUES

If the Office receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

604.6 TRAINING

Office personnel should receive periodic training on the requirements of this policy.

604.7 BRADY PROCESS

The Sheriff shall select a member of the Office to coordinate requests for *Brady* information. This person shall be directly responsible to the Support Services Division Commander or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Brady Material Disclosure

- (a) Working with the appropriate prosecutors' offices and the County Counsel's office to establish systems and processes to determine what constitutes *Brady* information and the method for notification and disclosure.
- (b) Maintaining a current list of members who have *Brady* information in their files or backgrounds.
 - 1. Updating the list whenever potential *Brady* information concerning any office member becomes known to the Office or is placed in a personnel or internal affairs file.

Small Unmanned Aircraft System (sUAS) Operations

605.1 PURPOSE AND SCOPE

605.6 USE OF SUAS

sUAS deployment requires the approval of the on-duty supervisor or major incident scene commander, unless the deployment is part of a training exercise.

Only authorized operators who have completed the required training shall be permitted to operate a sUAS, unless the operator is training to become an authorized user and is in a training exercise, or the operator in training is under direct supervision of a Remote Pilot in Command who has completed the required training.

sUAS operations should only be conducted in compliance with Federal and State law, rules, and regulations, including applicable FAA waivers or applicable COA regulations.

The office will not operate an sUAS, acquire information through the operation of a sUAS or disclose information acquired through the operation of a sUAS, except as set out below, and in accordance with ORS 837.320; ORS 837.330; ORS 837.335; as amended:

- A. Pursuant to a valid Warrant authorizing its use.
- B. When there is probable cause to believe that a person has committed a crime, is committing a crime or about to commit a crime, and exigent circumstances exist that make it unreasonable to obtain a warrant authorizing the use.
- C. With written consent of an individual for the purpose of acquiring information about the individual or the individual's property.
- D. As part of search and rescue activities, as defined in ORS 404.200.
- E. When assisting an individual in an emergency if there is a reasonable belief that there is an imminent threat to the life and safety of the individual, if:
 - 1. A report shall be prepared documenting the factual basis for the belief; and
 - 2. Not more than 48 hours after the emergency operation begins a sworn statement shall be filed with the circuit court describing the nature of the emergency and the need for the use of a sUAS.

- F. During a state of emergency declared by the Governor under ORS Chapter 401, if:
 - 1. The sUAS is used only for the purpose of preserving public safety, protecting property or conducting surveillance that will be used to assess and evaluate environmental or weather-related damage, erosion or contamination; and
 - 2. The sUAS is operated only in the geographical area specified in the Governor's proclamation, pursuant to ORS 401.165.
- G. For the purpose of reconstructing a crime scene or accident scene, or a similar physical assessment, that is related to a specific investigation, for a period not to exceed five (5) days as provided by ORS 837.340.
- H. For the purpose of training in the use of a sUAS and the acquisition of information through the operation of a sUAS, as provided in ORS 837.345.

605.7 PROHIBITED USE

The sUAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.
- To target a person based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.
- To harass, intimidate, or discriminate against any individual or group.
- To conduct personal business of any type.

The sUAS shall not be weaponized (capable of firing a bullet or projectile, or designed or modified to cause and presently capable of causing serious physical injury). (ORS 837.365).

The sUAS shall not be used in any way that causes interference with an aircraft that is in the air, taking off, or landing, including, but not limited to by use of a laser (ORS 837.374).

605.8 RETENTION OF SUAS DATA

Digital audio, video, and image data collected by the sUAS shall be stored and retained in the same manner as digital evidence as defined under Policy 419, Portable Audio/Video Recorders, subject to the records retention schedule (ORS 837.362).

605.9 REPORTING

The Program Manager shall ensure that an annual report is provided to the Oregon Department of Aviation that summarizes the frequency of sUAS use and the purpose for the use, and indicates how the public can access the office's policies and procedures regarding the use of data resulting from the use of sUAS as required by ORS 837.360.

605.10 TRAINING

The Office sUAS Operations Manual shall specify the required training curriculum and minimum training hour requirements.

sUAS operators shall attend regular training to maintain needed certifications (FAA Part 107 requirements, agency standards, etc.) and consistent with sUAS best practices. Prior to becoming an sUAS operator, the operator candidate must pass all required FAA tests and certifications. sUAS operators are to attend sUAS-related training as their schedule and work demands allow.

sUAS operators are to be selected based upon, but not limited to, the ability to satisfactorily attend regular training, maintain accurate records and operate office sUASs in compliance with Federal, State, and agency requirements. New sUAS operators should obtain their FAA Part 107 license within 60 days of appointment. Failure to pass any required FAA test is grounds for removal from the sUAS program.

The Office may limit the number of sUAS operators based on available training funds and resources.

Warrant Service

606.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this office. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol deputies.

606.2 POLICY

It is the policy of the Columbia County Sheriff's Office to balance the safety needs of the public, the safety of office members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

606.3 OPERATIONS DIRECTOR

The Enforcement Lieutenant shall act as the Operations Director for purposes of this policy and any other reference to the Operations Director in this manual.

The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

606.4 SEARCH WARRANTS

Deputies will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

606.5 ARREST WARRANTS

If a deputy reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the deputy should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Warrant Service

to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

606.6 WARRANT PREPARATION

A deputy who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime warrant execution.
- (b) A clear explanation of the affiant's training, experience and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the *Brady* Material Disclosure Policy).

606.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of deputies deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service is video-recorded when practicable and reasonable to do so. The warrant service may be audio-recorded with notice to all parties to a conversation that a recording is being made unless otherwise permitted in the warrant or ORS 133.726 (ORS 165.540).

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Warrant Service

- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

606.7.1 "NO KNOCK" EXECUTION OF SEARCH WARRANT

ORS 133.575(2) provides: "The executing officer shall, before entering the premises, give appropriate notice of the identity, authority and purpose of the officer to the person to be searched, or to the person in apparent control of the premises to be searched, as the case may be." Oregon law has no statutory authorization for a "No Knock" execution of a search warrant and the Oregon courts have held that a "Magistrate has no authority to abrogate required procedures for executing warrant, including "knock-and-announce" requirement of this section." (st.v. Arce, 83 Or App 185, 730 P2d 1260 (1986))

The Oregon courts also held "Where officer's belief of danger attendant with entry of defendant's residence was based on information of possible narcotics involvement or weapons and on report that owner of residence was member of "outlaw" motorcycle gang, officers had reasonable apprehension of peril and were not required to knock and announce before entering to execute search warrant." (St. v. Schultz, 109 Or App 407, 819 P2d 762 (1991))

Deputies shall comply with the statutory requirement to knock-and-announce their identity, authority and purpose when executing a search warrant unless execution of a search warrant without giving required notice is authorized by an appropriate supervisor.

No supervisor shall authorize the execution of a search warrant via a no knock entry unless it is objectively reasonable to believe, based on the totality of the circumstances, the following;

- (a) Knock and announce prior to execution of a search warrant would put deputies in undo peril; and
- (b) The person(s), location(s), or thing(s) to be searched are depicted in recognizable photographs that are attached to the search warrant to be executed; and
- (c) All law enforcement personnel involved in the execution of the search warrant are provided with a copy of the search warrant with the photo(s) attached.

Warrant Service

606.8 DETENTIONS DURING WARRANT SERVICE

Deputies must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, deputies must be mindful that only reasonable force may be used and weapons should be displayed no longer than the deputy reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Deputies should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

606.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

606.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The Operations Director / Enforcement Lieutenant will ensure that cooperative efforts with other agencies in the service of warrants conforms to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Columbia County Sheriff's Office are utilized appropriately. Any concerns regarding the requested use of Columbia County Sheriff's Office members should be brought to the attention of the Sheriff or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Shift Supervisor should assume this role.

If deputies intend to serve a warrant outside Columbia County Sheriff's Office jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Warrant Service

assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Deputies will remain subject to the policies of the Columbia County Sheriff's Office when assisting outside agencies or serving a warrant outside Columbia County Sheriff's Office jurisdiction.

606.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Sheriff. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

606.12 TRAINING

The Training Deputy should ensure deputies receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

Operations Planning and Deconfliction

607.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

607.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by deputies on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

607.2 POLICY

It is the policy of the Columbia County Sheriff's Office to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

607.3 OPERATIONS DIRECTOR

The Sheriff designates the Enforcement Lieutenant to act as the operations director.

The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

607.4 RISK ASSESSMENT

607.4.1 RISK ASSESSMENT FORM PREPARATION

Deputies assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the deputy should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the deputy should also submit information to these resources.

The deputy should gather available information that includes, but is not limited to:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to deputies and others (e.g., making an off-site arrest or detention of the subject of investigation).

607.4.2 RISK ASSESSMENT REVIEW

Deputies will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director / Enforcement Lieutenant.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

607.4.3 HIGH-RISK OPERATIONS

If the operations director / Enforcement Lieutenant, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - (a) Regional SWAT (Regional SWAT)
 - (b) Additional personnel
 - (c) Outside agency assistance
 - (d) Special equipment
 - (e) Medical personnel
 - (f) Persons trained in negotiation

Operations Planning and Deconfliction

- (g) Additional surveillance
- (h) Canines
- (i) Property Room or analytical personnel to assist with cataloguing seizures
- (j) Forensic specialists
- (k) Specialized mapping for larger or complex locations
- (b) Contact the appropriate office members or other agencies as warranted to begin preparation.
- (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
- (d) Coordinate the actual operation.

607.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The deputy who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The deputy should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

607.6 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other

Columbia County Sheriff's Office

Operations Planning and Deconfliction

- hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids
3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
 4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
- (d) Participants and their roles.
1. An adequate number of uniformed deputies should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 2. How all participants will be identified as law enforcement.
- (e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.
- (f) Identification of all communications channels and call-signs.
- (g) Use of force issues.
- (h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
- (i) Plans for detaining people who are not under arrest.
- (j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.
- (k) Communications plan
- (l) Responsibilities for writing, collecting, reviewing and approving reports.

607.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

607.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Operations Planning and Deconfliction

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.
- (c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be made by the operations director for deputies who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the operations director to ensure that Dispatch is notified of the time and location of the operation, and to provide a copy of the operation plan prior to deputies arriving at the location.
 - 2. If the radio channel needs to be monitored by Dispatch, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
 - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

607.8 REGIONAL SWAT PARTICIPATION

If the operations director determines that Regional SWAT participation is appropriate, the director and the Regional SWAT supervisor shall work together to develop a written plan. The Regional SWAT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the Regional SWAT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the deputies present.

607.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Sheriff. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

607.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any Regional SWAT debriefing.

Sexual Assault Investigations

608.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

608.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in ORS 163.305 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally composed of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

608.2 POLICY

It is the policy of the Columbia County Sheriff's Office that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

608.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with the SART or other multidisciplinary investigative teams as applicable (ORS 147.401).

Sexual Assault Investigations

608.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

608.5 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Detective Unit supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

608.6 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.
 - 4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 - 1. Interviewing sexual assault victims.
 - 2. SART.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - 6. Techniques for communicating with victims to minimize trauma.

608.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of the SART should be included in the initial victim interviews.

Sexual Assault Investigations

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

608.7.1 POLYGRAPH EXAMINATION OF VICTIMS

Victims and any complaining witness in a case involving the use of force, violence, duress, menace or threat of physical injury in the commission of any sex crime under ORS 163.305 through ORS 163.575, shall not be required to submit to a polygraph examination as a prerequisite to filing criminal charges (34 USC § 10451; ORS 163.705).

608.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim. When a victim agrees to participate in a medical assessment, the deputy shall contact a victim advocate and make reasonable efforts to ensure that the advocate is present and available at the medical facility if such notification has not already been made by medical personnel (ORS 147.404).

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Unless the victim has chosen to remain anonymous, sexual assault kits or biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, shall be submitted for biological testing (ORS 181A.325).

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

608.8.1 COLLECTION AND TESTING REQUIREMENTS

A sexual assault forensic evidence kit shall be obtained from a medical facility within seven days after the medical facility notifies the Office that the kit has been collected. The sexual assault forensic evidence kit shall be submitted to the Oregon State Police (OSP) for testing within 14 days after the Office receives the kit from the medical facility and accompanied with information sufficient to allow OSP to prioritize testing. Sexual assault kits shall not be submitted in cases where the victim has chosen to remain anonymous (ORS 181A.325).

Sexual Assault Investigations

If a victim chooses to file a sexual assault report at a later time, the sexual assault kit associated with the report shall be reclassified as a non-anonymous kit and submitted for testing to the OSP within 14 days of the reclassification (ORS 181A.325).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

608.8.2 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable.

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

608.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Detective Unit supervisor.

Classification of a sexual assault case as unfounded requires the Detective Unit supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

608.10 CASE REVIEW

The Enforcement Lieutenant should ensure cases are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Sheriff.

Personal property of the type routinely carried by persons not performing law enforcement duties, and that is not a weapon, is excluded from this requirement.

The Office will not replace or repair costly items (e.g., jewelry, expensive watches, exotic equipment) that are not reasonably required as a part of work.

700.5.1 FILING CLAIMS FOR PERSONAL PROPERTY

Claims for reimbursement for damage to, or loss of, personal property must be made on the proper form. This form is submitted to the member's immediate supervisor. The supervisor may require a separate written report.

Designated members may be issued respiratory PPE based on the member's assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene commander shall reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (29 CFR 1910.134; OAR 437-002-0120):

- (c) Perform a user seal check per office-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

704.6.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (29 CFR 1910.134; OAR 437-002-0120).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

- (a) They smell, taste or are irritated by a contaminant.

These situations may include, but are not limited to:

- (a) Entering the hot zone of a hazardous materials incident.
- (b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.
- (c) Entering a smoke- or chemical-filled area.

The use of SCBA should not cease until approved by a scene commander.

705.3 POLICY

It is the Policy of the Columbia County Sheriff's Office that special vehicles assigned to the Sheriff's Office shall only be operated by those employees who have been trained in the specific methods of operation for that vehicle. Employees shall ensure that the special vehicle is only deployed under circumstances that have been authorized by a supervisor.

705.4 TRAINING AND QUALIFICATIONS

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

SPECIAL VEHICLES

705.5 SPECIAL VEHICLE OPERATIONAL OBJECTIVES

The Columbia County Sheriff's Office will utilize special vehicles and equipment as needed throughout the County (and to assist outside agencies in the region as needed) and will ensure that all personnel assigned to operate these specialized vehicles and equipment are trained in their proper operation, maintenance, and the special tactical considerations unique to each individual vehicle.

- (a) Special vehicles can be applied to many Sheriff's Office incidents and events. Special vehicles can be deployed in any area that requires the use of those special vehicles. The Division Commander and/or sergeants assigned to the Division will determine when the use of the special vehicle or equipment is appropriate and safe.
- (b) Due to their unique functions and in some cases unique appearance or function, they can be deployed at community events as static demonstrations with an operator on scene to answer the public's questions about their function and deployment.
- (c) The use of special vehicles may operate year round. It is at the discretion of the Division Commander and/or sergeant to determine if conditions make it unsafe or impractical for operation.
- (d) The Division Commander and/or sergeant assigned to the Division will determine the limitations of the use of the special vehicles, and may develop an operational manual to address specific operational procedures.
- (e) Members operating special vehicles will usually not be dispatched to routine calls for service, but will respond to calls when they are available and it is practical to do so.

Chapter 8 - Support Services

Property and Evidence

800.1 PURPOSE AND SCOPE

This policy provides for the proper collection, storage, and security of evidence and other property. Additionally, this policy provides for the protection of the chain of evidence and those persons authorized to remove and/or destroy property.

800.2 DEFINITIONS

Evidence - Includes items taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.

Found Property - Includes property found by an employee or citizen that has no apparent evidentiary value and where the owner cannot be readily identified or contacted.

Property - Includes all items of evidence, items taken for safekeeping, and found property.

Safekeeping - Includes the following types of property:

- Property obtained by the Office for safekeeping, such as a firearm
- Personal property of an arrestee not taken as evidence
- Property taken for safekeeping under authority of a law

800.3 PROPERTY HANDLING

Any employee who first comes into possession of any property, shall retain such property in his/her possession until it is properly tagged and placed in the designated property locker or storage room along with the property form. Care shall be taken to maintain the chain of custody for all evidence. When not specifically addressed by this manual, collection and handling of all evidence and property should follow the guidelines established by the State of Oregon Physical Evidence Manual.

Employees will provide a receipt for all items of property or evidence that are received or taken from any person. If no person is present, and the property or evidence is removed from private property or a vehicle, the employee will leave a receipt prominently placed on the private property or the vehicle.

Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. The property form must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the item(s).

800.3.1 PROPERTY BOOKING PROCEDURE

All property must be booked prior to the employee going off-duty unless otherwise approved by a supervisor. Employees booking property shall observe the following guidelines:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Property and Evidence

- (a) Complete the property form describing each item of property separately, listing all serial numbers, owner's name, finder's name, and other identifying information or markings.
- (b) Mark each item of evidence with the booking employee's initials and the date booked using the appropriate method so as not to deface or damage the value of the property.
- (c) Complete an evidence/property tag and attach it to each package or envelope in which the property is stored.
- (d) Place the case number in the upper right-hand corner of the bag.
- (e) The original property form shall be submitted with the case report. A copy shall be placed with the property in the temporary property locker or with the property if property is stored somewhere other than a property locker.
- (f) When the property is too large to be placed in a locker, the item may be retained in the supply room. Submit the completed property record into a numbered locker indicating the location of the property.

800.3.2 NARCOTICS AND DANGEROUS DRUGS

All narcotics and dangerous drugs (including paraphernalia as defined by ORS 475.525(2)) shall be booked separately using a separate Property Record.

The deputy seizing the narcotics and dangerous drugs shall place them in the designated locker accompanied by two copies of the form for the Records Unit and Detectives. The remaining copy will be detached and submitted with the case report.

800.3.3 EXPLOSIVES/HAZARDOUS SUBSTANCES

Deputies who encounter a suspected explosive device shall promptly notify their immediate supervisor or the Shift Supervisor. The bomb squad will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling and disposal of all suspected explosives. In the event of military ordnance, the closest military unit shall be notified and will be responsible for removal of the device.

Explosives will not be retained in the sheriff's facility. Only fireworks that are considered stable and safe and road flares or similar signaling devices may be booked into property. All such items shall be stored in proper containers and in an area designated for the storage of flammable materials. The evidence technician is responsible for transporting to the Fire Department, on a regular basis, any fireworks or signaling devices that are not retained as evidence.

800.3.4 EXCEPTIONAL HANDLING

Certain property items require a separate process. The following items shall be processed in the described manner:

- (a) Bodily fluids such as blood or semen stains shall be air dried prior to booking and packages should be labeled with a biohazard sticker.
- (b) License plates found not to be stolen or connected with a known crime should be released directly to the evidence technician or placed in the designated container for

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Property and Evidence

return to the Department of Motor Vehicles. No formal property booking process is required.

- (c) All bicycles and bicycle frames require a property record. Property tags will be securely attached to each bicycle or bicycle frame. The property may be released directly to the evidence technician or placed in the bicycle storage area until a evidence technician can log the property.
- (d) All cash shall be counted in the presence of a supervisor and the envelope initialed by the booking deputy and the supervisor. The Shift Supervisor shall be contacted for cash in excess of \$1,000 for special handling procedures.

County property, unless connected to a known criminal case, should be released directly to the appropriate County department. No formal booking is required. In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.

800.3.5 COLLECTION AND PRESERVATION OF DNA EVIDENCE

Because DNA evidence can play a key role in establishing guilt or innocence, it is important that such evidence be collected, handled, and preserved in a manner that will maintain its integrity for future testing. Unless impracticable to do so, deputies should collect samples of all biological evidence that may reasonably be used to incriminate or exculpate any person as part of any criminal death investigation or a sex crime listed in ORS 163A.005. The evidence technician will be responsible to ensure that biological evidence is preserved in an amount and manner that is sufficient to develop a DNA profile.

Collection and preservation should follow established protocols as outlined in the Oregon Physical Evidence Manual.

800.3.6 COLLECTION AND PRESERVATION OF SAFE KITS

Under current law, victims of sexual assault may seek medical assessment and choose not to make a report to law enforcement, yet still have evidence collected and preserved. The Columbia County Sheriff's Office will collect and maintain the chain of evidence for all Oregon State Police Sexual Assault Forensic Evidence Kits (SAFE Kits) and any associated evidence collected by medical facilities in this jurisdiction for victims of sexual assault, regardless of where the assault may have occurred. Victims who choose to remain anonymous and not make a report shall not be required to do so (ORS 147.397).

The collection and preservation of SAFE Kits from anonymous victims shall be handled by the Enforcement Division, which shall assign a detective to ensure their proper collection and preservation. When a medical facility notifies this office that evidence of a sexual assault has been collected and a SAFE Kit is available, the assigned detective shall be responsible for the following:

- (a) Respond promptly to the medical facility to retrieve the evidence.
- (b) Provide a unique case number to a responsible representative of the medical facility, which will be provided to the victim. The case number will be used to identify all associated evidence so that a chain of evidence can be maintained in the event the victim later decides to report the assault.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Property and Evidence

- (c) Ensure that no identifying information regarding the victim, other than the case number, is visible on the evidence packaging.
- (d) Prepare and submit an evidence report and book the evidence in accordance with current evidence procedures.

A SAFE Kit collected for a victim whose identity is not disclosed should be maintained in the same manner as other SAFE Kits, but should not be opened until or unless the victim reports the assault. Opening SAFE Kits may compromise the admissibility of evidence in the event of a prosecution.

800.3.7 STORAGE OF SURRENDERED WEAPONS

Deputies shall accept and store any weapons and ammunition from an individual who has been ordered by a court pursuant to an extreme risk protection order (ORS 166.527) or a protection order or judgment of conviction subject to the provisions of ORS 166.255 to surrender weapons and ammunition. The deputy receiving the surrendered items shall prepare a property receipt and provide the individual with a copy. The deputy should promptly forward the original receipt to the Support Services Manager for timely filing with the court (ORS 166.537).

800.4 PACKAGING OF PROPERTY

Certain items require special consideration and shall be booked separately as follows:

- (a) Narcotics and dangerous drugs
- (b) Firearms (ensure they are unloaded and booked separately from ammunition). A flex cuff or similar device should be inserted through the chamber, barrel, or cylinder whenever possible.
- (c) Property with more than one known owner
- (d) Paraphernalia as described in ORS 475.525(2)
- (e) Fireworks and other hazardous materials
- (f) Contraband

800.4.1 PACKAGING CONTAINER

Employees shall package all property in a suitable container available for its size. Knife boxes should be used to package knives. All packages containing evidence must be sealed with evidence tape, initialed, and dated across the seal.

Needles or syringes will normally be disposed of in a sharps container and will not be submitted to the Property Room; however, when required for evidence in a serious crime or in a major investigation, a syringe tube should be used for packaging.

A property tag shall be securely attached to the outside of all items or group of items packaged together.

800.4.2 PACKAGING NARCOTICS

The deputy seizing narcotics and dangerous drugs shall retain such property in their possession until it is properly weighed, packaged, tagged, and placed in the slam locker, accompanied by the

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Property and Evidence

property record. Prior to packaging and if the quantity allows, a presumptive test should be made on all suspected narcotics. If conducted, the results of this test shall be included in the deputy's report.

Narcotics and dangerous drugs shall be packaged in an envelope or paper bag of appropriate size available in the report room. The booking deputy shall initial the sealed envelope. Narcotics and dangerous drugs shall not be packaged with other property.

A property bag shall be completed as required.

800.5 RECORDING OF PROPERTY

The evidence technician receiving custody of evidence or property shall record his/her signature, the date and time the property was received and where the property will be stored on the property control card.

A property number shall be obtained for each item or group of items. This number shall be recorded on the property tag and the property control card.

Any changes in the location of property held by the Columbia County Sheriff's Office shall be noted in the property logbook.

800.6 PROPERTY ROOM SECURITY

Access to the Property Room is limited to evidence technicians unless visitors are logged in and out, including the time, date and purpose of entry. All personnel entering the Property Room must be accompanied at all times by a evidence technician.

Annual independent audits will be completed of the Property Room function with an audit report to the Sheriff.

800.6.1 RESPONSIBILITY OF OTHER PERSONNEL

Every time property is released or received, an appropriate entry on the evidence package shall be completed to maintain the chain of possession. No evidence is to be released without first receiving written authorization from the assigned investigator or his/her supervisor.

Request for analysis for items other than narcotics or drugs shall be completed on the appropriate forms and submitted to the evidence technician. This request may be filled out any time after the booking of property or evidence.

800.6.2 TRANSFER OF EVIDENCE TO CRIME LABORATORY

The transporting employee will check the evidence out of property, indicating the date and time on the property control card and the request for laboratory analysis.

The evidence technician releasing the evidence must complete the required information on the property control card and the evidence. The lab forms will be transported with the property to the examining laboratory. Upon delivering the item involved, the deputy will record the delivery time on both copies, and indicate the locker in which the item was placed or the employee to whom it

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Property and Evidence

was delivered. The original copy of the lab form will remain with the evidence and the copy will be returned to the Records Unit for filing with the case.

800.6.3 STATUS OF PROPERTY

Each person receiving property will make the appropriate entry to document the chain of evidence. Temporary release of property to deputies for investigative purposes, or for court, shall be noted on the property control card, stating the date, time and to whom released.

The evidence technician shall obtain the signature of the person to whom property is released, and the reason for release. Any employee receiving property shall be responsible for such property until it is properly returned to property or properly released to another authorized person or entity.

The return of the property should be recorded on the property control card, indicating date, time, and the person who returned the property.

800.6.4 RELEASE OF PROPERTY

Property may be released to a verified owner at the discretion of the evidence technician without further authorization. A evidence technician shall release the property upon proper identification being presented by the owner for which an authorized release has been received. A signature of the person receiving the property shall be recorded on the original property form. After release of all property entered on the property control card, the card shall be forwarded to the Records Unit for filing with the case. If some items of property have not been released, the property card will remain with the property division. Upon release, the proper entry shall be documented in the Property Log.

All reasonable attempts shall be made to identify the rightful owner of found property or evidence not needed for an investigation. Property not claimed within 30 days after notification of owner of its availability for release will be auctioned, destroyed, or disposed of in accordance with these procedures and existing law.

Unless the owner is known, found property and property held for safekeeping will be held for at least 90 days.

800.6.5 RELEASE OF EVIDENCE

Evidence may only be released with the authorization of the DA's office and the deputy or detective assigned to the case.

Once a case has been adjudicated or passed the statute of limitations for prosecution, a evidence technician will request a disposition authorization from the DA's office and the assigned deputy or detective. Care should be taken to ensure there are no outstanding warrants for suspects or additional defendants for the same case prior to authorizing release.

Release of evidence shall be made upon receipt of an authorized release form, listing the name and address of the person to whom the property is to be released. The release authorization shall be signed by the assigned deputy or detective and must conform to the items listed on the property form or must specify the specific item(s) to be released. Once evidence has been authorized for

release and is no longer needed for any pending criminal cases, it shall be considered property and released or disposed of in accordance with those procedures.

800.6.6 DISPUTED CLAIMS TO PROPERTY

Occasionally more than one party may claim an interest in property being held by the Columbia County Sheriff's Office, and the legal rights of the parties cannot be clearly established. Such property shall not be released until one party has obtained a valid court order or other undisputed right to the involved property.

All parties should be advised that their claims are civil and in extreme situations, legal counsel for the Columbia County Sheriff's Office may wish to file an interpleader to resolve the disputed claim (ORCP 31).

800.6.7 RELEASE OF DEADLY WEAPONS IN EXTREME RISK PROTECTION ORDER MATTERS

- (b) Confirming that the extreme risk protection order is no longer in effect.

If a third party claims lawful ownership or rightful possession to a deadly weapon that was surrendered pursuant to an extreme risk protection order, the Office may return the weapon to the third party if the third party provides proof of ownership and affirms by sworn affidavit that (ORS 166.537(5)):

- He/she may lawfully possess the deadly weapon.
- He/she did not consent to the prior possession of the deadly weapon by the person subject to the extreme risk protection order.

The evidence technician shall request a disposition or status on all property that has been held in excess of 120 days, and for which no disposition has been received from a supervisor or detective. 802.6 SUBPOENAS AND DISCOVERY REQUESTS

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, County Counsel or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Office so that a timely response can be prepared.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

803.4.1 ACCESS TO OREGON STATE POLICE OFFENDER INFORMATION

Access to Oregon State Police (OSP) criminal offender information may be granted when the information is to be used for the administration of criminal justice, employment, or the information is required to implement a federal or state statute, local ordinance, Executive Order, or administrative rule that expressly refers to criminal conduct and contains requirements or exclusions expressly based on such conduct, or other demonstrated and legitimate needs (OAR 257-010-0025).

803.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Support Services Manager for information regarding a formal request.

Columbia County Sheriff's Office

Protected Information

Procedure:

The Columbia County Sheriff's Office receives confidential information about persons via the Law Enforcement Data System (LEDS). The security of the information we receive is directed by the Criminal Justice Information Services (CJIS) division of the Federal Bureau of Investigation. CJIS rules mandate several security requirements that are to be followed to minimize the possibility of personal information being released to unauthorized individuals.

We also regularly obtain protected information for victims, witnesses and others who trust us to use and safeguard their personal information.

The authorized members of the Columbia County Sheriff's Office who receive and use protected information via the LEDS system, or from other sources, are best situated to determine if the protected information should be retained for ongoing use by the member or agency, or should be disposed of.

Each work station in the office and jail of the Columbia County Sheriff's Office will be equipped with a blue plastic "recycling" garbage can. Any physical media that is paper or cardboard in nature and contains protected information of any kind, as described above, will be disposed of into the recycling can.

Traditional rubbish and garbage will be disposed of in the existing trash facilities and disposed of by maintenance staff.

Large rolling bins will be used to collect the contents of the recycling cans and will be placed strategically throughout the CCSO facility. The large rolling bins will be obtained from or provided by a vendor, service or county department. A vendor, service or county department will also be selected to shred all contents of the rolling bins. Shredding of the contents of the rolling bins will be observed by a member each time the contents of the bins are shredded by the selected vendor, service or county department.

Each member is responsible for regularly dumping the contents of the recycling cans at their workstation into the large rolling bins.

Any physical media that is not paper or cardboard in nature and contains protected information in the form of electronic records or files will be disposed of in such a manner as to render the electronic information contained thereon unusable. If the member has the technical capability to fully "wipe" the electronic information from the physical media they are authorized to do so. In every other case, the physical media will be transferred to the Information Technology (I.T.) department of Columbia County for the appropriate follow-up.

803.7 TRAINING

If and when a deputy believes probable cause exists during any animal cruelty investigation, a deputy shall arrest persons who violate certain cruelty to animal statutes (ORS 133.379). A DCO may be requested to assist with the investigation when appropriate for the purpose of handling the disposition of any animals associated with the case.

805.3.3 DOG BITE REPORTS

Deputies shall obtain as much information as possible for forwarding to the dog control officer for follow-up.

All Enforcement Division staff shall instruct the owner of a biting dog, if contacted, to keep the dog confined on the property until contacted by the DCO. If the dog is a stray, then every effort shall be made to capture and impound the dog immediately.

805.3.4 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Deputies shall obtain and forward to the DCO as much information as possible regarding the nature of the complaint including identity of the complaining person, owner information (if possible) and location of the problem. Deputies will also document any actions taken and citation(s) issued in any related report.

In the event responding deputies cannot fulfill urgent requests for service because the animal is difficult or dangerous to handle, the dog control officer may be called to duty to handle. If the dog control officer is unavailable, a supervisor may request the assistance of an animal control officer from an allied agency.

All requests to call in the dog control officer must be approved by a field supervisor or the Shift Supervisor.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.

805.5 INJURED ANIMALS

When any injured domesticated animal is brought to the attention of a member of the Columbia County Sheriff's Office, all reasonable attempts shall be made to contact the owner or responsible handler. - (a) During normal business hours, the animal should be taken to an authorized veterinary care clinic
- (b) If after normal business hours, the animal should be taken to the authorized Veterinary Emergency & Critical Care Services Clinic.

805.7 POST-ARREST PROCEDURES

The arresting deputy should make a reasonable effort to ensure that animals or pets under a person's care will be provided with adequate care when that person is arrested. This is only required when there is no person to provide care and the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animals.

Relatives or neighbors may be contacted, with the owner's consent, to care for the animals. If no persons can be found or the owner does not consent, the appropriate animal control authority should be notified.

However, the nature of the redacted material shall be indicated.

All aggregated sexual abuse data from Columbia County Sheriff's Office facilities and private facilities with which it contracts shall be made readily available to the public at least annually through the office website or, if it does not have one, through other means. Before making

Chapter 10 - Personnel

Recruitment and Selection

1000.1 PURPOSE AND SCOPE

This policy provides a framework for employee recruiting efforts and identifying job-related standards for the selection process. This policy supplements the rules that govern employment practices for the Columbia County Sheriff's Office and that are promulgated and maintained by the Department of Human Resources.

1000.2 POLICY

In accordance with applicable federal, state, and local law, the Columbia County Sheriff's Office provides equal opportunities for applicants and employees, regardless of actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law. The Office does not show partiality or grant any special status to any applicant, employee, or group of employees unless otherwise required by law.

The Office will recruit and hire only those individuals who demonstrate a commitment to service and who possess the traits and characteristics that reflect personal integrity and high ethical standards.

1000.3 RECRUITMENT

The Sheriff's Office should employ a comprehensive recruitment and selection strategy to recruit and select employees from a qualified and diverse pool of candidates.

The strategy should include:

- (a) Identification of racially and culturally diverse target markets.
- (b) Use of marketing strategies to target diverse applicant pools.
- (c) Expanded use of technology and maintenance of a strong Internet presence. This may include an interactive Sheriff's Office website and the use of Sheriff's Office managed social networking sites.
- (d) Expanded outreach through partnerships with media, community groups, citizen academies, local colleges, universities and the military.
- (e) Employee referral and recruitment incentive programs.
- (f) Consideration of shared or collaborative regional testing processes.

The Sheriff's Office shall avoid advertising, recruiting and screening practices that tend to stereotype, focus on homogeneous applicant pools or screen applicants in a discriminatory manner.

The Sheriff's Office should strive to facilitate and expedite the screening and testing process, and should periodically inform each candidate of his/her status in the recruiting process.

1000.4 HIRING PROCEDURES

The hiring procedures employed by the Columbia County Sheriff's Office are subject to change without notice and may be altered or modified from one hiring process to the next. No hiring process will be altered or modified in any way that disadvantages or discriminates against any person or persons who are participating in the hiring process.

1000.4.1 HIRING PROCESS PURPOSE

The purpose of having a standardized selection and hiring process for the Columbia County Sheriff's Office is, ultimately, to attract, select and hire the most qualified and diverse applicants to staff our agency. To achieve this goal, the selection and hiring process must be equitable and uniform and comply with federal and state laws as well as County policy. The staff members involved in the selection and hiring process must strive to achieve fair, consistent and objective evaluation of each applicant.

1000.4.2 TYPES OF TESTING FOR APPLICANTS

There are two types of testing used in the selection and hiring process.

1. **Minimum Qualifications Testing.** The first type of test is a "pass / fail" test. The applicants taking this type of test must complete the test successfully to be invited to move to the next step in the process. A "pass / fail" test does not rank applicants, the test simply assess a mandatory skill or ability. An example of a "pass / fail" test is the Physical Abilities Test in that the applicant must complete the test in a maximum amount of time to be invited to advance in the process, but no advantage is gained by a faster than required completion time.

2. **Scored Testing.** The second type of test is a scored test, which is a test that produces a numeric score based on the performance of the applicant. The score is then used to rank the applicants, with a higher score being more desirable.

All written and / or physical test will be validated, usually through another entity, as to their validity for the position involved.

1000.4.3 VETERANS' PREFERENCE

Additional points in the hiring process are awarded to applicants that are recognized as either Veterans or as Disabled Veterans. The definition of both Veteran and Disabled Veteran and additional details may be found in ORS 408.230 and in the Columbia County Civil Service Veterans' Preference Procedure and the Columbia County Sheriff's Office Veterans' Preference Policy.

When a hiring process includes evaluations or tests that award points that are then used to rank applicants, Veterans and Disabled Veterans are awarded preference points that are in addition to the points received from the testing or evaluation processes.

For Veterans or Disabled Veterans to qualify for preference points, the Veterans must meet the definition of Veteran or Disabled Veteran in the Oregon Revised Statutes and they must provide confirmation documentation to establish their qualification to receive the preference points.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Recruitment and Selection

Acceptable documentation would generally be a form DD214 for Veterans and a form DD215 for Disabled Veterans.

Qualified Veterans receive 5 preference points and qualified Disabled Veterans receive 10 preference points that are added to the raw score that is used to rank employees. Veteran's Preference Points are provided to applicants as set forth in the Columbia County Civil Service Veteran's Preference Procedure.

For additional details refer to the Columbia County Veterans' Preference policy and ORS 408.230.

1000.4.4 FAIR CREDIT REPORTING ACT

Oregon law allows the use of credit history information for the purpose of a hiring decision for a Public Safety officer. Refer to ORS 659A.320 for full details on the law. The federal Fair Credit Reporting Act requires that certain permissions be obtained from and notifications be made to anyone whose credit history is used as part of a hiring decision. The selection and hiring process for the Columbia County Sheriff's Office will be in strict compliance with these regulations.

During the background investigation, the investigator will check the credit history of the applicant. In preparation for that inquiry, the applicant must be provided with the Fair Credit Reporting Act Disclosure form. The FCRA Disclosure form is made part of the e-SOPH, which is a web-based applicant interface for the selection and hiring process. When the applicant joins the e-SOPH system, he / she will be presented with the FCRA Disclosure form and will be able to sign the form electronically.

The FCRA also requires that the applicant be asked for written authorization to conduct an investigation for pre-employment purposes. FCRA also requires that the applicant be asked to provide written authorization to access his/her credit history information. When the applicant joins the e-SOPH system they are presented with the Authorization to Release Information and Records form.. This document specifically addresses the FCRA requirements. As with the prior form, the Authorization To Release will be made part of e-SOPH and presented to the applicant for approval and signature when the applicant joins the system.

in the event that the Sheriff makes a decision not to hire an applicant, and that decision is made wholly or in part based on the result of the credit history inquiry, the applicant must be notified of the pending adverse action **PRIOR TO THE ACTION BEING TAKEN**. The notice of adverse action must include a copy of the credit report(s) that was/were the source of any negative credit history and a written description of the applicant's consumer rights under the FCRA.

Columbia County must allow a reasonable period of time for the applicant to review the credit report containing the negative information, and time to notify the credit reporting agency and the County that the credit report contains incorrect information.

After a reasonable period of time, should the Sheriff finalize the adverse action, there are several requirements that must be accomplished and may be accomplished by oral, written or electronic means: 1) the applicant must be advised that the adverse action has been finalized; 2) the applicant must be notified of the name, address and telephone number of the credit reporting

Columbia County Sheriff's Office

agency, including the statutorily required toll-free phone number; 3) notify the applicant that the credit reporting agency did not make the decision to take adverse action and, thus, cannot tell the person the reasons for it; 4) provide notice of the applicants right to obtain a free copy of the credit report within sixty (60) days (even though the applicant has already been supplied with the report; and 5) provide notice to the applicant of the person's right to dispute with the credit reporting agency the accuracy and completeness of the credit report.

1000.4.5 APPLICATION PROCESS

Persons applying for open positions at the Columbia County Sheriff's Office will find the application and related material on the Columbia County website. Positions subject to Civil Service must follow the appropriate Civil Service application process. Application is made electronically and all materials are received and processed by the Human Resources (HR) Department. An initial evaluation of the applications is made by HR to determine completeness of the materials submitted and whether or not the applicants meet the minimum Civil Service requirements for the position, if applicable. At this point the applicants follow two different paths, depending on the job classification for which the applicant has applied.

If the applicant applied for a sworn position (Enforcement or Correction Deputy) the applicant is next referred to the National Testing Network (N.T.N.) for evaluation and testing. At the Sheriff's discretion, the Sheriff's office may elect to use an alternative service provider other than NTN or elect not to use a service provider and proceed in an in-house process. If the applicant successfully completes the NTN evaluation, the applicant is referred back to Columbia County to proceed in the process.

If the applicant has applied for a position other than Deputy Sheriff, the applicant remains in the Columbia County process set forth elsewhere in this policy.

Depending on the position for which the applicant is applying, the steps in the application process (enumerated below) may vary. The Sheriff's Office shall determine the process steps and order in which the steps occur, based on the requirements for each position.

Once all applications are received and the closing date of the application period has passed, the accepted applicants are forwarded to the Columbia County Sheriff's Office according to Civil Service procedures.

1000.4.6 INITIAL EVALUATION OF APPLICATIONS

The initial evaluation is "pass / fail" and is not used to rank applicants.

Once the initial evaluation of the application by the Human Resources Department has determined the applicant meets the minimum Civil Service Standards, and those who are referred to the National Testing Network had passed the NTN evaluation, the names of accepted applicants and the related application information for each open position will be sent to the Sheriff's Office. An initial evaluation of each applicant will be made to determine whether or not the applicant meets the minimum standards for employment in a law enforcement agency, as set by the Sheriff.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Recruitment and Selection

The minimum standards for employment as determined by the Columbia County Sheriff's Office include those standards set by the agency and listed in the job description for the open position. In addition, minimum standards for a Police Officer in the State of Oregon are determined by the Oregon Department of Public Safety Standards and Training and are set forth in the Oregon Administrative Rule in section 259-008-0010.

Initial evaluation of each applicant will consist of, but not be limited to;

Checking the minimum age of the open position and age of the applicant;

Checking any applicable certificate requirements and the applicant's compliance (e.g., Basic Certificate);

Checking driving status and driving record; and

Checking for criminal history and "wanted" status.

Applicants who are unsuccessful at passing the initial evaluation shall be notified that they were disqualified using the currently designated notification letter. The notification shall be completed at the conclusion of the hiring process, when all applicants are notified of their status.

1000.4.7 READING COMPREHENSION / WRITING TEST

For those applicants who have not been evaluated by the National Testing Network, the POST test may be used to evaluate reading comprehension and writing skills.

The National Police Officer Selection Test (POST) is scored to rank applicants who pass the initial evaluation and are invited and eligible to participate in the next step of the process.

Applicants who successfully pass the initial evaluation of the application materials provided will be invited to participate in a written test.

The State of Oregon requires that certain criminal justice employees pass a reading comprehension and writing test at the twelfth grade level to be eligible to be certified. The Columbia County Sheriff's Office requires that all sworn patrol staff and all corrections staff pass this required test prior to being offered employment.

The Columbia County Sheriff's Office has selected the Stanard and Associates "POST" test to meet the criteria as established by the State of Oregon for testing of sworn positions. The same test has been designated for use by the Sheriff for certain selected non-sworn positions, including the Corrections Technician position.

The POST test is available in different version to facilitate persons repeating the test. The POST test will be administered as directed by the Stanard and Associates "Instructor's Manual."

The POST test described here has four separate sections. Each of the sections will generate a passing or failing score. The minimum passing score for each of the four sections will be 70%. The total score for the completed test will be the average of the scores for the four sections, so if an applicant passed the test with 100 percent in each of the four sections, the total score for the test would be 100%, before any applicable veterans' preference points are added.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Recruitment and Selection

Applicants who have taken the Stanard and Associates POST test within the last three months at an Oregon law enforcement agency may use the test results from that testing if they can provide a letter from the testing agency that confirms the testing date and scores of the applicant. The letter must be provided prior to or on the applicant's designated testing date.

1000.4.8 SKILLS-BASED WRITTEN TEST

The Skills-Based Written Test is scored to rank applicants (who are not designated to take the POST test) who pass the initial evaluation and are eligible and invited to participate in the next phase of the process.

Applicants for non-sworn positions that have not been designated to take the POST test as described above will be required to take a skills based written test. The applicant must achieve a score designated as a passing score before the person is invited to advance to the next step in the hiring process.

The skills-based written test used will be designated by the Sheriff.

1000.4.9 OREGON PHYSICAL ABILITIES TEST (ORPAT)

The ORPAT is "pass / fail" and is not used to rank applicants.

Applicants who are not referred to the National Testing Network who are applicant for a position where the ORPAT is required, are subject to the below standards.

Applicants for sworn positions who achieve a passing score on the "POST" test will be invited to attend and take the Oregon Physical Abilities Test. The ORPAT is designed to assess job-related physical abilities of the applicant and passing is required for all patrol and corrections deputies prior to an offer of employment.

The ORPAT should be set up according to the DPSST design pattern and including any modifications appropriate for the discipline testing. Persons administering the ORPAT should be authorized by DPSST to function in that capacity.

The ORPAT must be completed with an official completion time of 5:30 minutes or less for an Enforcement position or 7:00 minutes or less for a Corrections position (or as otherwise established by the Sheriff) to be a passing score. Completion time of greater than the maximum times stated here results in disqualification. Applicants who request to try again may be granted another attempt at the discretion of the Sheriff or designee.

Applicants who have completed the ORPAT while testing for another Oregon law enforcement agency may use their previous completion time when applying with the Columbia County Sheriff's Office as long as the previous testing was conducted within three months prior to the scheduled test date and they are able to present, on or before the date of their scheduled testing session, a letter from the previous law enforcement agency confirming the testing date, completion time and test configuration.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Recruitment and Selection

Applicants who fail to complete the ORPAT within the maximum time set will be notified of his/her disqualification by postal or electronic mail using the currently designated notification letter.

1000.4.10 ELECTRONIC STATEMENT OF PERSONAL HISTORY (E-SOPH)

The e-SOPH system is a third party web-based system used by the Columbia County Sheriff's Office to collect and manage applicant information. The system is used to monitor applicant progress, store information, and create letters and e-mails for the applicant and other purposes.

Applicants who successfully pass all earlier phases of the hiring process will be invited by e-mail to access the e-SOPH system. The access to the system is created by entering the employee into the E-SOPH system as a new applicant. The applicant will then be sent an invitation to go onto the e-SOPH system and become a user. Once the applicant has access to the e-SOPH system, the applicant can receive required notices and fill out the forms necessary to move forward in the hiring process.

Among the notices delivered to the applicant by the e-SOPH system are the Fair Credit Reporting Act Authorization to Release Information and Records and the Fair Credit Reporting Act Disclosure form.

The applicant will be provided a date, by which the e-SOPH materials must be submitted.

1000.4.11 ORAL BOARD INTERVIEW

The Oral Board Interview is scored for applicants who achieve a passing score and is used to rank applicants.

The Oral Board interview is a panel interview with about five participants on the panel. Questions to be used are identified prior to the interview of the first applicant. Direct questions should be asked in the same number and order and by the same panelist for each of the applicants. Follow-up questions may be asked if an applicant response needs clarification. About the same amount of time should be planned for each applicant.

Panelists are supplied with the applicant's application and other available materials to assist in the evaluation of each applicant.

Panelists should be supplied with scoring sheets and instructions on the use of the score sheets. Panelists should strive for consistency in scoring from interview to interview. Panelists should score applicants without consideration for the other panelist's scores.

Panelists scoring should cover the following general subjects;

- Communication Skills / Organization of thought
- Judgment / Decision Making
- Knowledge of agency
- Commitment
- Thoughts Processes / Problem Solving

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Recruitment and Selection

- Honesty / Integrity
- Ethics
- Stress management
- Abilities / Understanding
- Core values / Self Confidence

Applicants should be encouraged to ask questions of the panel and time should be allowed so that is possible. Panelists should attempt to answer questions from the applicant and should use that information to assist in scoring.

Each of the questions on the test is scored with a value from 1 to 10, with 1 indicating “poor” performance and 10 indicating “strong” performance. Each of the panelists will complete a score sheet for each of the applicants interviewed. Scoring instruction sheets should be provided to each panelist and the staff member facilitating the Oral Board Interview should host a discussion with panelists about the scoring process.

Score for the Oral Interview must be 80 points or more to achieve a passing score.; prior to including the score from the Written Communication Test or veterans’ preference. Total score for the applicant will be the total of all scores received from the panel, including the scores from Written Communication Test (see below), plus any veterans’ preference points.

1000.4.12 WRITTEN COMMUNICATION TEST

The Written Communication test is scored and is used to rank applicants.

The Written Communication test is taken immediately following the Oral Board Interview. The Written Communication test assesses the applicant’s ability to communicate in writing without the assistance of a computer or spelling / grammar checker.

The applicant will be provided with five simple questions and writing materials. The applicant has sixty (60) minutes to complete the test. The applicant is directed to fully answer all five questions using either cursive writing or block printing. No electronic devices are permitted. The test is evaluated for legibility of handwriting, spelling, grammar, logic and content, completeness and the ability to communicate effectively in writing.

The completed written tests are provided to the panelists from the oral board interview for scoring. Each panelist will evaluate each of the written tests and provide a score. Applicants scores from the Written Communication test and the Oral Board Interview will be added together to reach the total score.

1000.4.13 BACKGROUND INVESTIGATION

The background investigation is “pass / fail” and is not used to rank applicants.

The pre-employment background investigation satisfies two goals: 1) assuring compliance with all applicable minimum standards for appointment and 2) screening out applicants who, based

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Recruitment and Selection

on their past history or other relevant information, are found to be unsuitable for the position(s) in question.

Background investigations are among the most important investigations that a law enforcement agency will ever conduct, and among the most challenging. The background investigation must be comprehensive in nature if they are to lead to informed hiring decisions. The background investigation must attempt to uncover past misconduct or other signs of unsuitability while staying within the tight parameters of fair employment practices.

Background investigations for this agency will include, but not be limited to, investigation into the following general subject areas; citizenship verification, minimum qualified age, Employment eligibility, criminal records check, driving records check, education verification, employment history, relatives / personal references, dissolution of marriage, neighborhood checks, military history and credit checks.

Social media accounts are an obvious source of information about applicants and will, almost certainly, be involved in any comprehensive background investigation. Oregon law places significant limitations on the inquiries the investigator can make. The law prohibits employers or potential employers from requiring or requesting access to social media accounts. The investigator is free to search for social media accounts and information that would be accessible to the public, but the law prohibits obtaining the applicant's assistance in gaining access to those accounts that are not publicly accessible. Refer to ORS 659A.330.

1000.4.14 SHERIFF'S INTERVIEW

The Sheriff's interview is "pass / fail" and is not used to rank applicants.

The Sheriff's Interview is a "one on one" interview with applicants who have been successful in completion of the earlier testing and tasks. The Interview will be conducted by the Sheriff or designee and will be conducted at the discretion of the Sheriff.

The Sheriff's Interview will consist of an evaluation of all earlier testing results and an evaluation of the applicant's compatibility with the agency and the profession.

1000.4.15 CONDITIONAL OFFER OF EMPLOYMENT

Those applicants who have passed all earlier phases of the hiring process may be conditionally offered employment.

The conditional offer of employment is a transition point. The inquiries made prior to the conditional offer are less invasive into the personal information of the applicant. Inquiries made after the applicant has accepted the conditional offer are more invasive in nature and tread into more sensitive, personal and private areas of the applicants life.

The conditional offer of employment should be conveyed in written form and should include specifics, including job title and salary information, and should specifically itemize the remaining steps in the hiring process and the required minimum outcome of each of the steps. The conditional

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Recruitment and Selection

offer should be signed by the hiring authority and receive a signature from the applicant upon the acceptance of the offer.

1000.4.16 MEDICAL EVALUATION

The medical evaluation is “pass / fail” and is not used to rank applicants.

The medical evaluation for applicants for sworn positions consists of a medical examination and drug testing by an authorized health care provider. The examination is based on requirements from DPSST and will necessarily follow the DPSST form F-2a. The health care provider will be provided with both the current CCSO job description for the position applied for and a blank DPSST F-2 form.

Following the examination of the successful applicant, the completed F-2 form should be copied and submitted to DPSST upon hiring. The copy of the F-2a should be retained in an employee confidential medical file housed in the Human Resources Department.

DPSST F-2a forms are available at the DPSST website under the “Criminal Justice Forms” key.

1000.4.17 PSYCHOLOGICAL EVALUATION

The psychological evaluation is “pass / fail” and is not used to rank applicants.

The Columbia County Sheriff's Office requires a psychological evaluation for all sworn Patrol positions and all sworn and non-sworn Corrections positions. The psychological evaluation is conducted by a licensed psychologist and consists of a specialized examination of an applicant's psychological suitability for a position in public safety, involving positions where employees have arrest authority. Psychological suitability includes, at a minimum, the absence of job-relevant mental or emotional conditions that would reasonably be expected to interfere with safe and effective performance.

Following the examination of the applicant, the psychologist will provide a written report stating the finding that the applicant is suitable or not suitable for employment in the position applied for. The written report of a successful applicant should be retained in an employee confidential medical file housed in the Human Resources Department.

1000.5 TESTING OUTCOMES AND DISQUALIFICATIONS

Applicants who fail to pass the background phase of any hiring process with this agency are disqualified from reapplying for any position with this agency. This qualification may be for either a six month period, a three year period, or it may be a permanent disqualification, depending on the findings in the background investigation, at the discretion of the Sheriff.

Applicants involved in the hiring process for a single job offering who fail one of the testing phases of the hiring process are eliminated from the process and are disqualified from reapplying for any position with this agency for a period of six (6) months.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Recruitment and Selection

Applicants involved in the hiring process for more than one job offering who fail one of the testing phases of the hiring process are eliminated from the particular hiring process that required the failed test. Except as indicated in the following section, the applicant is also eliminated from all other hiring processes that the applicant is participating in at that time and the applicant is disqualified from reapplying for any position with this agency for a period of six (6) months.

The applicant is not disqualified from other hiring processes that the applicant is simultaneously involved in unless the failed testing phase is required by both the failed hiring process and the simultaneous hiring process(es).

EXAMPLES:

- Applicant "A" has applied for both the job of Corrections Deputy and the job of Corrections Technician. Applicant "A" takes the POST test and passes. The applicant is invited to the ORPAT test as part of the Corrections Deputy process and fails it. The applicant is eliminated from the Corrections Deputy hiring process because of failure of the ORPAT. The applicant is not eliminated from the Corrections Technician hiring process because the ORPAT is not required for Corrections Technicians applicants.
- Applicant "B" has applied for a Corrections Deputy position and an Enforcement Deputy position. Applicant "B" takes the POST test for the Corrections Deputy position and passes. Applicant "B" is invited to the ORPAT test as part of the Corrections Deputy process and fails the test. The applicant is eliminated from both the Corrections Deputy process and the Enforcement Deputy process because the ORPAT is required for applicants in both processes.
- Applicant "C" has applied for a Corrections Technician position, a Corrections Deputy position and an Enforcement Deputy position. Applicant "C" takes the POST test as part of the Enforcement Deputy process and passes. The applicant is invited to the ORPAT test as part of the Enforcement Deputy process and fails the test. The Applicant is eliminated from the Enforcement Deputy process for failing the ORPAT and may also be eliminated from the Corrections Deputy process because the ORPAT is also required for Corrections Deputy applicants, depending on the completion time of the ORPAT test (5:30 vs. 7:00). The applicant is not eliminated from the Corrections Technician process because the ORPAT is not required of Corrections Technician applicants.

Evaluation of Employees

1001.1 PURPOSE AND SCOPE

The office's employee performance evaluation system is designed to record work performance for both the Office and the employee, providing recognition for good work and developing a guide for improvement.

1001.2 POLICY

The Columbia County Sheriff's Office utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion, and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Office evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1001.3 PERFORMANCE ASSESSMENT PROCESS

Performance evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor in conjunction with said employee. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Evaluation of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Employees who disagree with their performance evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

1001.3.1 RESERVE DEPUTY EVALUATIONS

Reserve deputy evaluations are covered in the Reserve Deputies Policy.

1001.4 FULL TIME PROBATIONARY PERSONNEL

Non-sworn personnel are on probation for 12 months before being eligible for certification as permanent employees. While a probationary employee, non-sworn personnel will participate in an evaluation conference with their evaluating supervisor. The evaluation conference will be for the purpose of evaluating the work performance of the new employee and to communicating both positive and negative aspects of that performance to the probationary employee in a conversational setting. The evaluation conferences shall be held at or near the third month and the ninth month anniversary of the probationary employees date of hire. The evaluation conference(s) will be documented in memo form. The probationary employee will also be provided a formal evaluation at or near the six month anniversary of the probationary employee's hire date and at the time the probationary employee completes the probationary period.

Once the non-sworn employee is no longer on probation the employee will be evaluated as a full-time permanent employee as described later in this section.

Sworn personnel are on probation for 18 months before being eligible for certification as permanent employees. Probationary deputies are evaluated daily, weekly and monthly during the probationary period as part of the FTEP program. Refer to the Field Training and Evaluation Program (FTEP) section of this manual.

Once the probationary sworn employee has successfully completed the FTEP program the employee will continue being evaluated as a probationary employee. That evaluation will consist of an evaluation conference with his / her supervisor at or near the three-month anniversary of the probationary employee's completion of the FTEP program. The evaluation conference will be for the purpose of evaluating the work performance of the new employee and to communicating both positive and negative aspects of that performance to the probationary employee in a conversational setting. The evaluation conference will be documented in memo form.

At or near the six-month anniversary of the date the probationary sworn employee completed the FTEP program the employee will be provided with a formal evaluation, as described later in this section. The cycle of evaluation conferences followed by a formal evaluation in a three-month sequence will continue with the employee until the employee becomes certified as a permanent employee.

Just prior to the employee being certified as a permanent employee, the employee will be provided a formal evaluation.

1001.5 FULL-TIME PERMANENT STATUS PERSONNEL

Permanent employees are subject to three types of performance evaluations:

Regular - For patrol personnel and those assignments/positions that have scheduled shift changes, an evaluation "Employee Performance Summary" shall be completed twice a year in

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Evaluation of Employees

conjunction with the January and July shift changes. The Employee Performance Summary Report completed in conjunction with the January, or six month, shift change may consist of an in-person meeting between the supervisor and the employee to discuss performance issues. This meeting will be documented in memo form for inclusion later in the Annual Employee Evaluation.

These two "Employee Performance Summary" forms will be combined in January of each year to make up one formal evaluation.

For those assignments that do not require a shift change and/or change in direct supervision, the evaluations shall be completed each January and July.

Transfer - If an employee is transferred from one assignment to another in the middle of a six-month evaluation period and more than 90 days have transpired since the shift change, then an evaluation shall be completed by the immediate supervisor before the transfer is made. No additional evaluation will be required at the end of that six-month rating period.

Special - A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (work plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

All performance assessment reports shall also note whether or not the assessment is associated with a Merit Step Increase.

1001.5.1 RATING DEFINITIONS

When completing the Employee Performance Evaluation, the rater will place a check mark in the box that best describes the employee's performance. The definition of each rating category is as follows:

Meets Expectations - Is the performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position.

Below Expectations- Is a level of performance less than that expected of a fully competent employee and less than standards required of the position. A needs improvement rating must be thoroughly discussed with the employee.

Unacceptable - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated.

Space for written comments is provided below each CORE STANDARD. This section allows the rater to document the employee's strengths, weaknesses and suggestions for improvement. Any rating under any job dimension marked unsatisfactory or outstanding shall be substantiated in the rater comments section.

1001.6 EVALUATION INTERVIEW

The supervisor should work to ensure the best possible environment to partner with the employee for outstanding performance. When the supervisor has completed the preliminary appraisal,

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Evaluation of Employees

arrangements shall be made for a private discussion of the appraisal with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. There should be no surprises in this report, as the supervisor and the employee should already have addressed almost all of the issues contained therein throughout the reporting period. However, if the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the appraisal report. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the appraisal report.

1001.7 EVALUATION REVIEW

After the supervisor finishes the discussion with the employee, the signed performance appraisal is forwarded to the rater's supervisor (Division Commander). The Division Commander shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Division Commander shall evaluate the supervisor on the quality of ratings given and forward the signed performance appraisal to the Sheriff for final signature

1001.8 EVALUATION DISTRIBUTION

The original performance appraisal shall be maintained in the employee's personnel file in the office of the Sheriff for the tenure of the employee's employment. A copy will be given to the employee and a copy will be forwarded to County Department of Human Resources.

1001.9 AGENCY EXPECTATION OF EMPLOYEE FORM

On the occasion of the employee's annual performance evaluation the employee's evaluating supervisor will provided the employee with the Agency Expectation of Employee (AEE) form to read and sign. The AEE form is assignment-specific for either Corrections or Enforcement and is used to refresh the employee's understanding of the job duties of their assignment, and to document that understanding. The form will also be signed by the evaluating supervisor.

Anti-Retaliation

1002.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement.

1002.2 POLICY

The Columbia County Sheriff's Office has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1002.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

Anti-Retaliation

1002.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Sheriff or the County Human Resources Director.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1002.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Sheriff via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

Anti-Retaliation

1002.6 COMMAND STAFF RESPONSIBILITIES

The Sheriff should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1002.7 WHISTLE-BLOWING

Oregon law protects employees who disclose or threaten to disclose information that the employee reasonably believes is evidence of (ORS 659A.203):

- (a) A violation of federal, state, or local law, rule, or regulation.
- (b) Mismanagement, gross waste of funds, abuse of authority, or substantial and specific danger to public health and safety.
- (c) A person who is receiving public assistance is subject to a felony or misdemeanor warrant.

Employees are encouraged to report such violations or disclosures of information through the chain of command (ORS 659A.221; ORS 654.062).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Supervisor for investigation pursuant to the Personnel Complaints Policy.

1002.8 TRAINING

All members should receive periodic refresher training on the requirements of this policy.

Reporting of Arrests, Convictions, and Court Orders

1003.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the notification requirements and procedures that members must follow when certain arrests, convictions, and court orders restrict their ability to perform the official duties and responsibilities of the Columbia County Sheriff's Office. This policy will also describe the notification requirements and procedures that certain retired deputies must follow when an arrest, conviction, or court order disqualifies them from possessing a firearm.

1003.2 POLICY

The Columbia County Sheriff's Office requires disclosure of member arrests, convictions, and certain court orders to maintain the high standards, ethics, and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the Office.

1003.3 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS

Oregon and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; ORS 107.095(5); ORS 166.255; ORS 166.270; ORS 166.527).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1003.4 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

OAR 259-008-0300 prohibits any person convicted of a felony and certain other crimes from being a peace officer in the State of Oregon. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty, or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this office may be inherently in conflict with law enforcement duties and the public trust, and shall be reported as provided in this policy.

1003.5 REPORTING

All members and all retired deputies with identification cards issued by the Office shall promptly notify their immediate supervisor (or the Sheriff in the case of retired deputies) in writing of any past or current criminal detention, arrest, charge, or conviction in any state or foreign

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Reporting of Arrests, Convictions, and Court Orders

country, regardless of whether the matter was dropped or rejected, is currently pending, or is on appeal, and regardless of the penalty or sentence, if any.

All members and all retired deputies with identification cards issued by the Office shall further promptly notify their immediate supervisor (or the Sheriff in the case of retired deputies) in writing if they become the subject of a domestic violence restraining order or any court order that prevents the member or retired deputy from possessing a firearm or requires suspension or revocation of applicable DPSST certification.

Any member whose criminal arrest, conviction, or court order restricts or prohibits that member from fully and properly performing his/her duties, including carrying a firearm, may be disciplined. This includes but is not limited to being placed on administrative leave, reassignment, and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on his/her own time and at his/her own expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline, up to and including termination.

Retired deputies may have their identification cards rescinded or modified, as may be appropriate (see the Retiree Concealed Firearms Policy).

1003.6 DEPARTMENT OF PUBLIC STANDARDS AND TRAINING (DPSST) NOTIFICATION

A deputy or dispatcher who is arrested or who receives a criminal citation to appear, or its equivalent, shall notify DPSST in writing within five business days of the following (OAR 259-008-0010; OAR 259-008-0011):

- (a) The date of the arrest or citation
- (b) The location of the arrest or citation
- (c) The reason for the arrest or citation
- (d) The arresting or citing agency

Drug- and Alcohol-Free Workplace

1004.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1004.2 POLICY

It is the policy of this office to provide a drug- and alcohol-free workplace for all members.

1004.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on office time can endanger the health and safety of office members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Supervisor or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1004.3.1 USE OF MEDICATIONS

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Office while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

Possession of medical marijuana or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1004.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on office premises or on office time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Drug- and Alcohol-Free Workplace

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1004.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1004.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Office.

1004.7 REQUESTING SCREENING TESTS

A supervisor may request an employee to submit to a screening test under the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.
- (c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person or substantial damage to property.

Employees chosen to participate in the department's random drug-testing program are not required to meet the criteria in a, b or c above.

1004.7.1 SUPERVISOR RESPONSIBILITY

The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Drug- and Alcohol-Free Workplace

- (a) The test will be given to detect either alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1004.7.2 SCREENING TEST REFUSAL

An employee may be subject to disciplinary action if he/she:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.
- (c) Violates any provisions of this policy.

1004.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Office will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1004.9 CONFIDENTIALITY

The Office recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee's other personnel files.

Sick Leave

1005.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the County personnel manual or applicable collective bargaining agreement (ORS 653.606; ORS 653.611).

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) and the Oregon Family Leave Act, or leave related to protections because of domestic violence, harassment, sexual assault or stalking (29 USC § 2601 et seq.; ORS 659A.150 et seq.; ORS 659A.270 et seq.).

1005.2 POLICY

It is the policy of the Columbia County Sheriff's Office to provide eligible employees with a sick leave benefit.

1005.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences (ORS 653.616; OAR 839-007-0020).

Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

1005.3.1 NOTIFICATION

All members should notify the Shift Supervisor or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts or as soon as practicable when there are extenuating circumstances. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (ORS 653.621; OAR 839-007-0040).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Office with no less than 10 days' notice of the impending absence. The member shall make a reasonable attempt to schedule the use of sick time so that it does not disrupt the operations of the Office (ORS 653.621; OAR 839-007-0040).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Sick Leave

1005.4 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the County Human Resources Director as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 - 1. Negatively affected the member's performance or ability to complete assigned duties.
 - 2. Negatively affected office operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (e) Referring eligible members to an available employee assistance program when appropriate.

1005.5 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work (ORS 653.626; OAR 839-007-0045).

Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days (ORS 653.626; OAR 839-007-0045).

1005.6 REQUIRED NOTICES

The County Human Resources Director shall ensure that each employee is provided written notice of the following (ORS 653.631; OAR 839-007-0050):

- (a) Accrued and unused sick time available at least quarterly.
- (b) The sick leave provisions of the Oregon sick leave law as provided in ORS 653.601 et seq.

Communicable Diseases

1006.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of office members contracting and/or spreading communicable diseases.

1006.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Columbia County Sheriff's Office. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1006.2 POLICY

The Columbia County Sheriff's Office is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1006.3 EXPOSURE CONTROL OFFICER

The Sheriff will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that office members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 1. Complying with the Oregon Safe Employment Act (ORS 654.001 et seq.).
 2. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

Columbia County Sheriff's Office Policy Manual

Communicable Diseases

3. Exposure control mandates in 29 CFR 1910.1030 including bloodborne pathogen precautions (OAR 437-002-0360).

The ECO should also act as the liaison with the Oregon Occupational Safety and Health Division (OR-OSHA) and may request voluntary compliance inspections. The ECO should annually review and update the exposure control plan and review implementation of the plan.

1006.4 EXPOSURE PREVENTION AND MITIGATION

1006.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or office vehicles, as applicable.
- (b) Wearing office-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking or smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Communicable Diseases

1006.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (29 CFR 1910.1030; OAR 437-002-0360).

Other preventive, no-cost immunizations shall be provided to members who are at risk of contracting a communicable disease if such preventive immunization is available and is medically appropriate. A member shall not be required to be immunized unless such immunization is otherwise required by federal or state law, rule or regulation (ORS 433.416).

1006.5 POST EXPOSURE

1006.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1006.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Name of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Communicable Diseases

1006.5.3 MEDICAL CONSULTATION, EVALUATION, AND TREATMENT

Office members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (29 CFR 1910.1030; OAR 437-002-0360).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1006.5.4 COUNSELING

The Office shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (29 CFR 1910.1030; OAR 437-002-0360).

1006.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Contacting the Oregon Health Authority to seek voluntary consent for source testing for HIV (ORS 433.065).
- (c) Petitioning for a court order to compel source testing for HIV or other communicable diseases as defined by ORS 431A.005, if a good faith effort to obtain voluntary consent is requested from the source person and not obtained (ORS 433.080; ORS 431A.570).
- (d) Working with the district attorney if the person is charged with a criminal offense that may involve exposure to a communicable disease (ORS 135.139).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the County Counsel to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

Communicable Diseases

1006.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1006.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (29 CFR 1910.1030; OAR 437-002-0360):

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Smoking and Tobacco Use

1007.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Columbia County Sheriff's Office facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1007.2 POLICY

The Columbia County Sheriff's Office recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Office and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all office facilities, buildings and vehicles, and as is further outlined in this policy (ORS 433.845; ORS 433.850).

1007.3 SMOKING AND TOBACCO USE

Smoking and tobacco use by members is prohibited anytime members are in public view representing the Columbia County Sheriff's Office.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside County facilities and vehicles.

1007.4 ADDITIONAL PROHIBITIONS

Visitors and the public shall not be allowed to smoke in any office facility (ORS 433.845).

1007.4.1 NOTICE

The Sheriff or the authorized designee shall ensure that proper signage prohibiting smoking is posted at each entrance and exit to the office facilities (ORS 433.850; OAR 333-015-0040).

Personnel Complaints

1008.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Columbia County Sheriff's Office. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1008.2 POLICY

The Columbia County Sheriff's Office takes seriously all complaints regarding the service provided by the Office and the conduct of its members.

The Office will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this office to ensure that the community can report misconduct without concern for reprisal or retaliation.

1008.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of office policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate office policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Office.

1008.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Shift Supervisor is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Supervisor, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Supervisor, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1008.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1008.4.1 COMPLAINT FORMS

Personnel complaint forms will be available on request in the public area of the sheriff's facility and be accessible through the office website. Forms may also be available at other County facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1008.4.2 ACCEPTANCE

All complaints will be courteously accepted by any office member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

1008.5 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Office should audit the log and send an audit report to the Sheriff or the authorized designee.

1008.5.1 COMPLAINTS ALLEGING PROFILING

Complaints related to profiling should be clearly marked to assist in reporting as required in the Bias-Based Policing Policy (ORS 131.920).

1008.6 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

1008.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Sheriff or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

Columbia County Sheriff's Office

- (b) Responding to all complainants in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - (a) Follow-up contact with the complainant should be made within 24 hours of the Office receiving the complaint.

1008.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Supervisor, the following applies to employees covered by the provisions of ORS 236.350 through ORS 236.360.

- (a) Interviews of an accused employee shall be conducted during reasonable (normal waking) hours and preferably when the employee is on-duty, unless the seriousness of the investigation requires otherwise. If the employee is off-duty, he/she shall be compensated.
- (b) Unless waived by the employee, interviews of an accused employee shall be at the Columbia County Sheriff's Office or other reasonable and appropriate place.
- (c) No more than two interviewers should ask questions of an accused employee.
- (d) The interviewers shall inform the employee of their authority to compel a statement and of the identity of the investigators and all persons present during the interview.
- (e) Prior to any interview, an employee should be informed of the nature of the investigation and of facts reasonably sufficient to inform the employee of the circumstances surrounding the allegations under investigation.
- (f) All interviews should be for a reasonable period and the employee's personal needs should be accommodated.

 - 1. An employee should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Garrity* advisement. Administrative investigators should consider the impact that compelling a statement from the employee may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).
 - 2. No information or evidence administratively coerced from an employee may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (i) The interviewer should record all interviews of employees and witnesses. The employee may also record the interview. If the employee has been previously interviewed, a copy of that recorded interview, and upon request any existing transcripts of the interview or reports describing the interview, shall be provided to the employee prior to any subsequent interview.
- (j) All employees subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, to maintain the integrity of each individual's statement, involved employees shall not consult

or meet with a representative or attorney collectively or in groups prior to being interviewed.

- (k) In a disciplinary or administrative investigation, the employee's chosen representative cannot be required to disclose, or be subject to disciplinary action for refusing to disclose, statements made by the employee to the representative for purposes of the representation.
- (l) As soon as it is determined that the employee may be charged with a criminal offense, the employee shall be informed of the employee's right to consult with criminal defense counsel with respect to the criminal charge.
- (m) All employees shall provide complete and truthful responses to questions posed during interviews.
- (n) No employee may be compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation.

1008.6.3 STEPS PRIOR TO DISCIPLINARY ACTION

ALL notifications referred to under this policy must be made in accordance with the timelines set forth for such notifications in the current Collective Bargaining Agreement.

Disciplinary action may not be taken against any public safety employee without just cause (ORS 236.360 (4)). The Sheriff shall ensure the following before any disciplinary action against an employee is taken:

- (a) Notification is made to the employee in writing of the charges against the employee and the proposed disciplinary action (ORS 236.360 (5)(a)).
- (b) The employee is given an opportunity to respond to the charges at an informal hearing, which may be recorded, that is attended by the person or persons having authority to impose the proposed disciplinary action (ORS 236.360 (5)(b)).

1008.6.4 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve office members. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

1008.6.5 COMPLETION OF INVESTIGATIONS

The Division Commander shall ensure that investigations are completed and peace officers are provided notification of intended discipline no later than six months from the date of the first interview. The Sheriff or Division Commander may extend the investigation to a maximum of 12 months from the date of the first interview, provided that, before the extended period begins, the Office gives written notice explaining the reason for the extension to the peace officer and the peace officer's chosen representative and union representative, if any (ORS 236.360(6)(a)).

The above time limits do not apply when (ORS 236.360(6)(b)):

- (a) The investigation involves a peace officer who is incapacitated or unavailable.
- (b) The investigation involves an allegation of workers' compensation or disability fraud by the peace officer.
- (c) The peace officer, in writing, waives the limit.
- (d) The investigation requires a reasonable extension of time for coordination with one or more other jurisdictions.
- (e) The investigation involves more than one peace officer and requires a reasonable extension of time.
- (f) The alleged misconduct is also the subject of a criminal investigation or criminal prosecution. Time does not run for the period during which the criminal investigation or criminal prosecution is pending.
- (g) The investigation involves a matter in civil litigation in which the peace officer is a named defendant or the peace officer's actions are alleged to be a basis for liability. Time does not run for the period during which the civil action is pending.
- (h) The investigation is the result of a complaint by a person charged with a crime. Time does not run for the period during which the criminal matter is pending.

1008.6.6 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS

The supervisor / investigator conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1008.7 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

1008.8 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Office, the Sheriff or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

Columbia County Sheriff's Office

Personnel Complaints

- (a) May be required to relinquish any office badge, identification, assigned weapons and any other office equipment.
- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1008.8.1 CONFIDENTIALITY OF PERSONNEL FILES

All investigations of personnel complaints shall be considered confidential peace officer personnel files. The contents of such files shall not be revealed to other than the involved employee or authorized personnel, except pursuant to lawful process.

In the event that an accused employee (or the representative of such employee) knowingly makes false representations regarding any internal investigation, and such false representations are communicated to any media source, the Department may disclose sufficient information from the employee's personnel file to refute such false representations.

Disciplinary action resulting from sustained complaints shall be maintained in the employee's personnel file. Complaints, and any investigative reports, shall be maintained by the Human Resources Department apart from the employee's personnel file.

1008.9 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Sheriff shall be notified as soon as practicable when a member is accused of criminal conduct. The Sheriff may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

The Columbia County Sheriff's Office may release information concerning the arrest or detention of any member, including a deputy, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1008.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigation report should be forwarded to the Sheriff through the chain of command. Each level of command should review the report and include his/her comments in writing before forwarding the report. The Sheriff may accept or modify any classification or recommendation for disciplinary action. Forms of discipline include, but are not limited to, training, counseling and punitive action.

Personnel Complaints

1008.10.1 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Sheriff or the authorized designee should ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (ORS 181A.830).

If the complaint is related to profiling, the complainant shall be notified in writing with a statement of the final disposition within a reasonable time after the conclusion of the investigation (ORS 131.920).

1008.10.2 NOTICE REQUIREMENTS

If an investigation of a deputy of this office results from a complaint, the Office may disclose to the complainant the disposition of the complaint and if necessary provide a written summary of the information obtained in the investigation (ORS 181A.830).

1008.11 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1008.12 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement and/or personnel rules.

1008.13 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Sheriff or the authorized designee.

Any probationary period may be extended at the discretion of the Sheriff in cases where the individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate.

1008.14 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Files Policy.

1008.15 DEPARTMENT OF PUBLIC SAFETY STANDARDS AND TRAINING COMPLAINTS

Complaints received from the Department of Public Safety Standards and Training (DPSST) that involve deputies or dispatchers will be investigated as outlined in this policy. The Sheriff or the authorized designee is responsible for notifying DPSST of the disposition of the complaint (OAR 259-008-0400).

Safety Belts

1009.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of safety belts and child restraints. This policy will apply to all members operating or riding in office vehicles.

1009.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1009.2 POLICY

It is the policy of the Columbia County Sheriff's Office that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1009.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this office, while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained (ORS 811.210).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a safety belt would endanger the office member or the public. Members must be prepared to justify any deviation from this requirement.

1009.4 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any office vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by safety belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints. In unusual circumstances where it is unsafe or impractical to do so, prisoners may be transported without the use of safety belts (ORS 811.215(6)).

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1009.5 INOPERABLE SAFETY BELTS

Office vehicles shall not be operated when the safety belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the safety belt is inoperable.

Office vehicle safety belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Sheriff.

Safety Belts

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1009.6 TRANSPORTING CHILDREN

A child restraint system should be used for all children of an age, height or weight for which such restraints are required by law (ORS 811.210).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of safety belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

1009.7 VEHICLES MANUFACTURED WITHOUT SAFETY BELTS

Vehicles manufactured and certified for use without safety belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1009.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1010.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1010.2 POLICY

It is the policy of the Columbia County Sheriff's Office to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1010.3 ISSUANCE OF BODY ARMOR

Each Division Commander shall ensure that body armor is issued to all deputies, including Corrections Deputies in their respective divisions, when the deputy begins service at the Columbia County Sheriff's Office and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

Each Division Commander shall establish a body armor replacement schedule for deputies under their command and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1010.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Deputies shall only wear office-approved body armor.
- (b) Deputies shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Deputies may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when a deputy is working in uniform or taking part in office range training.
- (e) A deputy may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1010.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body

Body Armor

armor should be conducted by an authorized designee for fit, cleanliness and signs of damage, abuse and wear.

1010.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1010.4 RANGEMASTER RESPONSIBILITIES

The Rangemaster should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to office-approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.
- (c) Provide training that educates deputies about the safety benefits of wearing body armor.

 - 2. Any member response shall be attached to and retained with the original adverse comment.
 - 3. If a member refuses to initial or sign an adverse comment, at least one supervisor should note the date and time of such refusal on the original comment (ORS 652.750). Such a refusal, however, shall not be deemed insubordination, nor shall it prohibit the entry of the adverse comment into the member's file.
- (g) Commendations and awards.
- (h) Any other information, the disclosure of which would constitute an unwarranted invasion of personal privacy.

1011.4 DIVISION FILE

Specific Division files may be separately maintained internally by a member's supervisor for the purpose of completing timely performance evaluations. 1011.8.1 RELEASE OF PERSONNEL INFORMATION

Personnel records of a deputy who was employed at any time by the Office shall be released to a requesting law enforcement agency for the purposes of preemployment review (2020 Oregon Laws, c.7, § 4).

Except as provided by the Records Maintenance and Release Policy or pursuant to lawful process, no information about a personnel investigation of a deputy that does not result in discipline contained in any personnel file shall be disclosed to any unauthorized member or other persons unless (ORS 181A.830(4)):

- (a) The deputy consents to disclosure in writing.

1011.9 BRADY MATERIAL IN PERSONNEL FILES

The purpose of this section is to establish a procedure for releasing potentially exculpatory information (Brady material) contained within personnel files.

If an employee is a material witness in a criminal case, and a Brady issue is raised as part of the case, a person or persons designated by the Sheriff may examine the subject deputy's personnel file to determine whether it contains Brady material.

Brady material includes all material evidence and facts that are reasonably believed to be exculpatory to any individual in a case (to impeach a witness, for example). Evidence or facts are considered material if there is a reasonable probability that they may affect the result of any criminal proceeding, including sentencing. If potential Brady material is located, the prosecuting attorney shall be notified.

Because a determination of what is or is not Brady material will often require legal or even judicial review, any questions should be resolved by the prosecuting attorney.

Prior to the release of any materials pursuant to this process, the custodian of records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.

1011.10 MEMBERS ACCESS TO THEIR OWN PERSONNEL RECORDS

A member or former member may request to review his/her personnel file. The request should be made to the appropriate Division Commander. The Division Commander should ensure that the member is provided a reasonable opportunity to review their personnel file or, if requested, receive a certified copy of the records as provided in ORS 652.750.

If a deputy believes that any portion of the material is mistakenly or unlawfully placed in the deputy personnel record, the deputy may submit a written request to the Sheriff that the mistaken or unlawful material be corrected or deleted. The request must describe the corrections or deletions requested and the reasons supporting the request and provide any documentation that supports the request. The Sheriff must respond within 30 days from the date the request is received. If the Sheriff chooses not to make any changes, the Sheriff shall ensure that a written response to the request is made. The Sheriff shall ensure that the request and response is placed in the deputy's personnel record (ORS 652.750).

Members may be restricted from accessing files containing any of the following information:

- (a) An ongoing internal affairs investigation to the extent that it could jeopardize or compromise the investigation pending final disposition or notice to the member of the intent to discipline.
- (b) Confidential portions of internal affairs files that have not been sustained against the member.
- (c) Criminal investigations involving the member.
- (d) Letters of reference concerning employment/appointment, licensing or issuance of permits regarding the member.

- (h) Records relevant to any other pending claim between the Sheriff's Office and the member that may be discovered in a judicial proceeding.

1011.11 RETENTION AND PURGING

Unless otherwise noted, personnel records shall be retained for a minimum of 10 years after separation and in accordance with the established records retention schedule (2020 Oregon Laws, c.7, § 4).

- (a) During the preparation of each member's performance evaluation, all personnel complaints and disciplinary actions should be reviewed to determine the relevancy, if any, to progressive discipline, training and career development. Each supervisor responsible for completing the member's performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.
- (b) If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained through the chain of command from the Sheriff.
- (c) If, in the opinion of the Sheriff, a personnel complaint or disciplinary action maintained beyond the required retention period is no longer relevant, all records of such matter may be destroyed in accordance with the established records retention schedule.

This policy regarding meals and breaks, insofar as possible shall conform to the policy governing all County employees that has been established by the County and Sheriff's Office Administration .

1014.1.1 MEAL PERIODS

Sworn employees, Corrections Technicians, temporary employees working in a Patrol Deputy, Corrections Deputy or Corrections Technician function, and Reserve Deputies working in a Patrol Deputy, Corrections Deputy or Corrections Technician function shall remain on duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor. Patrol Deputies and Supervisors who are in-service and change their status with dispatch to being out on a meal break, shall notify dispatch of the location where they will be taking their meal break. Deputies who remain in service while eating a meal are not required to notify dispatch.

The time spent for the meal period shall not exceed the authorized time allowed.

1014.1.2 15 MINUTE BREAKS

Each employee is entitled to a 15 minute break, near the midpoint, for each four-hour work period. Only one 15 minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Employees normally assigned to the sheriff's facility shall remain in the sheriff's facility for their breaks. This would not prohibit them from taking a break outside the facility if on official business.

Field deputies will take their breaks in their assigned areas, subject to call and shall monitor their radios.

Lactation Break Policy

1015.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to members desiring to express breast milk for the member's infant child.

1015.2 POLICY

It is the policy of this office to provide reasonable break time and appropriate facilities to accommodate any member desiring to express breast milk for her nursing child 18 months or younger in compliance with state law and the Fair Labor Standards Act (29 USC § 207 and ORS 653.077).

1015.3 LACTATION BREAK TIME

A rest period should be permitted each time the member has the need to express breast milk (29 USC § 207; OAR 839-020-0051). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods. While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid.

Members desiring to take a lactation break shall notify Dispatch or a supervisor prior to taking such a break and such breaks may be reasonably delayed if they would seriously disrupt office operations.

Once a lactation break has been approved, the break should not be interrupted except in emergency or exigent circumstances.

1015.4 PRIVATE LOCATION

The Office will make reasonable efforts to provide lactating members with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from coworkers and the public (29 USC § 207).

Members occupying such private areas shall either secure the door or otherwise make it clear that the area is occupied with a need for privacy. All other members should avoid interrupting a lactating member during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.

1015.5 STORAGE OF EXPRESSED MILK

Any member storing expressed milk in any authorized refrigerated area within the Office shall clearly label it as such and shall remove it when the member's shift ends.

Payroll Records

1016.1 PURPOSE AND SCOPE

This policy provides the guidelines for completing and submitting payroll records of office members who are eligible for the payment of wages.

1016.2 POLICY

The Columbia County Sheriff's Office maintains timely and accurate payroll records.

1016.3 RESPONSIBILITIES

Members are responsible for the accurate and timely submission of their payroll records for the payment of wages.

Supervisors are responsible for approving the payroll records for those under their commands.

1016.4 TIME REQUIREMENTS

Members who are eligible for the payment of wages are paid on a scheduled, periodic basis, generally on the same day or date each period, with certain exceptions, such as holidays. Payroll records shall be completed and submitted to Support Services as established by the County payroll procedures.

1016.5 RECORDS

The Support Services Division Commander shall ensure that accurate and timely payroll records are maintained as required by 29 CFR 516.2 for a minimum of three years (29 CFR 516.5).

Overtime Compensation Requests

1017.1 PURPOSE AND SCOPE

It is the policy of the Office to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Collective Bargaining Agreement (CBA), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a Request for Overtime Payment as soon as practical after overtime is worked.

1017.1.1 DEPARTMENT POLICY

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time for the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed a maximum accrual of 80 hours of compensatory time.

1017.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Support Services Manager. Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1017.2.1 EMPLOYEES RESPONSIBILITY

Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor or the Division Commander. Employees submitting overtime cards for on-call pay when off duty shall submit cards to their immediate supervisor or the Division Commander the first day after returning for work.

1017.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time claimed in an overtime status. In some cases, the Collective Bargaining Agreement provides that a minimum number of hours will be paid.

1017.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Overtime Compensation Requests

<u>TIME WORKED</u>	<u>INDICATE ON CARD</u>
1 to 15 minutes	.25 hour
16 to 30 minutes	.50 hour
31 to 45 minutes	.75 hour
46 to 60 minutes	1.0 hour

1017.3.2 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other deputy, the Shift Supervisor or other approving supervisor may require each employee to include the reason for the variation on the back of the overtime payment request.

Outside Employment

1018.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for office employees engaging in outside employment, all employees shall obtain written approval from the Sheriff prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Sheriff in accordance with the provisions of this policy.

1018.1.1 DEFINITIONS

Outside Employment - Any member of this office who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this office for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this office for services, product(s) or benefits rendered.

Outside Overtime - Any member of this office who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this office so that the Office may be reimbursed for the cost of wages and benefits.

1018.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Sheriff. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must write a memorandum to the sheriff, which shall be submitted to the employee's immediate supervisor. The memorandum will then be forwarded through channels to the Sheriff for consideration (see the attachment below for the proper memorandum format)

If approved, the employee will be provided with a memorandum from the Sheriff designating the duration period for the granted permission for outside employment. Unless otherwise indicated in writing in the memorandum, a permit will be valid through the end of the calendar year in which the outside employment is approved. Any employee seeking to renew the request shall submit a new memorandum in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason (by memorandum) for the denial of the application at the time of the denial.

[See attachment: OffDutyEmploymentRequest MEMO_Go-By.pdf](#)

1018.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's Outside Employment request is denied or withdrawn by the Office, the employee may file a written notice of appeal to the Sheriff within ten days of the date of denial.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Outside Employment

If the employee's appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Collective Bargaining Agreement (CBA).

1018.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any permission for outside employment may be revoked or suspended under the following circumstances:

- (a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Sheriff may, at his or her discretion, revoke any previously approved outside employment. That revocation will stand until the employee's performance has been reestablished at a satisfactory level and a new memorandum requesting outside employment is submitted through the chain of command.
- (b) Suspension or revocation of previously approved outside employment may be included as a term or condition of sustained discipline.
- (c) If, at any time during the period of permitted outside employment, an employee's conduct or outside employment conflicts with the provisions of department policy, the permission may be suspended or revoked.
- (d) When an employee is unable to perform at regular duty capacity due to an injury or other condition, any previously approved outside employment may be subject to similar restrictions as those applicable to the employee's regularly assigned duties until the employee has returned to regular duty status.

1018.3 PROHIBITED OUTSIDE EMPLOYMENT

The Office expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which:

- (a) Involves the employee's use of office time, facilities, equipment or supplies, the use of the office badge, uniform, prestige or influence for private gain or advantage
- (b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this office for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this office
- (c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this office
- (d) Involves time demands that would render performance of the employee's duties for this office less efficient

Occupational Disease and Work-Related Injury Reporting

1019.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, mental health issues and work-related injuries.

1019.1.1 DEFINITIONS

Definitions related to this policy include:

Occupational disease or work-related injury - An accidental injury or any disease or infection arising out of and in the course of employment that requires medical services or results in disability or death. The occupational disease (including a mental disorder) must be caused by substances or activities to which the member would not ordinarily be subjected or exposed except during employment with the Columbia County Sheriff's Office (ORS 656.005(7); ORS 656.802).

1019.2 POLICY

The Columbia County Sheriff's Office will address occupational diseases, mental health issues and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (ORS 656.001 et seq.).

1019.3 RESPONSIBILITIES

1019.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate. The member may choose a medical service provider, attending physician or authorized nurse practitioner for medical care (OAR 436-060-0010).

1019.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate. The supervisor shall provide every injured member with a Report of Job Injury or Illness form (Form 801) immediately upon the request of the member or his/her attorney, or upon receiving notice or knowledge of an accident that may involve a compensable injury (ORS 656.265; OAR 436-060-0010).

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

The Oregon Occupational Safety and Health Administration (OR-OSHA) requires notification be made to them in a timely manner anytime an employee of this organization is admitted to a hospital (not just treated and released) as a result of a work-related incident, or an employee dies as a result of a work-related incident. In either eventuality, the supervisor shall notify the Director of the Human Resources as soon as is practicable.

Columbia County Sheriff's Office

Columbia County Sheriff's Office Policy Manual

Occupational Disease and Work-Related Injury Reporting

1019.3.3 DIVISION COMMANDER RESPONSIBILITIES

The Division Commander who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Sheriff, the County's risk management entity and the Support Services Division Commander to ensure any required Oregon Occupational Safety and Health Administration (OR-OSHA) reporting is made as required in the injury and illness prevention plan identified in the Illness and Injury Prevention Policy.

Claims shall be reported to the office's insurer no later than five days after notice or knowledge of any claim or accident that may result in a compensable injury (OAR 436-060-0010).

1019.3.4 SHERIFF RESPONSIBILITIES

The Sheriff shall review and forward copies of the report to the Department of Human Resources. Copies of the report and related documents retained by the Office shall be filed in the member's confidential medical file.

A copy of the completed form shall be forwarded to the appropriate Division Commander through the chain of command and a copy sent to the County Human Resources Director.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1019.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1019.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Sheriff with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Sheriff. The purpose of such notice is to permit the County to determine whether the offered settlement will affect any claim the County may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the County's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, County rules, current collective bargaining agreements or memorandums of understanding. For example, nothing in this policy affects the obligation of the Office to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1025.2 POLICY

Subject to operational considerations, the Columbia County Sheriff's Office may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Office with a productive employee during the temporary period.

1025.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the Oregon Family Leave Act (OFLA) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Columbia County Sheriff's Office shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Office. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Sheriff or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this office be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Columbia County Sheriff's Office will carefully balance the individual employee's rights against the office's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

Line-of-Duty Deaths

1028.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Columbia County Sheriff's Office in the event of the death of a member occurring in the line of duty and to direct the Sheriff's Office in providing proper support for the member's survivors.

The Sheriff may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1028.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing their assigned duties.

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1028.2 POLICY

It is the policy of the Columbia County Sheriff's Office to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this office to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1028.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the appropriate Division Commander and Dispatch.
 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the PIO section of this policy).
- (b) The On-duty or On-call Supervisor should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable. Notification shall be made to the Human Resources Director as soon as is practicable.

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

- (a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes and other locations, as appropriate.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Investigators from other agencies may be assigned to work on any criminal investigation related to line-of-duty deaths. Chapter 11 - Civil Process Services

Restraining Orders

1100.1 RECEIPT AND SERVICE OF RESTRAINING ORDERS

Restraining orders are documents that can only be served personally. When receiving restraining orders, the Sheriff's Office needs to be given at least two certified true copies. One copy is for service and the other is for records to enter the order into LEDS. The Civil deputy should always check the copies they receive for service to ensure that they are complete copies. In order to perform a legal service, a copy must be certified as a true copy. It must include the petition filled out by the plaintiff, the order signed by the judge, and the notice to respondent. The notice to respondent explains the order and contains the paperwork to request a hearing. In general, when serving restraining orders, the Civil Process Unit shall assure that:

- (a) Restraining orders must be attempted every business day for 10 days. If they can not be served by then, the office will send out a "10-day letter". These can also be sent out before the 10 days has passed, if the civil deputy determines the address given is no longer valid. The letter is sent to the petitioner and gives them a chance to respond within 10 days to give us any additional information. If the office does not receive any new information, the restraining order is put into a permanent file to be kept for one year. Restraining orders can be served at any time within the year that they are valid (one year from the date that the judge signed it).
- (b) As soon as a Restraining Order is served and the scene is cleared, the deputy will call the Records Division. Records will ask the deputy for information on the service so they can immediately enter it into LEDS. They will also ask for the deputy's DPSST number as well as the address and time of service. The Deputy will note on the case jacket the name of the Records Clerk that they spoke to. Once a restraining order has been served, a proof of service needs to be completed and sent to Records to go along with the LEDS entry. A restraining order that has been served by a law enforcement officer is immediately enforceable even if it has not yet been entered into LEDS. Civil Unit Civil deputy must complete an Affidavit Proof of Service and deliver it to Records no later than the end of their shift.
- (c) The Civil Deputy then makes two copies of the original affidavit. These copies are stamped and signed as a True Copy. One true copy affidavit is to be attached to a true copy of the restraining order and taken immediately to the records division for LEDS entry. The original affidavit, and the 2nd true copy affidavit, is attached to the "court copy" of the restraining order and to the case jacket - these are to be placed in the Civil Documents Basket in the Civil Deputy Office.
- (d) The case jacket will be filed in the office permanent record. The true copy of the affidavit is mailed to the petitioner as notification of service. The "court copy" of the R/O and the original affidavit are returned to the issuing court to document the service.

1100.2 OUT OF STATE DOCUMENTS

Any out of state document must be served personally, by default, unless special instructions are given by the issuing jurisdiction detailing what other forms of service are allowed by their state.

Columbia County Sheriff's Office

Restraining Orders

1100.3 SERVICE OF RESTRAINING ORDERS IN COLUMBIA COUNTY ONLY

The Columbia County Sheriff's Office Civil Process Services Unit shall comply with the state law under ORS 107.700 to 107.735, which requires the Sheriff to attempt to serve restraining orders on residents living within Columbia County.:

- (a) Upon receipt of a restraining order for service on a respondent who is a resident of Columbia County, the Columbia County Sheriff's Office will attempt personal service of the restraining order and will issue the order into LEDS and NCIC when served. Proof of service will be made in accordance with Oregon law.
- (b) Upon receipt of a restraining order for service on a respondent who is not a resident of Columbia County, the Columbia County Sheriff's Office will notify the issuing Court that it will not attempt service on the respondent or enter the order in LEDS or NCIC. Such restraining orders are not filed with the Columbia County Sheriff. The issuing Court shall send the restraining order to the County in which the respondent resides for service and entry into LEDS and NCIC.
- (c) Upon receipt of a restraining order for service directly from a petitioner or petitioner's representative, the Columbia County Sheriff's Office will notify the petitioner that it will only attempt service on a respondent who resides in Columbia County. If the respondent does not live in Columbia County, petitioner shall be directed to the Court to deliver a copy of the petition and order to the Sheriff of the County in which respondent resides.
- (d) The Columbia County Sheriff's Office will not forward restraining orders to the Sheriff of the County in which the respondent resides. It is responsibility of the issuing Court to deliver a true copy of the petition and order to the Sheriff of the County in which the respondent resides. The Columbia County Sheriff's Office will not forward restraining order modifications or terminations to the Sheriff's Office in the County where the original Order was filed. The issuing Court shall deliver all such modifications and terminations directly to the Sheriff's Office in the County where the Order was filed and entered into LEDS and NCIC.
- (e) The Sheriff's Office shall document the receipt of restraining orders, modifications, terminations and communications with the Courts and petitioners for a period of two years.

1100.4 CIVIL DEPUTY

The Sheriff's Office Civil Deputy, when on-duty, is the primary employee assigned to serve and execute civil papers. Other staff may be called upon to assist the Civil Deputy when:

- (a) More than one employee is needed for logistical or officer safety purposes
- (b) Ease or convenience of the public or office efficiency needs call for a different employee to make service
- (c) The civil deputy is not on duty.

TO: Jeff Dickerson
Sheriff

FROM: Deputy John Doe
Corrections Division

SUBJECT: Request for Permission to Work in Outside Employment

Please consider this my request to engage in employment outside my duties at the sheriff's office. This request is unrelated to my official duties at the sheriff's office and will in no way demonstrate a conflict of interest to my duties here.

This outside employment is not with a law enforcement agency.

My proposed outside employment involves working for the family business—the XYZ Widget Company— on an as-available basis. My duties would involve answering phones, taking phone orders and providing customer assistance only on those days or hours where I am not engaged in my employment at the Sheriff's Office.

My proposed off-duty employment hours will not prevent me from focusing on, or being properly rested to perform my duties at the Sheriff's Office.
